In this paper, we provide an extensive summary of a field experiment we have recently conducted on the behavioural effects of pay-as-you-drive (PAYD) vehicle insurance (Bolderdijk et al., 2011a). We start with a review of the rationale for PAYD schemes from a behavioural science perspective. Next, we describe the design of our study, and discuss and elaborate on the main empirical findings. Based on this, we present practical guidelines for policy makers and insurance companies aiming to introduce PAYD schemes as a tool to reduce crash risk, improve traffic safety, and reduce the negative environmental impacts of car use. Child Support Guidelines, Second Edition is the only comprehensive guidebook for determining child support awards that takes practitioners step-by-step through the interpretation and application of the guidelines and their worksheets in both the normal and exceptional child support case. This unique publication thoroughly covers each state's version of one of the three basic models for determining child support: the percentage of income model, the income shares model, and the Melson formula. Important issues affecting calculations are clearly explained, including: Definition of "income" under the guidelines The impact of divided custody, shared custody, split custody, and extended visitation Second household expenses, other dependents, subsequent children, and stepchildren Impact of a private contract on the court's decision to apply the guideline amount Deviation from the guidelines for a high income parent Deviation from the guidelines to pay for medical expenses, private school, and child care expenses Imputed income Modification of prior awards And more.
