"Everything you want to know about the Anne Frank phenomenon, about the perception and the effect of the text, whose writer became an icon, is said within these pages." —Wolfgang Benz, author of A Concise History of the Third Reich While Anne Frank was in hiding during the German Occupation of the Netherlands, she wrote what has become the world's most famous diary. But how could an unknown Jewish girl from Amsterdam be transformed into an international icon? Renowned Dutch scholar David Barnouw investigates the facts and controversies that surround the global phenomenon of Anne Frank. Barnouw highlights the ways in which Frank's life and ultimate fate have been represented, interpreted, and exploited. He follows the evolution of her diary into a book (with translations into nearly 60 languages and editions that added previously unknown material), an American play, and a movie. As he asks, "Who owns Anne Frank?" Barnouw follows her emergence as a global phenomenon and what this means for her historical persona as well as for her legacy as a symbol of the Holocaust.

As early as Plato, theorists acknowledged the power of theatre as a way of teaching young minds. Similarly, starting with Plato, philosophers occasionally adopted an anti-theatrical stance, worried by the “dangers” theatre posed to society. The relationships between learning and theatre have never been seen as straightforward, obvious, or without contradictions. This volume investigates the complexity of the intersection of theatre and learning, addressing both the theoretical and practical aspects of it. In three sections—Reflecting, Risking, and Re-imagining—theatre researchers, education scholars, theatre practitioners consider the tensions, frictions and failures that make learning through theatre, in theatre and about theatre interesting, engaging, and challenging. Loosely based on the proceedings from the 20th Festival of Original Theatre (F.O.O.T.), which took place in February 2012 at the University of Toronto, this book contains academic articles and interviews, as well as position, reflection and provocation papers from both established researchers in the field of Applied Theatre, such as Professor Helen Nicholson and Professor Kathleen Gallagher, as well as experienced and emergent scholars in Education, Theatre, Dance and Performance Studies. It also introduces the unorthodox work of the pre-eminent Swedish director and inventor of Babydrama, Suzanne Osten, to the academic audience. *Theatre and Learning* will be interesting to a wide range of

This book is based on Eda Shapiro's interviews with Kugler conducted in Toronto in 1969-73. Born in Bohemia, Kugler (1900-1981) was a business partner of Otto Frank in Amsterdam in 1933-42. When the Frank family went into hiding in 1942, Kugler continued to manage the business, and he materially supported the Franks in their Secret Annex. He appears in Anne Frank's diary as Mr. Kraler. After the Secret Annex was exposed and the Frank family was arrested by the Nazis in August 1944, Kugler was also arrested and sent to the Amersfoort internment camp. Later he was sent to the labor camps of Zwolle and Wageningen. He managed to escape from the latter camp shortly before the liberation. In 1955 Kugler settled in Canada. Mentions the symphonic and vocal composition "From the Diary of Anne Frank" by Czech-born Canadian composer Oskar Morawetz. Kugler was recognized by Yad Vashem as a Righteous Gentile, and received other awards by Canadian institutions for helping the Frank family and the others hiding in the Secret Annex.

“A brilliantly conceived and long overdue opening up [or deconstruction] of the Anne Frank story.” —James Clifford, Professor Emeritus, History of Consciousness Department, University of California As millions of people around the world who have read her diary attest, Anne Frank, the most familiar victim of the Holocaust, has a remarkable place in contemporary memory. Anne Frank Unbound looks beyond this young girl’s words at the numerous ways people have engaged her life and writing. Apart from officially sanctioned works and organizations, there exists a prodigious amount of cultural production, which encompasses literature, art, music, film, television, blogs, pedagogy, scholarship, religious ritual, and comedy. Created by both artists and amateurs, these responses to Anne Frank range from veneration to irreverence. Although at times they challenge conventional perceptions of her significance, these works testify to the power of Anne Frank, the writer, and Anne Frank, the cultural phenomenon, as people worldwide forge their own connections with the diary and its author. “This collection of brilliant essays offers fascinating and unexpected insights into the significance of Anne Frank’s iconic Holocaust-era diary from many disciplinary perspectives in the arts and humanities.” —Jan T. Gross, the Norman B. Tomlinson Professor of War and Society, Princeton University “This volume is a major contribution to scholarship regarding Anne Frank’s diary and its cultural influence . . . Highly recommended.” —Choice “Engrossing . . . The overall aim is to provide a greater understanding of the general and particular engagement with Anne Frank as a person,

Collection of critical essays about issues related to Anne Frank's diary.

"Lawrence Graver's book is a precise and generous account of dreadful obsession, in which deep issues are reduced by paranoia into misery all around--and work for many lawyers. It's sad, true to my knowledge of Meyer Levin and others enmeshed in the history--infinitely sad."--Herbert Gold, author of Fathers "Beautifully and poignantly told, this story holds a mirror up to American Jewry's own coming to terms with the Holocaust. It is by turns captivating and heartbreaking, the story of both Levin's obsession and his search for Jewish and American identity after the Holocaust. In this literary history, Lawrence Graver also reanimates the diary itself, returning it to the time and place from which it was torn fifty years ago."--James Young, author of Writing and Re-writing the Holocaust and The Texture of Memory "A gripping account, easy to read in one or two sittings, hard to put down. The balance between sympathy for Levin and criticism of his mounting obsession is exquisitely established and beautifully

maintained, culminating in remarkable insight."--Morris Dickstein, author of *Gates of Eden* "Beyond Anne Frank is so beautiful and thoughtfully written that I really couldn't put it down. Diane Wolf's voice is human and humanistic, without glossing over any painful realities. She probes the subject from an impressive array of angles, considering a wide variety of types of experiences. This book is extraordinarily fine and I enthusiastically recommend it."--Lynn Davidman, author of *Motherloss*

Most Holocaust scholars and survivors contend that the event was so catastrophic and unprecedented that it defies authentic representation in feature films. Yet it is precisely the extremity of 'the Final Solution' and the issues it raised that have fueled the cinematic imagination since the end of World War II. Recognizing that movies reach a greater audience than eyewitness, historical, or literary accounts, Lawrence Baron argues that they mirror changing public perceptions of the Holocaust over time and place. After tracing the evolution of the most commonly employed genres and themes in earlier Holocaust motion pictures, he focuses on how films from the 1990s made the Holocaust relevant for contemporary audiences. While genres like biographical films

and love stories about doomed Jewish-Gentile couples remained popular, they now cast Jews or non-Jewish victims like homosexuals in lead roles more often than was the case in the past. Baron attributes the recent proliferation of Holocaust comedies and children's movies to the search for more figurative and age-appropriate genres for conveying the significance of the Holocaust to generations born after it happened. He contends that thematic shifts to stories about neo-Nazis, rescuers, survivors, and their children constitute an expression of the continuing impact the Holocaust exerts on the present. The book concludes with a survey of recent films like *Nowhere in Africa* and *The Pianist*.

The ongoing discussions about globalization, American hegemony and September 11 and its aftermath have moved the debate about the export of American culture and cultural anti-Americanism to center stage of world politics. At such a time, it is crucial to understand the process of culture transfer and its effects on local societies and their attitudes toward the United States. This volume presents Germany as a case study of the impact of American culture throughout a period characterized by a totalitarian system, two unusually destructive wars, massive ethnic cleansing, and economic disaster. Drawing on examples from history, culture studies, film, radio, and the arts, the authors explore the political and cultural parameters of Americanization and anti-Americanism, as reflected in the reception and rejection of American popular culture and, more generally, in European-American relations in the American Century.
