The first goal is to explore the difference between fairness and justice in language assessment. The authors distinguish internal and external dimensions of the equitable and just treatment of individuals taking language tests which are used as gatekeeping devices to determine access to education and employment, immigrant status, citizenship, and other rights. The second goal is to show how the extent of test fairness can be demonstrated and improved using the tools of psychometrics, in particular the models collectively known as Rasch measurement. "This book will have an enormous impact on the field of language assessment. Using Rasch analysis models to explore and identify sources of unfairness, the authors make a compelling case for fairness in the design and implementation of language

Forfatteren, der voksede op som medlem af den privilegerede elite i Maos Kina og senere blev forstødt under kulturrevolutionen i 1960'erne, fortæller sin families historie gennem tre generationer og giver hermed et billede af Kinas historie i 1900-tallet.
