"Passionate Spirituality explores the roots and meanings of passion in Western culture, and then examines how passion is expressed in the works of two medieval women mystics - Hildegard of Bingen and Hadewijch of Brabant - and in the lives of contemporary Christians seeking to deepen their own spiritual journeys. Too often, the term 'passion' is associated only with steamy films, sexual, sin, and emotional excess - cutting off the breadth of its meaning and expression for positive good. But the great mystics succeed precisely because they hold together both the affective and the intellectual aspects of the spiritual life in creative and convincing ways. Their accounts of their mystical experience are important resources for information and understanding about how to talk about God more formally, and for what it means to be passionately in love with God and the world."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. We English, supposedly cold and unemotional, are helplessly in love with nature. We fell in love two hundred years ago and, since then, have been on a wild roller-coaster ride through escapism, romanticism, art, animal cruelty, conservation, birdwatching, the back-to-nature movement and much more. Today we live with pets, gardening, wildlife documentaries and smartphone apps. *The English Love Affair with Nature* tells the story of this extraordinarily long, tangled and passionate romance, how we fell in love, and why we are still mad about nature. *Medical Hypnosis—Your Secret Ingredient for Achieving Your Perfect Weight* If you've ever been on a diet, you know that planning your menu is not the hard part—sticking to that plan is. But what if you had a way to change your cravings and state of mind with the power of deep relaxation? Now with *The Self-Hypnosis Diet*, you'll learn how to use clinically proven methods of self-hypnosis to unlearn old eating patterns, and create new and lasting behaviors for succeeding with a healthy diet.

Samuel Richardson's *Clarissa* illustrates this shift because it proves the inefficacy of the control imposed from the outside and advocates the necessity of placing responsibility onto the letter writer tutored in decorum by conduct books. *Clarissa* commits a "sin of communication" that leads to her "ruin" and death because she has disregarded the guidelines for safe correspondence provided by conduct-book writers. *Clarissa* reflects the gradual substitution of the letter as a means of transgression to the letter as a means of control and manipulation.

David Bodanis presents this history of the turbulent love affair that fired the Enlightenment's intellectual revolution.

This second edition reproduces the whole of the original French text. It has been revised by the author and includes fresh material, in particular the section dealing with the Cathars, the troubadours and the Tristan legend has been largely rewritten, and de Rougemont regards this as the heart of the present version. There is also a new chapter based on the author's observations during his residence in the United States. It has been described as "The History of the Rise and Fall of the Love Affair." The problem with which the book deals is one that stands at the very heart of our lives. Its theme is a paradox presented by the universal acceptance of marriage on the one hand, and on the other hand the enthralling attraction of romance and passionate love that is outside marriage and socially and legally frowned upon. It begins by an examination of the legend of Tristan and Isolde, its origins in folklore, its developments in medieval literature, its relation to the Doctrine of Love of the Provençal poets, its exploitation by Wagner. It compares the erotic language of Oriental poetry with that of Europe, and examines the parallels between human passion and mystical experience. It examines the difference between figures such as Don Juan and the Marquis de Sade, and discusses such matters as our contemporary attitude toward divorce, the Hollywood Ideal, eugenics, and the substitution of collective passion for individual passion in the totalitarian urge toward war. In conclusion, the de Rougemont points to the final degradation of the myth and gives his verdict in favor of marriage--From publisher description.

National identity is not some naturally given or metaphysically sanctioned racial or territorial essence that only needs to be conceptualised or spelt out in discursive texts; it emerges from, takes shape in, and is constantly defined and redefined in individual and collective performances. It is in performances—ranging from the scenarios of everyday interactions to 'cultural performances' such as pageants, festivals, political manifestations or sports, to the artistic performances of music, dance, theatre, literature, the visual and culinary arts and more recent media—that cultural identity and a sense of nationhood are fashioned.

National identity is not an essence one is born with but something acquired in and through performances. Particularly important here are intercultural performances and transactions, and that not only in a colonial and postcolonial dimension, where such performative aspects have already been considered, but also in inner-European transactions. 'Englishness' or 'Britishness' and Italianità, the subject of this anthology, are staged both within each culture and, more importantly, in joint performances of difference across cultural borders. Performing difference highlights differences that 'make a difference'; it 'draws a line' between

self and other—boundary lines that are, however, constantly being redrawn and renegotiated, and remain instable and shifting. A love affair and escape from reality for two people that are infatuated with one another. Naughtiness and passion, teasing and tantalising. A novella that tells the story of one woman's experiences with her lover. She has secrets, she has a darkness and she is an enigma. Her lover takes her body and mind to places that she could only dream of. This woman thinking and wanting what so many of us do in real life, if we are all honest, maybe we would like to try and experience different types of pleasures. Pleasures that are taboo and seen as dirty. Will her secrets and past catch up with her! This is the first book of The Love Affair Trilogy and things will only get darker and more passionate. A gentle start to a world of secrets, dirty desires and naughtiness.

Who among us has not at some point asked, what is the meaning of life?' In this extraordinary book, an eminent social scientist looks at the big picture and explores what empirical studies from diverse fields tell us about the human condition. MEANINGS OF LIFE draws together evidence from psychology, history, anthropology, and sociology, integrating copious research findings into a clear and conclusive discussion of how people attempt to make sense of their lives. In a lively and accessible style, emphasizing facts over theories, Baumeister explores why people desire meaning in their lives, how these meanings function, what forms they take, and what happens when life loses meaning. It is the most comprehensive examination of the topic to date.

As soon as Eric proposed to Cynthia, she began planning an extravagant wedding ceremony she knew would be the talk of the town for months, if not years to come. But in the midst of planning for the big day, glaring relationship issues began to surface. The intense drama between them justified postponing the wedding, which was a wise thing to do. Instead of walking down the church aisle headed for the altar, they found themselves reluctantly walking down a long hallway leading to the office of a spiritual life coach. During the sessions unresolved hurts and unanswered questions stemming from their childhoods slowly emerged. I invite you to read and observe the process as they receive emotional healing. A healing workbook is included as an addendum if you choose to embark upon your own journey of healing. My prayer is that you come to know the One who promises you... "A Love Affair for Life."

This book analyses the romantic drama and the way that passionate love is presented as the central storyline in popular cinema, drawing upon genre studies and sociology. Exploring the passionate love story as a cinematic form, it also contributes, through comparison, to research on the romantic comedy.

"True love is never-ending. It does not refuse or inflict punishment, it does not withdraw or have temper tantrums, and it does not punish. Love always is, and it always emits the same high frequency of absolute, unconditional caring and offering, of growing and creation." — Ananda We think we know what love is, but in Love and a Map to the Unaltered Soul, we are challenged to broaden our definition and free ourselves from constraints we never realized we had. In these pages, you will learn that love is a process of climbing your ladder of consciousness. Through Tina Louise Spalding, Ananda, Jesus, and Mary Magdalene give practical instruction and examples on how to find and keep love at the center of your life.

The Passionate Statesman explores the intersection of passion and politics in Plutarch's Parallel Lives, with special emphasis on how he represents the influence of *erōs*, or erotic desire, on the careers of some of the most prominent statesmen from Greco-Roman antiquity. Using Aristotle's notion of friendship and Plato's conception of the soul to describe the ideal marriage as based on a mutual love of character (*philia*), supported by an enduring erotic attraction, Beneker examines how Plutarch applied his system of ethics both to his reading of history and to his writing of biography. With close readings focusing on the three pairs of biographies from Parallel Lives, namely the Greek kings (Alexander the Great, Demetrius 'the besieger', and Agesilaus) and Roman statesmen (Julius Caesar, Pompey, and Marc Antony), the book draws a general conclusion about how Plutarch uses the narration of his subjects' private erotic affairs to interpret their historical deeds.

The scandalous debauchery of the playboy tenth Earl of Shaftesbury sent seismic shock waves through the British aristocracy. One of the richest men in the country, he abandoned his loyal wife and two sons for a depraved life of drunken orgies, cocaine and bed-hopping in the South of France. His riotous romp plumbed the depths when he divorced

the mother of his children to marry a foreign prostitute, whom he treated lavishly. Within two years, however, he was planning to divorce her to install another from his stable of swingers as Countess and chatelaine of his Dorset mansion and estates. But ugly fate caught up with him. After being reported missing in November 2004, his skeletal remains were found several months later among household rubbish in what had once been a beauty spot on the ritzy French Riviera. The Countess and her psychopath brother were convicted of the premeditated murder, committed in a desperate attempt to retain the titled status and a lion's share of the inheritance before the Earl had changed his will. The full, tawdry story has never been told - until now. People privy to the Earl's darkest secrets have been tracked down and have filled in vital gaps never revealed or published before. In this meticulously researched book, the author has unearthed truths beyond the most warped imagination. This is the shocking true account of how an ancient and distinguished aristocratic family found its reputation blackened almost beyond repair.

God didn't create marriage to frustrate us, test us, or to make us feel unworthy or inadequate. He created marriage to be the most fulfilling and sacred of all human covenants. It was designed to be passionate and rewarding and to meet our deepest needs and desires. And it was meant to last a lifetime. So how do you build an indestructible marriage that is filled with passion, purpose, and excitement? In *Lifelong Love Affair*, Jimmy Evans shows couples how to embrace God's dream for their marriage, cultivate romance and fun, and fulfill each other's spiritual, emotional, and sexual needs. With more marriages today ending in divorces than ever before, and more young people cohabiting rather than getting married, the message of this book is sorely needed. Any married couple and anyone considering marriage will find *Lifelong Love Affair* an essential tool they will turn to again and again for inspiration and strength. Foreword by Drs. Les and Leslie Parrott.

A Priest falls in love with a married parishioner who is being abused by her older husband. Her husband then seeks revenge on the priest.

A native of Chicago, Illinois, she moved to California in her early 20's. After her arrival in California, the closeted writing habits continued. Writing in secret, whenever possible, allowed S. E. to write a collection of poetry, articles, scripts and short stories. Many years later, after timidly venturing out of the closet, she showed a friend a small book she had written. She was encouraged to expand the story, and *Flames* began to take form. This fictional tale is the prelude to the novel which will be released at a later date.

In *A Woman of Passion*, Julia Briggs chronicles the life of author Edith Nesbit who is credited with being the first modern writer for children and the creator of the children's adventure story. Nesbit recorded her life with varying degrees of honesty in verse and prose, and while she seldom wrote entirely openly of her own experiences, she seldom wrote convincingly of anything else. In this fascinating read, Julia Briggs attempts to fill in the gaps of Nesbit's autobiographical material, painting an intriguing portrait of the famous author.

This groundbreaking study has been widely hailed for its focus on a human emotion generally considered impervious to rational analysis: romantic, passionate love. Ethel Person views romantic love as a powerful agent of change, arguing that it is as central to human culture as it is to human existence. This new edition of *Dreams of Love and Fateful Encounters* emphasizes the relevance of passion not only to lovers but also to mental health professionals whose patients often enter treatment because of love-related issues -- from the inability to love or make a commitment to the perils of extramarital love to love sickness or loss of love. She forthrightly addresses not only the power of love to unlock the soul but also its inherent paradoxes and conflicts. Employing a philosophical perspective in order to understand the existential dilemmas posed by love, and a cultural perspective in order to understand its cultural variability, Dr. Person breaks with contemporary intellectual and philosophical dismissive assumptions about romantic love. She acknowledges love's vital importance and power, proposing that passion serves an important function not only for the individual but also for the culture while charging psychoanalysis with a reductionist emphasis on sexuality and psychopathology that has narrowed the focus of inquiry into love. Among the issues she discusses are: romantic love's sources in our early lives, its relationship to imagination and creativity, and its capacity to enable the lover to transcend the self how romantic love often demands a reordering of values and promotes personal growth by exposing the self to new risks and possibilities the transformational potential of transference love in the therapy process flaws in the common misperception that women are more influenced by romantic love than men considerations of homosexual love, love across generations, and love triangles, focusing on the individual growth that can result from such relationships Citing accounts of love drawn from literature,

film, and real life, Person focuses on the lover's internal soliloquy and external dialogue with the beloved that can develop over an individual's life. An uplifting resource for people experiencing failing or unorthodox romances, *Dreams of Love and Fateful Encounters* boldly takes on issues pertinent to lovers, to professionals who encounter patients for whom key conflicts revolve around romantic love, and to anyone who has struggled to understand the importance of romantic love in his or her own life. The work of The Golden Sufi Center is to make available the teachings of the Sufi path. Based on live talks and meetings with Llewellyn Vaughan-Lee, this is an introduction to the passion and wisdom of the Sufi path of love. The call of the heart and how it draws us back to divine union is one of mankind's greatest secrets, and for the Sufi, this love is a fire that burns away all traces of separation. Vaughan-Lee teaches how to live this burning and describes stages of the path of love on the soul's journey home. *Love Is a Fire* includes descriptions of the "friends of God," early Sufi saints who burned with the fire of divine love, including Rumi, Ibn 'Arabi, and Rabi'a. It also introduces elements of the path and important tools that purify the wayfarer: *tauba*, the moment of the turning of the heart when the soul remembers its divine origin; *dhikr*, the central Sufi practice of remembrance of God through repetition of the name of God or a sacred phrase; meditation, a way of drowning thoughts in the fire of love; and dreamwork, a way of listening and attuning to the mystery of what is hidden within us—the stories of our deeper selves.
