

destruction. Indeed, they operate their kingdom in military fashion and that makes them very effective in carrying out their evil operations over humanity. The devil knows that he has already been sentenced to eternal destruction, so he wants to do as much damage as he can along with his demons across the globe to bring untold suffering to people. He wants to destroy marriages, families, businesses and possess people's lives along with his demons. He thrives in inflicting sicknesses and diseases on people and make their lives miserable. He is the sole cause of cancer, hypertension, heart disease, stroke, depression, multiple sclerosis, poverty, lack, misery, mental disturbances and what have you in people's lives. It is his desire to cause so much suffering and pain in the world and make people feel completely frustrated and hopeless. They want to create so much pain and suffering in the world so that people will not believe that God has any control over their lives. If we take a cursory look at the world today, we will see the devil's footprint in many of the events that people tend to face in their lives. We hear of wars in different parts of the world, and we see confusion and conflicts in marriages that even lead to divorces. Also, in families we see the evil works of the enemy ravaging lives and bringing untold suffering upon many. We also see rape, greed, corruption, murders and all kinds of atrocities going on in the world on a grand scale. Equally, we see hunger and famine ravaging lives and it appears that the devil and his demons seem to be having a field day in this rampant destruction and calamities. Our hospitals are filled with people with all kinds of cases that seem to put many in a state of misery and depression. We have countless people suffering from mental illnesses and overwhelming depression. In today's world, many seem to find themselves battling with high blood pressure, stress and one form of crisis or the other. We need to understand that the devil has his demonic forces almost everywhere. He seems to be monitoring people's lives and influencing them to indulge in things that traps them and opens the door for their lives to be invaded. Many are being trapped into sexual escapades that opens the door for the enemy to come into their lives to cause them all kinds of afflictions. Many too are equally bound by drugs, alcohol, greed, sex, and all kinds of material pursuits at the expense of their inner wellbeing. We must understand what the devil and his forces are doing in the world and be able to rise above it and save oneself from their control. Many people are walking in ignorance and they don't seem to have any clue of the devil's operations in the world. When people are blinded to the spiritual reality of life, they would unconsciously open the door for the enemy to penetrate their lives and hold them in bondage. When people are ignorant, they can't see what is going on spiritually, and they become a toy in the hands of the demonic forces. The devil thrives on people's ignorance and if people remain in that ignorance, he is happy because he can then carry out his evil plans without them having any knowledge of what he's doing. Your awareness will give you the ability to foil his plans over your life and break free.

A vivid portrait of both the traumas of war and the shamanic healing ceremonies of ayahuasca • Explains how our culture lacks rites of passage and how shamanic ritual can fill this gap • Reveals how ayahuasca frees your consciousness from inherited beliefs, fears, and traumatic experience, allowing healing from PTSD, enabling genuine growth, and offering an enlightening path out of the malaise, discontent, and dissatisfaction that life in a modern world often brings • Details the author's experiences in Afghanistan, sailing on the Amazon river with a shaman, and the many ayahuasca ceremonies he experienced in the jungle After returning from a tour of duty during the war in Afghanistan, Alex Seymour needed a way to cope with the extremes he experienced as a member of the Royal Marine Commandos, losing 7 men in his unit, and having his best friend critically injured by a Taliban bomb. Drawing upon his pre-deployment experiences, Alex knew that entheogens could help him release his fears and traumas. But he also knew that simply taking psychedelics wasn't enough--he needed ceremony, something sacred to draw meaning from his experiences, to help him reassess not only the war and his role in it, but his entire life. So he set out for the Amazon in search of the hallucinogenic brew known as ayahuasca and a shaman to guide him. The result is a crazy, page-turning adventure where he journeys deep into the jungle and himself. Alex soon finds himself deep within the jungle on an incredible adventure, sailing on the Amazon river with an ayahuasca shaman and his troop of 8 female shamans, whose ethereal songs help guide participants during the nightly ayahuasca ceremonies. Accompanied by others seeking wisdom and a redemptive experience from their First World professional lives, Alex finds his core beliefs fundamentally challenged, replaced by the power of direct experience of the sacred, which allows him to release his fears from the war and set an inspiring path for the future. Painting a vivid portrait of both the anguish of war and the transcendent world of shamanic ritual, the author shows how young people often enlist in the military to satisfy our human need for a rite of passage into adulthood, a ritual sorely missing in our culture. He explores how ayahuasca can offer a way to help soldiers prepare for war and help combat veterans heal from war and overcome PTSD--as well as alcoholism and addiction. From Afghanistan to the Amazon, the author shows how

ayahuasca frees your consciousness from inherited beliefs and fears, offering a truly transformative rite of passage.

"If the Son therefore shall make ye free, ye shall be free indeed" (John 8:36).

Unfortunately, many of the emancipated people of God live well beneath their freedom and privileges, because they do not understand how to walk in the liberty to which they have been called. Can you imagine being totally free? Just begin to really imagine all the hurt and bondage gone-free from doubt, fear, and shame. God's will for his people is to be free. Today's church is filled with people professing that they are free, but the truth of the matter is that they are bound. It is high time to break free from every captivity: to be loosed even from yourself.

Roman 6:22 reveals that, having been set free from sin and having become slaves of God, you have your fruit to holiness and everlasting life. This book will lead you into everlasting life and a free life here on earth. It is time to walk in your freedom. You will discover in this book who or what controls you and enslaves you to the point that you are living in bondage and not freedom in Christ Jesus. Once you identify it, then take action and deal with your pharaoh!

The concept of "The Breaker Anointing" is the ability to call on God to break through any spiritual hindrance either individually or corporately, that would impede His Kingdom and His purposes for the Church in this age. Jesus is the Breaker who goes before us. There is no route, no wall, no spiritual oppression that God cannot open or break through. The author says that He is a gate-crashing, wall-breaking, obstacle-removing God. Breakthrough is something that we cannot do for ourselves. We need Jesus to do it for us. "The Breaker Anointing" is not a prayer formula or a technique, but an invitation to the Breaker, Jesus, to come in and break down the wall or open the gate to whatever is hindering His purposes.

John McConnell Jr. was the famed founder and visionary of Earth Day.

McConnell's vision was one of creating a day of remembrance, solitude, and action to restore the broken human relationship to the land. Little acknowledged are McConnell's religious convictions or background. McConnell grew up in a Pentecostal home. In fact, McConnell's parents were both founding charter members of the Assemblies of God in 1914. His own grandfather had an even greater connection to the origins of Pentecostalism by being a personal participant at the Azusa Street Revival in Los Angeles in 1906. Earth Day, thus, began with strong religious convictions. McConnell, seeing the ecological demise

God has a divine plan to release his people from the curse of desolation and barrenness. Satan also has a strategy, however, which is to lock us to our past. He uses a threefold cord of the demonic spirits of Jezebel, Athaliah, and Delilah--strongholds that seek to destroy not only us but also generations to follow--to block us from victorious Christian living. But by exposing the plans of the enemy, God's people can be released from barrenness and launched into expansion, growth, and multiplication. Sandie Freed takes readers through a close study of each of these demonic forces in order to prepare them to break the threefold demonic cord. Conducting a biblical exploration of the everyday tactics of each spirit, Freed lays bare their strategies and helps readers defeat them through prayer.
