

## 2nd Grade Unit 1 Wonders Mcgraw Rcmon

Paths to College and Career Jossey-Bass and PCG Education are proud to bring the Paths to College and Career English Language Arts (ELA) curriculum and professional development resources for grades 6–12 to educators across the country. Originally developed for EngageNY and written with a focus on the shifts in instructional practice and student experiences the standards require, Paths to College and Career includes daily lesson plans, guiding questions, recommended texts, scaffolding strategies and other classroom resources. Paths to College and Career is a concrete and practical ELA instructional program that engages students with compelling and complex texts. At each grade level, Paths to College and Career delivers a yearlong curriculum that develops all students' ability to read closely and engage in text-based discussions, build evidence-based claims and arguments, conduct research and write from sources, and expand their academic vocabulary. Paths to College and Career's instructional resources address the needs of all learners, including students with disabilities, English language learners, and gifted and talented students. This enhanced curriculum provides teachers with freshly designed Teacher Guides that make the curriculum more accessible and flexible, a Teacher Resource Book for each module that includes all of the materials educators need to manage instruction, and Student Journals that give students learning tools for each module and a single place to organize and document their learning. As the creators of the Paths ELA curriculum for grades 6–12, PCG Education provides a professional learning program that ensures the success of the curriculum. The program includes: Nationally recognized professional development from an organization that has been immersed in the new standards since their inception. Blended learning experiences for teachers and leaders that enrich and extend the learning. A train-the-trainer program that builds capacity and provides resources and individual support for embedded leaders and coaches. Paths offers schools and districts a unique approach to ensuring college and career readiness for all students, providing state-of-the-art curriculum and state-of-the-art implementation.

Differentiated text for on grade level learners.

"Wonders, a comprehensive K-6 ELA/ELD program, is designed to meet the challenges of today's classroom and reach all learners. A wealth of research-based print and digital resources provide unmatched support for building strong literacy foundations, accessing complex texts, engaging in collaborative conversations, and writing to sources"--Publisher.

Differentiated text for one grade below level learners.

Differentiated text for one grade above level learners.

Texas Wonders is designed to foster a love of reading in all children. Through exploration of texts and daily development of their skills as readers, writers, speakers, and active listeners, students experience the power of literacy. Our focus on teaching the whole child, and every child, prepares students to be lifelong learners and critical thinkers. ?

"Reading Wonders is the first and only reading program designed specifically for the Common Core State Standards for Reading/Language Arts. Combining research-based instruction with new tools to meet today's challenges, every component and every lesson is designed for effective and efficient CCSS instruction"--
