The catalog not only includes complete Bibles, but also Old and New Testaments, partial texts, commentaries that include translations, children's "Bibles," Apocryphal writings, and the "Koran," as well. Other bibliographies are usually limited to editions commonly found in academic libraries, but Chamberlin's guide also includes Bibles found in private collections. Overall, this catalogue contains more than five times as many entries of different English translations as two other "Bible" bibliographies, those by Hill and Herbert, combined. The entries are grouped in 151 categories, and within each category entries are listed in chronological order. The accompanying annotations identify the translator and provide an overview of the contents of each work. The detailed indexes make this bibliography a convenient tool for researchers.
