

Comparative Politics Test Answers

Here's everything you need to review, simplify, and understand the most important concepts in AP Comparative Government and Politics. This must-have guide focuses on an in-depth study of the governments of six nations: Britain, Russia, China, Mexico, Iran, and Nigeria. Topics of study, test practice, and review information include: Introduction to Comparative Politics Sovereignty, Authority, and Power Political Institutions Citizens, Society, and the State Political and Economic Change Public Policy One diagnostic test Two practice tests All questions thoroughly answered and explained The first six chapters address general concepts with illustrations about specific countries. The final six chapters address each of the six countries individually and are organized by the six topics of study as headings within each chapter, making it easier for test takers to find the information they need to prepare and succeed on this Advanced Placement test.

The groundbreaking first edition of Principles of Comparative Politics offered the most comprehensive and up-to-date view of the rich world of comparative inquiry, research, and scholarship. Now, this thoroughly revised second edition offers students an even better guide to cross-national comparison and why it matters. The new edition retains its focus on the enduring questions with which scholars grapple, the issues about which consensus has started to emerge, and the tools comparativists use to get at the complex problems in the field. Improving organization and integrating the latest scholarship, important changes include: * A new "Varieties of Dictatorship" chapter; * Clearer headers signaling coverage of authoritarian regimes, and new sections highlighting resources on the study of authoritarianism; * An expanded program of world maps showing key attributes of national political systems; * Reorganization of the "What is Science?" chapter with a focus on the scientific method and reduced emphasis on Mill's Methods; * A streamlined "Problems with Group Decision Making" chapter that focuses on government formation and collapse as a principle-agent problem; * Timely analysis of developments in the Middle East as part of the "Democratic Transitions" chapter including an examination of the use of coordinating devices and differences within the region focusing on outcomes and coalitions; * Updates for current events, including coverage of late Bush and Obama era policies, war in Somalia, the intervention in Libya, and more. The book's outstanding pedagogy includes chapter opener overviews, bolded key terms and a marginal glossary, more than 250 tables and figures, numerous photos and maps, end of chapter problem sets, and new works cited and country-specific bibliographies.

This accessible introduction to comparative politics offers a fresh, state-centered perspective on the fundamentals of political science.

Fills a gap in scholarship on an increasingly important field within Political Science. Comparative Politics, the discipline devoted to the politics of other countries or peoples, has been steadily gaining prominence as a field of study, allowing politics to be viewed from a wider foundation than a concentration on domestic affairs would permit.

Now in a completely updated second edition, this textbook has become a favorite for the introductory undergraduate course in comparative politics. It features ten theoretically and historically grounded country studies that show how the three major concepts of comparative analysis - interests, identities, and institutions - shape the politics of nations. Throughout the presentation, countries appear in the context of a changing global order that creates challenges to each country's path of development. These challenges frequently alter domestic interests and identities, and force countries to find new institutional solutions to the problems of modern politics. Written in a style free of heavy-handed jargon and organized to address the concerns of contemporary comparativists, this textbook provides students with the conceptual tools and historical background they need to understand the politics of our complex world.

This revised edition of Comparative Politics offers an assessment of the past decade of scholarship in comparative politics.

A revised edition, rewritten to cover the collapse of communism, the extension of democracy in the Second and Third Worlds and the growing internationalization of political and economic life. The book has been redesigned and includes an extended range of international examples and exhibits.

The field of comparative politics traditionally has been divided into two camps: on the one hand, quantitatively driven work on a broad scale; on the other, more qualitative area studies. This edited collection promotes a new approach to comparative politics that transcends the debate about the future of the discipline. The contributors' essays are innovative in their interweaving of case studies of the political situations in particular regions with the project of political theorizing. The chapters take as their points of departure such diverse topics as the liberal tradition in United States politics, the impact of drug-related violence on democratic stability in Colombia, and the relationship between poverty reduction and support for democracy in Mali, thereby resoundingly demonstrating the broad relevance of the volume's unifying theme: theoretically informed comparative analysis. Students of politics, from advanced undergraduates to practicing scholars, will find this volume useful in assessing, analyzing, and uniting the fields of comparative politics and political theory.

Provides subject reviews, two full-length practice tests with answer explanations, and tips on strategies to help maximize performance.

This bold venture into political theory and comparative politics combines traditional concerns about democracy with modern analytical methods. It asks how contemporary democracies work, an essential stage in asking how they can be justified. An answer to both questions is found in the idea of the median mandate. The voter in the middle - the voice of the majority - empowers the centre party in parliament to translate his or her preferences into public policy. The median mandate provides a unified theory of democracy - pluralist, consensus, majoritarian, liberal, and populist - by replacing each qualified 'vision' with an integrated account of how representative institutions work. The unified theory is put to the test with comprehensive cross-national evidence covering 21 democracies from 1950 through to 1995. This exciting book will be of interest to specialists and general

readers alike, representing as it does a reaffirmation of traditional democratic practice in an uncertain and threatening world. Comparative Politics is a series for students and teachers of political science that deals with contemporary government and politics. The General Editors are Max Kaase, Professor of Political Science, Vice President and Dean, School of Humanities and Social Science, International University, Bremen, Germany; and Kenneth Newton, Professor of Comparative Politics, University of Southampton. The series is published in association with the European Consortium for Political Research.

"A splendid introductory text for undergraduates... It has much sound, good sense and balanced judgment to suit the different requirements of a wide range of readers."--Third World Quarterly, reviewing the first edition.

Test Prep Book's AP Comparative Government and Politics Study Guide: Review Book & Practice Test Questions for the Advanced Placement Comparative Government & Politics Exam Developed by Test Prep Books for test takers trying to achieve a passing score on the AP Comparative Government and Politics exam, this comprehensive study guide includes: -Quick Overview -Test-Taking Strategies -Introduction -Introduction to Comparative Politics -Sovereignty, Authority, and Power -Political Institutions -Citizens, Society, and the State -Political and Economic Change -Public Policy -Practice Questions -Detailed Answer Explanations Disclaimer: AP(R) and Advanced Placement(R) are trademarks registered by the College Board, which is not affiliated with, and does not endorse, this product. Our complete test prep package focuses on what students need to know to pass the exam, bringing them one step closer to earning their college degree. About REA's Prep: - Comprehensive review fully aligned with today's exam - Online diagnostic test pinpoints strengths and weaknesses to personalize prep and focus study. - Focused 6-week study plan - Two full-length practice tests with detailed explanations of answers (both in the book and online), provide true-to-format practice - Online tests feature instant scoring, timed testing, diagnostic feedback, and detailed answers

Political party organizations play large roles in democracies, yet their organizations differ widely, and their statutes change much more frequently than constitutions or electoral laws. How do these differences, and these frequent changes, affect the operation of democracy? This book seeks to answer these questions by presenting a comprehensive overview of the state of party organization in nineteen contemporary democracies. Using a unique new data collection, the book's chapters test propositions about the reasons for variation and similarities across party organizations. They find more evidence of within-country similarity than of cross-national patterns based on party ideology. After exploring parties' organizational differences, the remaining chapters investigate the impact of these differences. The volume considers a wide range of theories about how party organization may affect political life, including the impact of party rules on the selection of female candidates, the links between party decision processes and the stability of party programmes, the connection between party finance sources and public trust in political parties, and whether the strength of parties' extra-parliamentary organization affects the behaviour of their elected legislators. Collectively these chapters help to advance comparative studies of elections and representation by inserting party institutions and party agency more firmly into the centre of such studies. Comparative Politics is a series for researchers, teachers, and students of political science that deals with contemporary government and politics. Global in scope, books in the series are characterised by a stress on comparative analysis and strong methodological rigour. The series is published in association with the European Consortium for Political Research. For more information visit: www.ecprnet.eu. The series is edited by Emilie van Haute, Professor of Political Science, Université libre de Bruxelles; Ferdinand Müller-Rommel, Director of the Center for the Study of Democracy, Leuphana University; and Susan Scarrow, Chair of the Department of Political Science, University of Houston.

This major new textbook introduces students to one of the most important fields of political science. Written by key international experts, Comparative Politics includes a wide range of countries, and covers methods and theories; the nation-state and its institutions; actors and processes; and policies. It also deals with recent changes such as globalisation and democratisation in Africa and the Middle East. The chapters are enhanced by innovative learning features, and a cutting-edge Online Resource Centre accompanies the text. Online Resource Centre Student resources: Interactive map with country profiles for a wide range of countries Review questions, exercises and test bank

Extra figures, tables, maps and documentation Glossary with comprehensive A-Z dictionary of key terms in comparative politics Instructor resources: PowerPoint slides Essay and exam questions Multiple choice questions Figures and tables from the book Resources for research: Comparative data in different formats for around 200 countries and 200 indicators Web directory of statistical, institutional and information resources

But REA doesn't stop there: we give you thorough yet concise topical reviews, a series of targeted drills, and an up-to-date glossary that comprises the full range of terminology with which you should be familiar. If you are taking the United States Government and Politics exam, you'll want to concentrate on the first part of this book. The second part of the book is devoted to the Comparative Government and Politics exam. In both cases, you'll find a lively course review keyed to exactly the material you'll need to know to score well on the test, complemented by our handy glossary to help you get the most out of your study time. Two complete practice exams are provided for U.S. Government and Politics, while one full-length practice exam is provided for

Comparative Government and Politics. Each REA practice exam features an answer key and detailed explanations for every question. The explanations not only provide the correct response but also tell you why the remaining answers shouldn't be chosen. By going over the appropriate review section(s), taking the corresponding exam(s), and studying our detailed explanations, you will discover your strengths and weaknesses and prepare yourself to score well on the AP Government and Politics exams. About the Advanced Placement Program The Advanced Placement Program is designed to provide high school students with the opportunity to pursue college-level studies while still attending high school. The program consists of two components: an AP course and an AP exam. In addition, the AP in Government and Politics curriculum is divided into two courses: United States Government & Politics and Comparative Government & Politics. If you wish to pursue an Advanced Placement in Government and Politics course you may enroll in the United States course, the Comparative course, or both. You will be expected to leave the course(s) with college-level writing skills and knowledge of government and politics. Upon completion of the course(s), you may then take the corresponding AP exam(s). Test results are then used to grant course credit and/or determine placement level in the subject when you enter college. AP exams are administered every May. The exam schedule has been designed to allow you the opportunity to take both exams, if you are enrolled in both courses. If the United States exam is given during the morning administration, the Comparative exam will be given during the afternoon administration. The AP United States Government & Politics Exam The United States exam is 145 minutes in length and is divided into two sections: I. Multiple-Choice (50% of your grade): This 45-minute section is composed of 60 questions designed to measure your understanding of facts, concepts, and theories pertinent to United States government and politics. Your ability to analyze and understand data, and the patterns and consequences involved with political processes and behaviors will also be tested. In addition you must have knowledge of the various institutions, groups, beliefs, and ideas relevant to United States government and politics. II. Free-Response (50% of your grade): This 100-minute section consists of four mandatory questions, each of which accounts for one-fourth of your total free-response score. You should allot roughly 25 minutes - or one-quarter of the total time in the free-response segment - for each essay. Each question normally asks you to interrelate ideas from different content areas from among the topics listed below. In addition, you may also be asked to evaluate and define fundamental concepts in the study of United States politics, and possibly to analyze case studies that bear on political relationships and events in the United States. You will be required to demonstrate mastery of political interpretation, and analytic and organizational skills through writing. In addition, you may be presented with graphs, charts and tables from whose data you would be asked to draw logical conclusions. Here's a breakdown of coverage on the United States exam: Topics / % of Exam I. Constitutional Underpinnings of United States Government / 5-15% II. Political Beliefs and Behaviors / 10-20% III. Political Parties, Interest Groups, and Mass Media / 10-20% IV. Institutions of National Government: The Congress, the Presidency, the Bureaucracy, and the Federal Courts / 35-45% V. Public Policy / 5-15% VI. Civil Rights and Civil Liberties / 5-15% The AP Comparative Government & Politics Exam The Comparative exam is 145 minutes long and is divided into two sections: I. Multiple-Choice (50% of your grade): This 45-minute section is composed of 60 questions designed to measure your understanding of facts, concepts, and theories pertinent to Comparative government and politics. Your ability to analyze and understand data, and the patterns and consequences involved with political processes and behaviors will also be tested. The countries normally tested in the multiple-choice questions include Great Britain, France, the former Soviet Union (Commonwealth of Independent States), and China; these are referred to as the core countries tested on the exam. For certain questions, basic knowledge of the United States will be assumed. II. Free-Response (50% of your grade): This 100-minute section consists of four mandatory questions, each of which accounts for one-fourth of your total free-response score. You should allot roughly 25 minutes - or one-quarter of the total time in the free-response segment - for each essay. Comparative Free-Response questions may require you to compare one or two of the core countries (Great Britain, France, China, and the former Soviet Union) with the developing nations of either India, Mexico, or Nigeria. To do this, you must be able to demonstrate knowledge of the politics of one of these developing nations. Here's a breakdown of coverage on the Comparative exam: Topics / % of Exam I. The Sources of Public Authority and Political Power / 5-15% II. Society and Politics / 5-15% III. The Relationship Between Citizen and State / 5-15% IV. Political and Institutional Frameworks / 35-45% V. Political Change / 15-25% VI. The Comparative Method / 5-10% About the Review Sections As mentioned earlier, this book includes two reviews: one for United States Government and Politics, the other for Comparative Government and Politics. The United States Government and Politics Review covers all of the key information you'll need to score well on the United States exam. These topics include: - Constitutional Framework - The Federal Government - Political Institutions and Special Interests - Public Opinion and Voter Behavior - Civil Rights and the Supreme Court We also provide a glossary for the United States Government and Politics exam. Included are the key historical figures, court cases, programs, laws, etc., that often appear on this AP exam. The Comparative Review provides a thorough discussion of the material most often tested on the Comparative exam. Special emphasis is placed on the governments and politics of: - Britain - France - The former Soviet Union - The People's Republic of China A glossary for the Comparative Government and Politics exam enables you to brush up on terms that you are likely to encounter on this test. Scoring the Exam After the AP administrations, more than 1,700 college professors and secondary school teachers are brought together to grade the exams during the first two weeks of June. These readers are chosen from around the United States for their familiarity with the AP program. The Multiple-Choice sections of the Comparative Government & Politics and U.S. Government & Politics exams are scored by granting one point for each correct answer and deducting one-fourth of a point for each incorrect answer. Unanswered questions receive neither credit nor deduction. The Free-Response answers are read and scored using a specific set of objective criteria, but the actual points available for each question may vary from administration to administration. For purposes of this discussion - and REA's practice tests - the Comparative exam questions will yield a score between 0 and 9 (with 0 being the lowest and 9 the highest) on Free-Response Part I, and a score of between 0 and 5 (with 0 being the lowest and 5 the highest) on Free-Response Part II. All four Free-Response items on our U.S. Government practice exam are scored on the 0-to-9 scale. Once the responses are graded, the scores can be converted. The AP Government and Politics exam is based on a 120-point scale. The breakdown of the percentages and points is as follows (note that the available free-response points will vary): Once raw scores have been obtained for each section, they are weighted to produce a composite score. Then the composite scores for each section are added together to form a total composite score for the exam. The range for the composite score is from 0 to 120. Finally, the composite score is translated into a range of from 1 to 5, with 1 being the lowest and 5 the highest. Scoring the Multiple-Choice Section Use this formula to calculate your raw score for the multiple-choice section: (# right answers) - (# wrong x 1/4) = raw score "round off to nearest whole number; if the number is less than zero, enter zero" Scoring the Free-Response Section The following guide

explains typical free-response scoring criteria: Score Explanation of Score 8-9 The thesis is extremely well developed and is supported with concrete evidence; all aspects of the question have been addressed thoroughly; discussions presented are balanced. 6-7 The thesis is defined and supported; the evidence provided is very organized; the essay may be slightly imbalanced with one strong argument and one weak argument and/or discuss one topic more thoroughly than the next; sporadic factual errors may appear. 5 A basic argument or thesis is provided; evidence given supports the argument or thesis, but does not clearly connect with the argument or thesis; only the formal facets of the question are dealt with, and informal facets are not adequately covered; not all aspects of the question are discussed. 4 The thesis is not organized and is not referred to in the essay; the essay is little more than a recounting of facts and events; the essay may be overloaded with data; only one facet of the questions may be discussed; numerous factual errors may appear. 3 The thesis is weak; evidence provided in support does not apply to the thesis; factual errors are apparent. 2 The thesis is very weak; little or no factual evidence is provided to support the thesis; irrelevant and inaccurate information appears. 1 An attempt is made to answer the question, but the support given is insignificant and the coverage of topics is incomplete. 0 The question is not answered with any significance. Free-Response Part II (Comparative only) Score Explanation of Score 5 The thesis is extremely well developed and is supported with concrete evidence; all aspects of the question have been addressed thoroughly; discussions are presented in a balanced way. 4 The thesis is defined and supported; the evidence provided is very organized; the essay may be slightly imbalanced, with one strong argument and one weak argument; likewise, one topic may be more thoroughly explored than another; may be marred by sporadic factual errors. 3 A basic argument or thesis is presented; evidence given supports the argument or thesis, but does not clearly connect with the argument or thesis; only the formal facets of the question are dealt with, and informal facets are not adequately covered; not all aspects of the question are discussed. 2 The thesis is weak; evidence provided in support does not apply to the thesis; factual errors are apparent. 1 An attempt is made to answer the question, but the support given is insignificant and the coverage of topics is incomplete. 0 The question is not answered with any significance. It would be extremely helpful to find someone who is willing to score your essay - your teachers or anyone who is familiar with the test material. If you do, ask the person to assign each of your U.S. and Comparative (Part I) essays a score of 0 to 9. For your Comparative (Part II) essays, use the 0-to-5 scale. If you must grade your own essays, try to be objective! In addition, you may want to give your essays three different grades. For instance, if you feel you did well, try giving the essay a score of 5, 6, or 7 to represent the various scores you may receive. By underestimating what your score may be, you are more likely to receive a better score on the actual exam. Use the following formulae to determine your raw score for the Free-Response section: United States Exam (Free-Response) Response (1) score x 1.66 = raw score Response (2) score x 1.66 = raw score Response (3) score x 1.66 = raw score Response (4) score x 1.66 = raw score Comparative Exam Response (1) score x 1.66 = raw score Response (2) score x 1.66 = raw score Response (3) score x 3 = raw score Response (4) score x 3 = raw score The Composite Score Once you have obtained your raw scores for both the Multiple-Choice and the Free-Response sections, add the scores together to get your composite score: United States Exam Multiple-Choice raw score + Free-Response raw score = composite score (round to nearest whole number) Score Essay 1 + Score Essay 2 + Score Essay 3 + Score Essay 4 = raw score Comparative Exam Multiple-Choice raw score + Free-Response raw score = composite score (round to nearest whole number) Now compare your composite score with the scale below: Composite Score / AP Grade 88 - 120 / 5 74 - 87 / 4 54 - 73 / 3 35 - 53 / 2 0 - 34 / 1 AP grades are interpreted as follows: 5-extremely well qualified, 4-well qualified, 3-qualified, 2-possibly qualified, and 1-no recommendation. Scores that Earn College Credit and/or Advanced Placement Most colleges grant students who earn a 3 or above college credit and/or advanced placement. You should check with your school guidance office about specific college requirements. Studying for Your AP Examination It is never too early to start studying. The earlier you begin, the more time you will have to sharpen your skills. Do not procrastinate! Cramming is not an effective way to study, since it does not allow you the time needed to learn the test material. It is very important for you to choose the time and place for studying that works best for you. Some students may set aside a certain number of hours every morning to study, while others may choose to study at night before going to sleep. Other students may study during the day, while waiting on a line, or even while eating lunch. Only you can determine when and where your study time will be most effective. But, be consistent and use your time wisely. Work out a study routine and stick to it! When you take the practice exam(s), try to make your testing conditions as much like the actual test as possible. Turn your television and radio off, and sit down at a quiet table free from distraction. Make sure to time yourself. As you complete the practice test(s), score your test(s) and thoroughly review the explanations to the questions you answered incorrectly, but do not review too much during any one sitting. Concentrate on one problem area at a time by reviewing the question and explanation, and by studying our review(s) until you are confident that you completely understand the material. Since you will be allowed to write in your test booklet during the actual exam, you may want to write in the margins and spaces of this book when practicing. However, do not make miscellaneous notes on your answer sheet. Mark your answers clearly and make sure the answer you have chosen corresponds to the question you are answering. Keep track of your scores! By doing so, you will be able to gauge your progress and discover general weaknesses in particular sections. You should carefully study the reviews that cover the topics causing you difficulty, as this will build your skills in those areas. To get the most out of your studying time, we recommend that you follow the Study Schedule which corresponds to the exam you are taking. It details how you can best budget your time. If you are taking both exams, do not try to study for each at the same time. Try alternating days by studying for the United States exam one day and the Comparative exam the next. Test-Taking Tips Although you may be unfamiliar with tests such as the Advanced Placement exams, there are many ways to acquaint yourself with this type of examination and help alleviate your test-taking anxieties. Listed below are ways to help yourself become accustomed to the AP exam, some of which may also be applied to other standardized tests. Become comfortable with the format of the AP Examination in Government and Politics that you are taking. When you are practicing to take the exam(s), simulate the conditions under which you will be taking the actual test(s). You should practice under the same time constraints as well. Stay calm and pace yourself. After simulating the test only a couple of times, you will boost your chances of doing well, and you will be able to sit down for the actual test much more confidently. Know the directions and format for each section of the exam. Familiarizing yourself with the directions and format of the different test sections will not only save you time, but will also ensure that you are familiar enough with the AP exam to avoid nervousness (and the mistakes caused by being nervous). Work on the easier questions first. If you find yourself working too long on one question, make a mark next to it in your test booklet and continue. After you have answered all of the questions that you can, go back to the ones you have skipped. Use the process of elimination when you are unsure of an answer. If you can eliminate three of the answer choices, you have given yourself a fifty-fifty chance of getting the item

correct since there will only be two choices left from which to make a guess. If you cannot eliminate at least three of the answer choices, you may choose not to guess, as you will be penalized one-quarter of a point for every incorrect answer. Questions not answered will not be counted. Be sure that you are marking your answer in the circle that corresponds to the number of the question in the test booklet. Since the multiple-choice section is graded by machine, marking the wrong answer will throw off your score.

Peterson's Master the Social Sciences and History CLEP Test is the perfect resource to help you ace this CLEP general examination, which tests you on a broad range of topics in U.S. and world history, political science, geography, economics, psychology, sociology, anthropology, and more. In preparation for taking this exam, you will start by taking a 50-question pre-test, which together with its detailed answer explanations will help you see which subject areas you need to focus on during your studies. This guide then offers summaries of U.S. and world history topics; comparative politics and U.S. institutions; cultural, physical, and regional geography; a review of economics with a glossary of relevant terminology and major theorists and schools; and a discussion of the thoughts and methods of psychology, sociology, and anthropology. You will practice with review questions and conclude with a 50-question post-test, all of which come with answer explanations for further knowledge retention.

Recommended by teachers. Trusted by students. Higher score money back guarantee! AP Comparative Government & Politics Complete Content Review provides a detailed and thorough review of topics tested on the exam. The content covers comparative political principles and theories necessary to answer related questions on the test. - Introduction to comparative politics - Sovereignty, authority and power - Political institutions - Citizens, society and the state - Political and economic change - Public policy This book provides a thorough and curriculum-oriented review of all content areas of the course per the College Board's most current course curriculum. The content focused on targeted and detailed review of all important facts, concepts and theories related to comparative politics. The information is presented in a clear and easy to understand manner. This book can be used both as accompanying text during your AP course and as a review guide before the exam. By using it as your study tool, you will develop the necessary skills and will be well prepared for the course and exam. The content is developed and edited by highly qualified political science teachers, and researchers. The content was systematized and organized by education specialists to ensure the adherence to the curriculum and skills outlined by the College Board for the AP Comparative Government and Politics course. All content was examined for quality and consistency by our team of editors who are experts on teaching and preparing students for standardized tests.

The Globalization of World Politics, the bestselling introduction to international relations, offers the most comprehensive coverage of the key theories and global issues in world politics. The eighth edition engages with contemporary global challenges, featuring a brand new chapter on Refugees and Forced Migration and updated coverage of decolonization to ensure the book continues to cover those topics that will define the key issues in IR into the future. Tailored pedagogical features help readers to evaluate key IR debates and apply theory and concepts to real world events. A fully updated Opposing Opinions feature facilitates critical and reflective debate on contemporary policy challenges, from decolonising universities to debates over migration and the state. Leading scholars in the field introduce readers to the history, theory, structures and key issues in IR, providing students with an ideal introduction and a constant guide throughout their studies. Students and lecturers are further supported by extensive online resources to encourage deeper engagement with content: Student resources: International relations simulations encourage students to develop negotiation and problem solving skills by engaging with topical events and processes IR theory in practice case studies encourage students to apply theories to current and evolving global events Video podcasts from contributors help students to engage with key issues and cases in IR Guidance on how to evaluate the Opposing Opinions feature, supporting students to engage in nuanced debate over key policy challenges Interactive library of links to journal articles, blogs and video content to deepen students' understanding of key topics and explore their research interests Flashcard glossary to reinforce understanding of key terms Multiple choice questions for self-study help students to reinforce their understanding of the key points of each chapter Revision guide to consolidate understanding and revise key terms and themes Instructor Resources: Case studies help to contextualise and deepen theoretical understanding Test bank - fully customisable assessment questions to test and reinforce students' understanding of key concepts Question bank - a bank of short answer and essay questions to promote students' critical reflection on core issues and themes within each chapter Customisable PowerPoint slides help to support effective teaching preparation Figures and tables from the book allow clear presentation of key data and support students' data analysis

In the first collection of interviews with the most prominent scholars in comparative politics since World War II, Gerardo L. Munck and Richard Snyder trace key developments in the field during the twentieth century. Organized around a broad set of themes -- intellectual formation and training; major works and ideas; the craft and tools of research; colleagues, collaborators, and students; and the past and future of comparative politics -- these in-depth interviews offer unique and candid reflections that bring the research process to life and shed light on the human dimension of scholarship. Giving voice to scholars who practice their craft in different ways yet share a passion for knowledge about global politics, Passion, Craft, and Method in Comparative Politics offers a wealth of insights into contemporary debates about the state of knowledge in comparative politics and the future of the field. -- Margaret Keck, Johns Hopkins University

Debuting in its first edition and written by a new generation of area studies experts, Case Studies in Comparative Politics follows a questions-based approach that helps readers

understand different countries' political histories, institutions, identities, and interests and why each country is politically interesting and relevant. When used on its own or with the accompanying thematic survey, Case Studies in Comparative Politics asks—and answers—the same important questions that political scientists research and that are relevant to anyone interested in politics.

Written Test from the year 2013 in the subject Politics - Didactics, Political Education, grade: 1,0, Free University of Berlin (Otto Suhr Institut), course: Introduction to Comparative Politics, language: English, abstract: Comparative Politics: Working Paper III. Developing exam question out of the Curriculum of comparative politics.

This major new text provides an authoritative introduction to all aspects of politics and policy in the European Union. Written in the author's inimitably accessible style, it brings the European Union to life, giving readers a sense of the color and flavor of European Union politics and its impact on the citizens of Europe. -A major new introductory text specifically designed for students studying the European Union for the first time -Broad and detailed coverage of all aspects of European Union politics and policy and the nature of European integration -Written in the author's inimitably lively and accessible style - an extremely student-friendly new addition to a generally dry and dusty field -Readable and relevant, and alive to the human side of the European Union and the impact it has on the lives of Europe's citizens -Packed with a wide range of maps, charts, photos, and boxed features, including profiles of key figures in the theory and practice of European integration and country profiles of member states -Companion website includes updated materials, self test questions and answers, a searchable chronology glossary of terms, links, and further reading and an instructor's site providing additional teaching resources
