The high-yield leveraged bond and loan market ("junk bonds") is now valued at \$3+ trillion in North America, €1 trillion in Europe, and another \$1 trillion in emerging markets. What's more, based on the maturity schedules of current debt, it's poised for massive growth. To successfully issue, evaluate, and invest in high-yield debt, however, financial professionals need credit and bond analysis skills specific to these instruments. Now, for the first time, there's a complete, practical, and expert tutorial and workbook covering all facets of modern leveraged finance analysis. In *A Pragmatist's Guide to Leveraged Finance*, Credit Suisse managing director Bob Kricheff explains why conventional analysis techniques are inadequate for leveraged instruments, clearly defines the unique challenges sellers and buyers face, walks step-by-step through deriving essential data for pricing and decision-making, and demonstrates how to apply it. Using practical examples, sample documents, Excel worksheets, and graphs, Kricheff covers all this, and much more: yields, spreads, and total return; ratio analysis of liquidity and asset value; business trend analysis; modeling and scenarios; potential interest rate impacts; evaluating and potentially escaping leveraged finance covenants; how to assess equity (and why it matters); investing on news and events; early stage credit; and creating accurate credit snapshots. This book is an indispensable resource for all investment and underwriting professionals, money managers, consultants, accountants,

The easy way to get started in crowdfund investing Crowdfund investing (CFI) is going to be the next big thing on Wall Street. U.S. investment banks, brokerage houses, and law firms are gearing up for the creation and regulation of new financial products that will be available to the general public starting in early 2013. The introduction of these products will revolutionize the financing of small businesses and startups for these key reasons: Entrepreneurs and small business owners, who have had difficulty obtaining capital through traditional means (such as bank loans and angel investors) in recent years, will have access to investors around the world through social media. For the first time, investors (so-called unqualified investors) will be able to purchase an equity stake in a business or new investment vehicle. The Securities and Exchange Commission (SEC) is overseeing the creation of online portals that will allow entrepreneurs and small investors to connect. When these portals go live in 2013, *Crowdfund Investing For Dummies* will be on the front line to educate business owners, other entrepreneurs, and investors alike. *Crowdfund Investing For Dummies* will walk entrepreneurs and investors, like yourself, through this new investing experience, beginning with explaining how and why
