

Chapter 24 Scarlet Letter

A reform Jew; his Christian wife; an inexplicable illness that has struck at one of their children: thus begins the events that result in a search by Michael Klein for his true religious identity. Michael is a reform Jew whose knowledge of Judaism begins and ends with the fact that he is Jewish by birth. There are two children born to him and his wife, Susan. Following an agreement that they made when they married, their children were to be given the choice of whether to follow the Jewish religion, or the Christian, or even a combination of both. In the course of the marriage, Michael is gradually introduced to the religion of his wife. For the first time, he is introduced to religious ideas which go beyond the basic notion of morality which was stressed by his parents, but he still finds himself unsure of the direction he should take. Without an understanding of the Judaism of his ancestors he fears making a commitment to his wife's beliefs. When his son falls ill, he embarks on a road of discovery through a series of chance meetings which allows him to put both faiths to the test in order for him to make the fateful decision as to which one he will choose. A comparison of the two faiths is given through the review of Biblical passages; through the examination of scientific theory vs. religious beliefs; and through an exploration of history. It's a journey that will enlighten the reader with a different perspective of both Christianity and Judaism, and will change his understanding of religion in general.

"In this collection commemorating the bicentennial of Hawthorne's birth in 1804, Millicent Bell gathers essays by distinguished scholars and critics that examine the ways in which Hawthorne related himself to the "real" in his own world and expressed that relation in his writing. Radically revising the older view that he was detached from conditions of actual life in 19th-century American society, the authors undertake to show how current social conditions, current events and political movements taking place at a crucial point in American history were an evident part of Hawthorne's consciousness. The essays situate his imaginative writings in a contemporary context of common experience and rediscover a Hawthorne alert to pressing problems of his day, especially slavery, feminism, and reform in general - the very issues that motivated his contemporaries on the eve of the Civil War. Hawthorne was, with his own complicity, long described as a writer of unreal romances (as he preferred to call his novels) or "allegories of the heart" as he termed some of his short stories. The essays in this collection contribute to the turn in recent Hawthorne criticism which shows how deeply implicated in realism his writing was."--BOOK JACKET. Title Summary field provided by Blackwell North America, Inc. All Rights Reserved First published in 1966, this book collects six essays which discuss the experience of social change as it reveals itself in the work of several nineteenth century novelists. In the novels studied, and the discussion of fiction that follows, the authors argue that all these novelists' attempts to confront social change — to connect old with new, past with present and the attempted inclusiveness of vision in a changing society — sooner or later fail. The essays are polemic in arguing against the contemporary critical consensus that this failure is a limitation of imaginative intelligence rather than an endorsement of a receding past which the process of change was charged with destroying.

Discusses the life of Nathaniel Hawthorne and the historical context, plot, themes, characters, and literary analysis of his "psychological romance" novel, "The Scarlet Letter."

Pious Impostures and Unproven Words applies deconstruction to nineteenth-century American romances and to the concept of the traditional liberal arts education. Offering new readings of such American classics as The Scarlet Letter and Huckleberry Finn, this volume shows that deconstruction is not necessarily antagonistic to traditional readings of literary texts. By establishing a clear relationship between deconstruction and the concept of a liberal arts education, Pious Impostures reveals that though deconstruction (as such) is "new," its most useful and usable tenets reach all the way back to the Bible and clearly overlap certain medieval and romantic ideas. Contents: Preface; Introduction; The Fact/Fiction Hierarchy Revisited; Errors of Truth: Deconstruction in The Scarlet Letter; The Subversive Lie of Expedient Truth in Pierre: Or The Ambiguities; Real Lies and Fictitious Truths in Huckleberry Finn.

Bloom's How to Write About Nathaniel Hawthorne offers valuable paper-topic suggestions, clearly outlined strategies on how to write a strong essay, and an insightful introduction by Harold Bloom designed to help students develop their analytical writing skills and critical comprehension of this important writer and his works.

This book serves to feed human nature with both a religious and literary mood. It may bring the reader a little closer to an understanding of life's complexities, or it may challenge the reader's own philosophical self, as he or she discovers the unraveling of Hawthorne's. The editor of the book, which has been composed from his memory of an unknown student's work, claims to have unearthed a rare discovery that may unveil a mystery that has puzzled the best of minds in the literary field for many years. In the words of its author, his purpose is clear: "I have thought to publish my interpretations of Hawthorne's novel so that those critics in the field of literature, who will, may have additional cause for which to expound their intelligence, either in trying to better understand this mystery, or to salvage the old cherished ambiguities by which the public brain is presently intoxicated. If I am correct in only a few of my impressions, hopefully the main ones, we shall have to reappraise Hawthorne as a literary prophet who hoped for and predicted a future time when mankind would look more favorable upon the creation, man." Both the author and editor send the reader on a journey into the mind and heart of an American icon which have too long been misunderstood and underappreciated. He asks the reader to drink deep from the depths of his or her own intuitive awakenings, and encourages each to rediscover the man who created The Scarlet Letter. In so doing, one may see the vexations and conflicts in his own life as a "dark necessity" to be endured, as in the character of his beloved Hester, who speaks to the heart of every human, and in behalf of our own human nature.
