The only resources designed for the Cambridge IGCSE® Chinese as a Second Language syllabus (0523) for first examination from 2020. With topics ranging from festivals to travel and technology, each unit is based around one authentic Mandarin Chinese text and audio recording. This mix of content helps students engage with the subject and develop their ability to handle real language materials. Audio recordings (available online) help students practise the new listening aspect of the course, while 'Culture boxes' provide interesting insights into Chinese culture. Students will work collaboratively with others - sometimes in pairs and other times in groups - to develop language skills through communication. Answers to the coursebook questions are in the digital teacher's resource. Written by current teachers, this workbook helps students further develop the skills acquired through the course. Practical exercises expand and enhance the materials in the coursebook, supporting students through the Cambridge IGCSE(TM) Mandarin series. Edition for 1983/84- published in 3 vols.: vol. 1, Organization descriptions and index; vol. 2, International organization participation; vol. 3, Global action networks; edition for 2012/2013- published in 5 vols: vol. 4, International organization bibliography and resources; vol. 4, Statistics, visualizations & patterns.
