Challenge exams? Tests? In contract law, these are no easy task. There are tons of materials to read regarding Canadian contract law. Worse that can happen is that on the day of the exams, one's mind just freezes and struggles to recall. In open book exams, it is tempting to open the textbook -- but this is tricky because there is simply no time. After going through an accreditation process before the National Committee of Accreditation of the Federation of Law Societies of Canada, I understand the student's pain and joy. To help myself, I extracted the meat of a rule or principle from common law cases and jurisprudence, excerpting the text that will give the elements and exceptions. I created mnemonics to aid recall. This is my technique. It saved me time -- and it could save yours. In this edition, I added mindmaps to help organize thoughts. For the students out there who are taking contract law exams, good luck on your exams!

The ideal companion to developing the essential skills needed to undertake the core module of contract law as part of undergraduate study of law or a qualifying GDL/CPE conversion course. Providing support for learning and revision throughout, the key skills are demonstrated in the context of the core topics of study with expertly written example sets of notes, followed by opportunities to learn and test your knowledge by creating and maintaining your own summaries of the key points. The chapters are reinforced with a series of workpoints to test your analytical, communication and organisational skills; checkpoints, to test recall of the essential facts; and research points, to practice self-study and to gain familiarity with legal sources. 'Course Notes: Contract Law' is designed for those keen to succeed in examinations and assessments with view to taking you one step further towards the development of the professional skills required for your later career. In addition, concepts are set out both verbally and in diagrammatic form for clarity, and the essential case law is displayed in a series of straightforward and indisposible tables illustrating how best to analyse and compare legal points as expressed by the opinions of the authorities in each case. To check your answers to questions examples are provided online along with sample essay plans and web links to useful web sites and sources as part of the ever popular resources at www.unlockingthelaw.co.uk, making this the ideal resource to guide you through the demands of compiling and revising the information you will need for your exams.
