"Buying and selling a business is a challenging process. It involves rituals and interactions that are sometimes eerily similar to the courtship dynamic between a human couple. While many business courtships end in an economic marriage, plenty of others fail and for a variety of reasons. Many unsuccessful business negotiations could have made sense, but ultimately floundered, because negotiations went badly awry at some crucial point. CCH's brand-new Practical Guide to Mergers, Acquisitions and Business Sales by seasoned business transaction attorney and author, Joseph B. Darby III, J.D., not only explains the tax aspects of buying and selling a business, but examines the special art of closing major business transactions successfully through an understanding of the tax consequences of the deal. ; There also are two other parties with a major economic stake in a business merger, acquisition or sale: the federal government and (usually at least one) state government. The role of a tax adviser on an business acquisition transaction is to make everyone aware that there are two "silent partners" in the room at all times and that the Buyer and Seller have a common interest in cutting the silent partners out of the deal or reducing their take.
