A world away from Istanbul, the rugged region of eastern Turkey is now opening up to travellers after years of instability. Here visitors can see churches and entire cities hewn from rock, fairytale castles on looming crags and fantasy palaces built by power-crazed Anatolian chieftains. Bradt's Eastern Turkey is the only guidebook dedicated to this fascinating region and includes first-hand accounts about everything from soaking in thermal pools to the ascent of Turkey's highest peak, Mount Ararat.

Could you successfully be a Georgian? Find yourself immersed in the pivotal world of Georgian England, exciting times to live in as everything was booming; the Industrial Revolution, the Enlightenment, and the nascent Empire; inhabited by Mary Shelley, the Romantic Poets and their contemporaries. However, rather than just wondering about the famous or infamous, you will find everything you need to know in order to survive undetected among the ordinary people. What to wear, how to behave yourself in public, earn a living, and find somewhere to live. Very importantly, you will be given advice on how to stay on the right side of the law, and how to avoid getting seriously ill. Monica Hall creatively awakens this bygone era, filling the pages with all aspects of daily life within the period, calling upon diaries, illustrations, letters, poetry, prose, 18th century laws and archives. This detailed account intimately explores the ever changing lives of those who lived through Britain's imperial prowess, the birth of modern capitalism, the reverence of the industrial revolution and the upheaval of great political reform and class division. A Visitor's Guide to Georgian England will appeal to Romantic poetry lovers, social history fans, fiction and drama lovers, students and anyone with an interest in this revolutionary era.

"A priceless asset to any traveler whose goal is to explore the Jewish past of these two historical countries." --The Jewish Advocate The author follows in the footsteps of his namesake, the rabbi explorer of the twelfth century, Benjamin of Tudela, to create the first all-encompassing guide to Jewish Russia and Ukraine, with stops in Bulgaria and Romania. Until Communism fell, the Jews of Russia and Ukraine had been suppressed and denied human and religious rights. Today, not only are they reborn, but they are rebuilding a new, vibrant community for the twenty-first century. Frank explores this rebirth and guides both first-time and experienced travelers to Jewish and historical sites. He profiles synagogues, monuments, and schools that can be found in such cities as St. Petersburg, Moscow, Kiev, Odessa, and even Kishinev in Moldavia. Approximately 120 years ago, the majority of the world's Jews lived in what was called the "Pale of Settlement" in the Russian Empire. Most American Jews today trace their ancestry to Russia and the surrounding territories, especially Ukraine. A Travel Guide to Jewish Russia & Ukraine will aid those visiting places where relatives once lived, as well as those simply in search of history.

How did communities come to terms with the collapse of communism? In order to guide the wider narrative, many former communist countries constructed museums dedicated to chronicling their experiences. *Museums of Communism* explores the complicated intersection of history, commemoration, and victimization made evident in these museums constructed after 1991. While contributors from a diverse range of fields explore various museums and include nearly 90 photographs, a common denominator emerges: rather than focusing on artifacts and historical documents, these museums often privilege memories and stories. In doing so, the museums shift attention from experiences of guilt or collaboration to narratives of shared victimization under communist rule. As editor Stephen M. Norris demonstrates, these museums are often problematic at best and revisionist at worst. From occupation museums in the Baltic States to memorial museums in Ukraine, former secret police prisons in Romania, and nostalgic museums of everyday life in Russia, the sites considered offer new ways of understanding the challenges of separating memory and myth.

'Ian Mortimer has made this kind of imaginative time travel his speciality' *Daily Mail* In the latest volume of his celebrated series of *Time Traveller's Guides*, Ian Mortimer turns to what is arguably the most-loved period in British history - the Regency, or Georgian England. This is the age of Jane Austen and the Romantic poets; the paintings of John Constable and the gardens of Humphry Repton; the sartorial elegance of Beau Brummell and the poetic licence of Lord Byron; Britain's military triumphs at Trafalgar

and Waterloo; the threat of revolution and the Peterloo massacre. A time of exuberance, thrills, frills and unchecked bad behaviour, it was perhaps the last age of true freedom before the arrival of the stifling world of Victorian morality. At the same time, it was a period of transition that reflected unprecedented social, economic and political change. And like all periods in history, it was an age of many contradictions - where Beethoven's thundering Fifth Symphony could premier in the same year that saw Jane Austen craft the delicate sensitivities of Persuasion. Once more, Ian Mortimer takes us on a thrilling journey to the past, revealing what people ate, drank and wore; where they shopped and how they amused themselves; what they believed in and what they were afraid of. Conveying the sights, sounds and smells of the Regency period, this is history at its most exciting, physical, visceral - the past not as something to be studied but as lived experience.

This new sixth edition of Bradt's Georgia, the only dedicated guide to the country, has been thoroughly updated throughout to include all the most recent developments, ranging from greatly expanded coverage of Batumi, Adjara and Svaneti to the addition of new maps for Tbilisi, Mestia and Telavi. Tourism is booming in Georgia: the number of guesthouses has mushroomed, Tbilisi airport has just opened a second terminal and a new terminal and rail link are under construction at Kutaisi airport. New low-cost flights are now available and visa-free travel is the norm for most. With Bradt's Georgia discover both the old and the new. The capital, Tbilisi, has seen huge changes in the past decade with some conspicuous new projects such as the Peace Bridge, the Opera House and the Presidential Palace, as well as excellent new restaurants and bars. In addition, Mestia, the capital of Svaneti, now has an airport and two ski resorts. Also new for this edition is expanded information on Tusheti and the Trans Caucasian Trail, a volunteer-led project to create two long-distance hiking routes, east-west and north-south, linking the Black Sea with the Caspian, the Greater Caucasus with the Lower Caucasus and Georgia with Armenia and Azerbaijan.
