Popular Science

Los Angeles magazine is a regional magazine of national stature. Our combination of award-winning feature writing, investigative reporting, service journalism, and design covers the people, lifestyle, culture, entertainment, fashion, art and architecture, and news that define Southern California. Started in the spring of 1961, Los Angeles magazine has been addressing the needs and interests of our region for 48 years. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian.

Cincinnati Magazine taps into the DNA of the city, exploring shopping, dining, living, and culture and giving readers a ringside seat on the issues shaping the region.

Vacationing with his relatives, an affluent businessman discovers that his perceptions of beauty and tranquility of the north are mere illusions. Although fully cognizant of the evil reality within their community, none of the relatives disclose the fact that the dark shadow of the werewolf chokes the land. A devastating supernatural event changes one man's destiny forever. His opulent world shatters like a delicate crystal glass falling upon an unforgiving marble floor. Destiny offers him a new profession. Out of the murky depths, a werewolf hunter emerges. Vengeance burns bright in a heart filled with

acrimony. In his valiant efforts to purge the countryside, Buck Lanark must murder foes, friends and family members. He cannot afford the luxuries of discretion and discrimination. All who have become werewolves must die. In the course of his killing spree, Buck discovers the origins and evolution of werewolves.

Dani is determined to change. Trodden down by her abusive stepdad, neglectful mother, and nonexistent social life, Dani decides to leave it all behind-she flees into the night and finds herself in a dark, and strangely wondrous, new world. A world unknown to most humans. However, destiny is an unpredictable force. Through a peculiar turn of events, she unknowingly gets entangled in a brutal war waging between two factions of vampires. The Ruemisuds are a technologically advanced, elite vampire society that wants absolute control. They will stop at nothing to get it, including experimenting on unsuspecting humans and decimating the Rhowels, a clandestine, rebel clan of vampires. This clan possesses a key to survival that the Ruemisuds desperately want, and they will protect it until the bitter end. Dani's riveting journey has just begun in this beautiful tale of love, hate, betrayal, and, above all, survival. The war is escalating quickly and Dani is determined to survive. Who will help her? Who will win the war? Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

Rates consumer products from stereos to food processors

This official centennial salute to the trucks of General Motors Corporation and its predecessors traces their history through photos, advertisements, and other historical data. Provides a decade-by-decade glimpse at various model changes, lists important personnel, and discusses available commercial and consumer vehicle lines. Includes pickups, busses, and commercial trucks.

Includes American Farriar's Association newsletter.

The automobile industry is evolving rapidly on a worldwide basis. Manufacturers are merging, component design and manufacture are now frequently outsourced instead of being created in-house, brands are changing and the giant auto makers are expanding deeper into providing financial services to car buyers. The skyrocketing price of gas spurs developments in hybrid technology and clean diesel, as manufacturers look for ways to improve fuel efficiency.

Meanwhile, all of the biggest, most successful firms have become totally global in nature.

Plunkett's Automobile Industry Almanac will be your complete guide to this immense, fascinating industry. On the car dealership side, giant, nationwide holding companies have acquired the best dealers in major markets. Even the used car business is being taken over by national chains. E-commerce is having profound effects on the car industry. Consumers use the Internet to become better informed before making a purchase. Online sites like Autobytel steer millions of car buyers toward specific dealers while the same sites deliver competing bids for cars, insurance and financing in a manner that lowers costs and improves satisfaction among consumers. Meanwhile, auto makers are using the latest in e-commerce methods to manage their supply chains and replenish their inventories. This exciting new book (which includes a database on CD-ROM) is a complete reference tool for everything you need to know about the car, truck and specialty vehicles business, including: Automotive industry trends and market research; Mergers, acquisitions, globalization; Automobile manufacturers; Truck makers; Makers of specialty vehicles such as RVs; Automobile loans, insurance and other financial services; Dealerships; Components manufacturers; Retail auto parts stores; E-commerce ; and much, much more. You'll find a complete overview, industry analysis and

market research report in one superb, value-priced package. This book also includes statistical tables, an automobile industry glossary, industry contacts and thorough indexes. The corporate profile section of the book includes our proprietary, in-depth profiles of the 400 leading companies in all facets of the automobile industry. Purchasers may also receive a free copy of the company profiles database on CD-ROM.
