

English Fal September Question Paper 2 2013

With numerous maps and illustrations, James Scott Wheeler connects the strategic and tactical levels of war with political actions and reactions, and discusses how Britain and Ireland became battlegrounds in the 'war of three kingdoms'. The various stages of this period of turmoil are clearly demonstrated, right through to the execution of Charles I, the conquest of Catholic Ireland, and the eventual death of the English Republic, and provide students of history with an excellent addition to their studies.

An analysis of the 1983 Korean airliner incident explores the possible explanations for the straying over Soviet territory, the information that supports or contradicts each other, and the handling of the incident

In spite of the general phobia of federalism, there is a strong federalist trend within British political culture. In three very different historical contexts, federalism inspired the action of political movements such as the Imperial Federation League, the Round Table and the Federal Union. Indeed, it was regarded as the solution to problems arising from the first signs of the possible collapse of Great Britain and its Empire. The Round Table Movement played a particularly interesting role in this regard, attempting to reverse the rapid and inexorable decline of the British Empire. It was a political organisation with roots in all the major peripheries of the Empire and almost unlimited financial resources. This volume discusses the strategies and means employed by the group in order to maintain the British Empire's global prominence. The book's main argument is that we did not have a "British century" – the nineteenth – and an "American century" – the twentieth – but, rather, four centuries of Anglo–Saxon supremacy, which witnessed the affirmation of the national principle – expression of the Continental political tradition – and its overcoming through its opposite, the federal principle, the expression of the insular political tradition.

The Human Factor tells the dramatic story about the part played by political leaders - particularly the three very different personalities of Gorbachev, Reagan and Thatcher - in ending the standoff that threatened the future of all humanity
