“In the fall, I went for walks and brought home bones. The best bones weren’t on trails—deer and moose don’t die conveniently—and soon I was wandering so far into the woods that I needed a map and compass to find my way home. When winter came and snow blew into the mountains, burying the bones, I continued to spend my days and often my nights in the woods. I vaguely understood that I was doing this because I could no longer think; I found relief in walking up hills. When the night temperatures dropped below zero, I felt visited by necessity, a baseline purpose, and I walked for miles, my only objective to remain upright, keep moving, preserve warmth. When I was lost, I told myself stories . . .” So Charles D’Ambrosio recounted his life in Philipsburg, Montana, the genesis of the brilliant stories collected here, six of which originally appeared in *The New Yorker*. Each of these eight burnished, terrifying, masterfully crafted stories is set against a landscape that is both deeply American and unmistakably universal. A son confronts his father’s madness and his own hunger for connection on a misguided hike in the Pacific Northwest. A screenwriter fights for his sanity in the bleak corridors of a Manhattan psych ward while lusting after a ballerina who sets herself ablaze. A Thanksgiving hunting trip in Northern Michigan becomes the scene of a haunting reckoning with marital infidelity and desperation. And in the magnificent title story, carpenters building sets for a porn movie drift dreamily beneath a surface of sexual tension toward a racial violence they will never fully comprehend. Taking place in remote cabins, asylums, Indian reservations, the backloads of Iowa and the streets of Seattle, this collection of stories, as muscular and challenging as the best novels, is about people who have been orphaned, who have lost connection, and who have exhausted the ability to generate meaning in their lives. Yet in the midst of lacerating difficulty, the sensibility at work in these fictions boldly insists on the enduring power of love. D’Ambrosio conjures a world that is fearfully inhospitable, darkly humorous, and touched by glory; here are characters, tested by every kind of failure, who struggle to remain human, whose lives have been sharpened rather than numbed by adversity, whose apprehension of truth and beauty has been deepened rather than defeated by their troubles. Many writers speak of the abyss. Charles D’Ambrosio writes as if he is inside of it, gazing upward, and the gaze itself is redemptive, a great yearning ache, poignant and wondrous, equal parts grit and grace. A must read for everyone who cares about literary writing, *The Dead Fish Museum* belongs on the same shelf with the best American short fiction.

In the follow-up to her #1 bestselling memoir, *A Stolen Life*, Jaycee Dugard tells the story of her first experiences after years in captivity: the joys that accompanied her newfound freedom and the challenges of adjusting to life on her own. When Jaycee Dugard was eleven years old, she was abducted from a school bus stop within sight of her home in South Lake Tahoe, California. She was missing for more than eighteen years, held captive by Philip and Nancy Garrido, and gave birth to two daughters during her imprisonment. In *A Stolen Life* Jaycee told the story of her life from her abduction in 1991 through her reappearance in 2009. *Freedom: My Book of Firsts* is about everything that happened next. “How do you rebuild a life?” Jaycee asks. In these pages, she describes the life she never thought she would live to see: from her first sight of her mother to her first time meeting her grownup sister, her first trip to the dentist to her daughters’ first day of school, her first taste of champagne to her first hangover, her first time behind the wheel to her first speeding ticket, and her first dance at a friend’s wedding to her first thoughts about the possibility of a future relationship. This raw and inspiring book will remind you that there is, as Jaycee writes, “life after something tragic happens... Somehow, I still believe that we each hold the key to our own happiness and you have to grab it where you can in whatever form it might take.” *Freedom* is an awe-inspiring memoir about the power we all hold within ourselves.

The #1 New York Times Bestseller and inspirational memoir by Michelle Knight, whose survival story gripped the world and continues to inspire and offer hope. Michelle was a young single mother when she was kidnapped by a local school bus driver named Ariel Castro. For more than a decade afterward, she endured unimaginable torture at the hand of her abductor. In 2003 Amanda Berry joined her in captivity, followed by Gina DeJesus in 2004. Their escape on May 6, 2013, made headlines around the world. Barely out of her own tumultuous childhood, Michelle was estranged from her family and fighting for custody of her young son when she disappeared. Local police believed she had run away, so they removed her from the missing persons lists fifteen months after she vanished. Castro tormented her with these facts, reminding her that no one was looking for her, that the outside world had forgotten her. But Michelle would not be broken. In *Finding Me*, Michelle will reveal the heartbreaking details of her story, including the thoughts and prayers that helped her find courage to endure her unimaginable circumstances and now build a life worth living. By sharing both her past and her efforts to create a future, Michelle becomes a voice for the voiceless and a powerful symbol of hope for the thousands of children and young adults who go missing every year.

New York Times Bestseller • Now a Netflix Film “Rich, tragic...monumental . . . true-crime reporting at its best.”—Washington Post The bestselling account of the lives of five young women whose fates converged in the perplexing case of the Long Island Serial Killer. Now updated, with a new epilogue by the author. One late spring evening in 2010, Shannan Gilbert—after running through the oceanfront community of Oak Beach screaming for her life—went missing. No one who had heard of her disappearance thought much about what had happened to the twenty-four-year-old: she was a Craigslist escort who had been fleeing a scene—of what, no one could be sure. The Suffolk County police, too, seemed to have paid little attention—until seven months later, when an unexpected discovery in a bramble alongside a nearby highway turned up four bodies, all evenly spaced, all wrapped in burlap. But none of them Shannan’s. There was Maureen Brainard-Barnes, last seen at Penn Station in Manhattan three years earlier, and Melissa Barthelemy, last seen in the Bronx in 2009. There was Megan Waterman, last seen leaving a hotel in Hauppauge, Long Island, just a month after Shannon’s disappearance in 2010, and Amber Lynn Costello, last seen leaving a house in West Babylon a few months later that same year. Like Shannan, all four women were petite, in their twenties, and had come from out of town to work as escorts, and they all had advertised on Craigslist and its competitor, Backpage. *Lost Girls* is a portrait of unsolved murders in an idyllic part of America, of the underside of the Internet, and of the secrets we keep without admitting to ourselves that we keep them. Long considered “one of the best true-crime books of all time” (*Time*), this edition includes a new epilogue that speaks to developments in the case, including the shocking fate of Mari Gilbert, Shannan’s mother, for whom this case became the crusade of a lifetime.

Longlisted for the National Book Award for Young People's Literature! From the New York Times and USA Today bestselling author of the Shatter Me series comes a powerful, heartrending contemporary novel about fear, first love, and the devastating impact of prejudice. It's 2002, a year after 9/11. It's an extremely turbulent time politically, but especially so for someone like Shirin, a sixteen-year-old Muslim girl who's tired of being stereotyped. Shirin is never surprised by how horrible people can be. She's tired of the rude stares, the degrading comments—even the physical violence—she endures as a result of her race, her religion, and the hijab she wears every day. So she's built up protective walls and refuses to let anyone close enough to hurt her. Instead, she drowns her frustrations in music and spends her afternoons break-dancing with her brother. But then she meets Ocean James. He's the first person in forever who really seems to want to get to know Shirin. It terrifies her—they seem to come from two irreconcilable worlds—and Shirin has had her guard up for so long that she's not sure she'll ever be able to let it down.

The enemy wants us to feel rejected . . . left out, lonely, and less than. When we allow him to speak lies through our rejection, he pickpockets our purpose. Cripples our courage. Dismantles our dreams. And blinds us to the beauty of Christ's powerful love. In *Uninvited*, Lysa shares her own deeply personal experiences with rejection—from the incredibly painful childhood abandonment by her father to the perceived judgment of the perfectly toned woman one elliptical over. With biblical depth, gut-honest vulnerability, and refreshing wit, Lysa helps readers: Release the desire to fall apart or control the actions of others by embracing God-honoring ways to process their hurt. Know exactly what to pray for the next ten days to steady their soul and restore their confidence. Overcome the two core fears that feed our insecurities by understanding the secret of belonging. Stop feeling left out and start believing that "set apart" does not mean "set aside." End the cycle of perceived rejection by refusing to turn a small incident into a full blown issue.

"A horse scheduled to be euthanized is given a reprieve. An illiterate man learns to read so he can better care for his puppy. A neurologically-impaired kitten might provide a key to understanding storage diseases in humans. These are some of the successes that make the practice of veterinary medicine a joy, and sometimes a heartbreak. For Kylie Wheeler, they are why she's chosen a career in veterinary medicine, and why she struggles every day of her professional life."--Back cover.

Presents a tale of a precarious friendship between an illegal Nigerian refugee and a recent widow from suburban London, a story told from the alternating and disparate perspectives of both women.

Then, in August 2009, a registered sex offender named Phillip Garrido appeared on the University of California, Berkeley campus alongside two young women whose unusual behavior sparked concern among campus officials and law enforcement. That visit would pave the way for shocking discovery: that Garrido was Jaycee Lee Dugard's kidnapper... Jaycee's story was revealed: For eighteen years, she had lived in an outbuilding on the Garrido property in Antioch, CA, just two hours away from her childhood home. Kept in complete isolation, she was raped by Garrido, who fathered her two daughters. When news broke of Jaycee's discovery, there was a huge outpouring of relief across the nation. But questions remain: How did the Garridos slip past authorities? And how did Jaycee endure her captivity? This is the story of a girl-next-door who was Lost and Found.

A raw and powerful memoir of Jaycee Lee Dugard's own story of being kidnapped as an 11-year-old and held captive for over 18 years On 10 June 1991, eleven-year-old Jaycee Dugard was abducted from a school bus stop within sight of her home in Tahoe, California. It was the last her family and friends saw of her for over eighteen years. On 26 August 2009, Dugard, her daughters, and Phillip Craig Garrido appeared in the office of her kidnapper's parole officer in California. Their unusual behaviour sparked an investigation that led to the positive identification of Jaycee Lee Dugard, living in a tent behind Garrido's home. During her time in captivity, at the age of fourteen and seventeen, she gave birth to two daughters, both fathered by Garrido. Dugard's memoir is written by the 30-year-old herself and covers the period from the time of her abduction in 1991 up until the present. In her stark, utterly honest and unflinching narrative, Jaycee opens up about what she experienced, including how she feels now, a year after being found. Garrido and his wife Nancy have since pleaded guilty to their crimes.

The Case That Shocked The World In 1991, an 11-year-old-girl was abducted in broad daylight. Eighteen years later, a policewoman at UC Berkeley confronted a deranged man accompanied by two young girls. During questioning the next day, the girls' mother blurted: "I am Jaycee Lee Dugard." Her companion was identified as Phillip Craig Garrido—a convicted drug user, rapist and sexual predator. An astonishing story was about to unfold. . . The Evil That Never Should Have Happened. . . Now, award-winning author Robert Scott brings to light previously unrevealed information about Garrido's criminal past and manipulation of the legal system. With police and psychologist testimony, this book shows how Garrido managed to get out of a 50-year prison sentence—to shatter the innocence of Jaycee Lee Dugard forever. . . A new deluxe edition of the international bestseller by Heather O'Neill, the Giller-shortlisted author of *Daydreams of Angels* and *The Girl Who Was Saturday Night*, featuring an original foreword from the author, to celebrate the tenth anniversary of the coming-of-age story that *People* describes as "a vivid portrait of life on skid row." Baby, all of thirteen years old, is lost in the gangly, coltish moment between childhood and the strange pulls and temptations of the adult world. Her mother is dead; her father, Jules, is scarcely more than a child himself and is always on the lookout for his next score. Baby knows that "chocolate milk" is Jules' slang for heroin and sees a lot more of that in her house than the real article. But she takes vivid delight in the scrappy bits of happiness and beauty that find their way to her, and moves through the threat of the streets as if she's been choreographed in a dance. Soon, though, a hazard emerges that is bigger than even her hard-won survival skills can handle. Alphonse, the local pimp, has his eye on her for his new girl; he wants her body and soul—and what the johns don't take he covets for himself. At the same time, a tender and naively passionate friendship unfolds with a boy from her class at school, who has no notion of the dark claims on her—which even her father, lost on the nod, cannot totally ignore. Jules consigns her to a stint in juvie hall, and for the moment this perceived betrayal preserves Baby from terrible harm—but after that, her salvation has to be her own invention. Channeling the artlessly affecting voice of her thirteen-year-old heroine with extraordinary accuracy and power, Heather O'Neill's heartbreaking and wholly original debut novel blew readers away when it was first published ten years ago. Now in a new deluxe package it is sure to capture its next decade of readers as Baby picks her pathway along the edge of the abyss to arrive at a place of redemption, and of love.

After his December 2003 arrest, registered nurse Charlie Cullen was quickly dubbed "The Angel of Death" by the media. But Cullen was no mercy killer, nor was he a simple monster. He was a favorite son, husband, beloved father, best friend, and celebrated caregiver. Implicated in the deaths of as many as 300 patients, he was also perhaps the most prolific serial killer in American history. Cullen's murderous career in the world's most trusted profession spanned sixteen years and nine hospitals across New Jersey and Pennsylvania. When, in March of 2006, Charles Cullen was marched from his final sentencing in an Allentown, Pennsylvania, courthouse into a waiting police van, it seemed certain that the chilling secrets of his life, career, and capture would disappear with him. Now, in a riveting piece of investigative journalism nearly ten years in the making, journalist Charles Graeber presents the whole story for the first time. Based on hundreds of pages of previously unseen police records, interviews, wire-tap recordings and videotapes, as well as exclusive jailhouse conversations with Cullen himself and the confidential informant who helped bring him down, *THE GOOD NURSE* weaves an urgent, terrifying tale of murder, friendship, and betrayal. Graeber's portrait of Cullen depicts a surprisingly intelligent and complicated young man whose promising career was overwhelmed by his compulsion to kill, and whose shy demeanor masked a twisted interior life hidden even to his family and friends. Were it not for the hardboiled, unrelenting work of two former Newark homicide detectives racing to put together the pieces of Cullen's professional past, and a fellow nurse willing to put everything at risk, including her job and the safety of her children, there's no telling how many more lives could have been lost. In the tradition of *In Cold Blood*, *THE GOOD NURSE* does more than chronicle Cullen's deadly career and the breathless efforts to stop him; it paints an incredibly vivid portrait of madness and offers a penetrating look inside America's medical system. Harrowing and irresistibly paced, this book will make you look at medicine, hospitals, and the people who work in them, in an entirely different way.

The true story of a Yemeni child bride describes her forced marriage to an abusive husband three times her age, her pursuit of the marriage's dissolution, and the cultural factors that place girls at risk in Yemeni society.

I lived through the Dutroux affair from the inside, and all these years I have kept silent about it - about my 'personal' Dutroux Affair, my time in the company of the most hated psychopath in Belgium. I need to write this book for three reasons: so that people stop giving me strange looks and treating me like a curiosity; so that no one ever asks me any more questions ever again; and so that the judicial system never again frees a paedophile for 'good behaviour'. 'The Dutroux Affair' shook the whole of Europe. In the middle of the immense machinery of investigation and justice there was Sabine Dardenne herself, Dutroux's last victim. She was held captive for eighty days - and survived. Far from sensationalising the horror, her story, dignified and restrained, is ultimately uplifting. Says Sabine Dardenne, 'I choose to live'.

She and her husband, Chris, are raising three wonderful children (ages 10, 11, and 12 as of this writing), as well as four kitties. As you can see from Jennifer's list of books in this profile, she loves writing about whatever interests her. As of 2011, she began writing fiction, which will be revealed in 2012. **EXCERPT FROM THE BOOK** Jaycee Dugard opens her memoir by providing an Author's Note explaining how her book may be confusing to her readers. She describes how her mind jumps from one memory to the next and, in order to keep her voice, that's how she wants to write her story. "Even after I was freed, moments are fragmented and jumbled. With some help, I have come to realize that my perspective is unique to abduction." Her note is followed by her most recent school portrait taken when she was eleven-years-old. Jaycee begins her story in the introduction by explaining she was held captive for eighteen years and, during that entire time, she wasn't allowed to say her name. She wants this memoir to help others who might have gone through a similar situation, "With my writings, I hope to convey that you can endure tough situations and survive. Not just survive, but be okay even on the inside, too." Buy a copy to keep reading!

In 1758 in Scotland, teenaged Jamesina MacKenzie finds her courage and resolution severely tested when she is abducted by "spirited" and, after a harrowing voyage across the Atlantic, sold as a bond slave to a Virginia planter.

Kate McCann's personal account of the disappearance and continuing search for her daughter, revised and updated. 'The decision to publish this book has been very difficult, and taken with heavy hearts ... My reason for writing it is simple: to give an account of the truth ... Writing this memoir has entailed recording some very personal, intimate and emotional aspects of our lives. Sharing these with strangers does not come easily to me, but if I hadn't done so I would not have felt the book gave as full a picture as it is possible for me to give. As with every action we have taken over the last five years, it ultimately boils down to whether what we are doing could help us to find Madeleine. When the answer to that question is yes, or even possibly, our family can cope with anything ... Nothing is more important to us than finding our little girl.' -- Kate McCann 'A must-read' Sunday Express 'Kate's book blazes with the sheer visceral force of her love for her daughter' Daily Mail 'Deeply moving' Guardian

"Superb... Flanders's convincing and smart synthesis of the evolution of an official police force, fictional detectives, and real-life cause célèbres will appeal to devotees of true crime and detective fiction alike." -Publishers Weekly, starred review In this fascinating exploration of murder in nineteenth century England, Judith Flanders examines some of the most gripping cases that captivated the Victorians and gave rise to the first detective fiction Murder in the nineteenth century was rare. But murder as sensation and entertainment became ubiquitous, with cold-blooded killings transformed into novels, broadsides, ballads, opera, and melodrama-even into puppet shows and performing dog-acts. Detective fiction and the new police force developed in parallel, each imitating the other-the founders of Scotland Yard gave rise to Dickens's Inspector Bucket, the first fictional police detective, who in turn influenced Sherlock Holmes and, ultimately, even P.D. James and Patricia Cornwell. In this meticulously researched and engrossing book, Judith Flanders retells the gruesome stories of many different types of murder in Great Britain, both famous and obscure: from Greenacre, who transported his dismembered fiancée around town by omnibus, to Burke and Hare's bodysnatching business in Edinburgh; from the crimes (and myths) of Sweeney Todd and Jack the Ripper, to the tragedy of the murdered Marr family in London's East

End. Through these stories of murder-from the brutal to the pathetic-Flanders builds a rich and multi-faceted portrait of Victorian society in Great Britain. With an irresistible cast of swindlers, forgers, and poisoners, the mad, the bad and the utterly dangerous, *The Invention of Murder* is both a mesmerizing tale of crime and punishment, and history at its most readable.
