This new book on worship by renowned hymn writer and professor Ruth C. Duck provides theological foundations for worship and explores the variety of ways Christians have adapted worship to various cultures to help them live faithfully and to communicate the Gospel to others. The author celebrates the many languages and cultural settings in which the Gospel has been, and is, preached, sung, and prayed. The goal of this volume is to support good pastoral and congregational reflection on what worship is and does. Consequently, Duck discusses many different forms of worship from several cultures (African-American, Asian, Euro-American) and offers advice on how to read a congregation and define its culture in order to plan culturally appropriate worship. Although the book does not offer prescriptive formulas or advise a single pattern of worship, it includes many practical suggestions for preparing and leading worship, including diverse ministries of music, movement, and visual arts that are becoming more popular today. From worship's theological underpinnings, the book turns to worship leadership, forms of prayer, preaching, the sacraments, ordination, and various liturgies. Because of its emphasis on Spirit-led worship, this comprehensive book on Christian worship will be used for years to come not only as a core textbook for seminarians and ministry students from a variety of cultures and traditions, but also as a resource for local church pastors and laity who are dedicated to the enlivening of Christian worship. Equipping you to go deeper into God's Word, *The Study Bible for Women* is the most comprehensive study Bible ever prepared for women and by women. In this one-volume library of resources, authors trained in biblical studies and the original languages of Scripture provide an incomparable study experience to reveal the meaning, context and applications for the text of Scripture. *The Disciple's Study Bible* guides an individual's journey in following Jesus, by featuring study notes focused on discipleship, as well as a reading plan, journaling space and additional articles that equip Christians to disciple others.

"Music and silence-how I detest them both!"Screwtape, under-secretary to the devil, The Screwtape Letters by C. S. LewisIt's easy to see why the enemies of mankind would hate and fear both sacred silence and sacred music. Both bring joy, spur contemplation, and draw the soul nearer to the Lord. Both have been part of our private prayer as well as our communal liturgy for thousands of years.The Psalms-biblical songs of praise, supplication, and wonder-have been sung for three thousand years. Naturally, Jesus, His disciples, and later the early Christian community also sang hymns (from the Greek word meaning "songs of praise"), as The New Testament makes clear. We sing because we love, and sung praise elevates our words, takes them out of the realm of the commonplace, and increases our joy. The holy pleasure of singing to God involves the entire person-spirit, heart, mind, and body-and unites us not only with the Divine but also with one another as a worshipping community.This collection of hymns for the singing Catholic congregation exemplifies the best of the genre. These songs are religiously orthodox, beautiful, sacred, and-for the most part-familiar. But here you will also find worthy hymn tunes and texts that are new to you.We present this book to propose not that hymns replace the proper chants for that days Mass* but live happily alongside them. In most instances the proper chants for processions are the prerogative of cantors and choirs and, as they change very day as part of the Mass aren't practical to be sung by the congregation. Hymns, on the other hand, belong to all the faithful and serve as a key means of the "active participation" spoken of in Vatican II's Constitution on the Sacred Liturgy. Hymns have been sung as an important part of the Liturgy of the Hours for century upon century, so they are nothing new, new only to be sung at Mass. "To promote active participation, the people should be encouraged to take part by means of acclamations, responses, psalmody, antiphons, and songs, as well as by actions, gestures, and bodily attitudes. And at the proper times all should observe a reverent silence."Sacrosanctum Concilium (Constitution on the Sacred Liturgy, Vatican II, 1963), Paragraph 30In a parish where the scriptures are sung, the introit will accompany the procession of the ministers and the cross. Clergy, choir, and people can then sing a congregational hymn. The same is true at offertory and Communion: hymns can follow the proper chants. And at the conclusion of Mass, a suitable hymn can send the people forth with the praise of Almighty God on their lips.May this book bring joy to all who sing from it! What is the source of the Sung Antiphons for the Roman liturgy Mass?The proper texts of the Antiphons of the Roman liturgy may be found in: Graduale Romanum; English translations of these texts are also widely available. The antiphons from the Roman Missal, third edition, may also serve as proper

texts. For more information see: Sacrosanctum Concilium (Constitution on the Sacred Liturgy, Vatican II, 1963), Musicam Sacram (Instruction on Music in the Liturgy, 1967) The General Instruction of the Roman Missal, 2010.
