

Fundamentals Of Corporate Finance Parrino

The Concise edition continues to integrate the authors' approach and retains the depth and level of Fundamentals by eliminating some less important topics rather than condensing all existing topics. The Essentials edition consolidates two chapters, increases its focus on others, and provides updated time sensitive content where practical. The Essentials edition continues to provide students with the tools they need to master the course content by helping them understand Corporate Finance as it applies to their studies. This text presents students and instructors with a less expensive and succinct product that increases student motivation with real-world finance problems, effectively producing stronger student performance on classroom exams.

Parrino, Kidwell and Bates, Fundamentals of Corporate Finance 2 nd Edition is a balanced approach to the main theme of value creation balanced by risk management. The goal of this text is to provide both intuitive and calculation based- to master content. Material is organized from the most concrete to the most abstract provided with regular opportunities to review, practice, and self-test. This issue emphasizes building intuitive abilities to solve problems that occur in the business world. Once principles and concepts are understood, the goal is to have a knowledge-based intuitive understanding of financial projects and situations. In addition, the book addresses demands for intellectual and mathematical rigor and includes features showing the relevance of finance to other business disciplines.
