One of the most fascinating books on pre-Columbian and early colonial Peru was written by a Peruvian Indian named Felipe Guaman Poma de Ayala. This book, *The First New Chronicle and Good Government*, covers pre-Inca times, various aspects of Inca culture, the Spanish conquest, and colonial times up to around 1615 when the manuscript was finished. Now housed in the Royal Library, Copenhagen, Denmark, and viewable online at www.kb.dk/permalink/2006/poma/info/en/frontpage.htm, the original manuscript has 1,189 pages accompanied by 398 full-page drawings that constitute the most accurate graphic depiction of Inca and colonial Peruvian material culture ever done. Working from the original manuscript and consulting with fellow Quechua- and Spanish-language experts, Roland Hamilton here provides the most complete and authoritative English translation of approximately the first third of *The First New Chronicle and Good Government*. The sections included in this volume (pages 1–369 of the manuscript) cover the history of Peru from the earliest times and the lives of each of the Inca rulers and their wives, as well as a wealth of information about ordinances, age grades, the calendar, idols, sorcerers, burials, punishments, jails, songs, palaces, roads, storage houses, and government officials. One hundred forty-six of Guaman Poma's detailed illustrations amplify the text.

changing. Now, the way your students learn French is changing as well! In preparation for this edition of *Deux mondes*, we conducted extensive research, employing a wide array of research tools including surveys, focus groups, and ethnographic studies to identify the key goals and challenges of the Introductory French course. Not surprisingly, communication and cultural competence are top goals of the majority of instructors, while they are simultaneously faced with the challenges of fewer contact hours, budget cuts, and new course formats. *Deux mondes*, 7th edition, continues to offer a truly communicative approach that supports functional proficiency while responding to these changing needs in new and exciting ways. As a direct result of our research, we created Connect French (www.mhconnectfrench.com), a powerful online learning platform that includes the ebook, the online Cahier d'exercices, an audio/video chat tool, and a brand-new video filmed in Provence. Enhanced by these powerful new digital tools, *Deux mondes*, 7th edition: Engages students in authentic culture that inspires them to communicate with confidence by providing them with the natural contexts they need to develop their language skills Provides tools for flexibility and easy online course administration Achieves consistent results across face-to-face, hybrid, and online course formats *Connect French, including but not limited to the workbook/lab manual, the video program, and chat tools, is sold separately and does not come automatically with the purchase of the textbook.

Galileo's Dialogue Concerning the Two Chief World Systems, published in Florence in

1632, was the most proximate cause of his being brought to trial before the Inquisition. Using the dialogue form, a genre common in classical philosophical works, Galileo masterfully demonstrates the truth of the Copernican system over the Ptolemaic one, proving, for the first time, that the earth revolves around the sun. Its influence is incalculable. The Dialogue is not only one of the most important scientific treatises ever written, but a work of supreme clarity and accessibility, remaining as readable now as when it was first published. This edition uses the definitive text established by the University of California Press, in Stillman Drake's translation, and includes a Foreword by Albert Einstein and a new Introduction by J. L. Heilbron.

A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. A Wrinkle in Time, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.

First published in 1926, *The Torrents of Spring* is a hilarious parody of the Chicago school of literature. Poking fun at that “great race” of writers, it depicts a vogue that Hemingway himself refused to follow. In style and substance, *The Torrents of Spring* is a burlesque of Sherwood Anderson's *Dark Laughter*, but in the course of the narrative, other literary tendencies associated with American and British writers akin to Anderson—such as D. H. Lawrence, James Joyce, and John Dos Passos—come in for satirical comment. A highly entertaining story, *The Torrents of Spring* offers a rare glimpse into Hemingway's early career as a storyteller and stylist.

With this novel, Andreï Makine, whose work has been compared to that of Balzac, Chekhov, Pasternak, and Proust, brings to a stunning conclusion his epic trilogy that began with *Dreams of My Russian Summers* and continued with *Requiem for a Lost Empire*. The novel opens in 1942, in a burning, gutted Stalingrad, where the German and Russian armies are locked in a struggle to the death. Amid these ruins, a French pilot and a nurse, also French, are engaged in a passionate affair that each knows will be hopelessly brief. The pilot, Jacques Dorme, was shot down two years earlier. Imprisoned and sent east to a German POW camp, Dorme made a daring escape and crossed Germany stealthily by night until he arrived in an already

devastated Russia, where, having proved his mettle as a pilot, he joined a Russian squadron stationed near Stalingrad. But during the brief time they have together there, the love between Dorme and Alexandra builds and blossoms into a relationship they both know comes but once in a lifetime. Several decades later, the narrator—a Russian exiled in France, a war orphan haunted by his dark childhood and obsessively searching for his roots—travels back to his native land, where in the icy and treacherous wastelands of Siberia he attempts to discover how his life and that of Jacques Dorme are inextricably intertwined.

When a meteorite lands in Surrey, the locals don't know what to make of it. But as Martians emerge and begin killing bystanders, it quickly becomes clear—England is under attack. Armed soldiers converge on the scene to ward off the invaders, but meanwhile, more Martian cylinders land on Earth, bringing reinforcements. As war breaks out across England, the locals must fight for their lives, but life on Earth will never be the same. This is an unabridged version of one of the first fictional accounts of extraterrestrial invasion. H. G. Wells's military science fiction novel was first published in book form in 1898, and is considered a classic of English literature.

In Paco Roca's intensely intimate and international award-winning graphic novel, *The House*, three adult siblings return to their family's quaint vacation home a year after their father's death. They each bring their respective wives, husbands, and children there with the intention to clean up the residence and put it on the market, but as garbage is hauled off and dust is wiped away, decades-old resentments quickly fill the vacant home. Through flashbacks into each sibling's memories — the fig trees they grew up climbing, the pergola they never got around to build, the final visits to the hospital — Roca gives us a glimpse into domestic moments of joy, guilt, and disappointment while asking what happens to brothers and sisters when the only person holding the family together is now gone. Much like the film *The Big Chill*, *The House* is both painful and touching, brilliantly rendered on panoramic pages by Roca, who is known for his empathetic books like the 2017 Eisner Award-nominated *Wrinkles*. At once deeply personal (dedicated to Roca's own deceased father) and entirely universal, *The House* details the struggle to overcome the past, but still hold onto the memories.

In the decades since the end of the Second World War, it has been widely assumed that the western model of liberal democracy and free trade is the way the world should be governed. However, events in the early years of the twenty-first century – first, the 2003 war with Iraq and its chaotic aftermath and, second, the financial crash of 2008 – have threatened the general acceptance that continued progress under the benign (or sometimes not so benign) gaze of the western powers is the only way forwards. And as America turns inwards and Europe is beset by austerity politics and populist

nationalism, the post-war consensus looks less and less secure. But is this really the worst of times? In a forensic examination of the world we now live in, acclaimed historian Michael Burleigh sets out to answer that question. Who could have imagined that China would champion globalization and lead the battle on climate change? Or that post-Soviet Russia might present a greater threat to the world's stability than ISIS? And while we may be on the cusp of still more dramatic change, perhaps the risks will – in time – bring not only change but a wholly positive transformation. Incisive, robust and always insightful, *The Best of Times, The Worst of Times* by Michael Burleigh is both a dazzling tour d'horizon of the world as it is today and a surprisingly optimistic vision of the world as it might become.
