During its 33-season run, Mister Rogers' Neighborhood (1968-2001) left an indelible mark on millions of children and their caregivers. With television, Fred Rogers found the perfect medium for disseminating his prosocial messages to a mass audience of young people, helping them to better understand themselves and their world. Perhaps no series in the history of children's television has done more to develop the identity and ethics of the child. More than a decade after Rogers' death, he continues to attract an audience online. Yet despite the show's lasting impact it has been largely ignored by scholars. This collection of new essays focuses on Rogers' contribution to children's lives and media and to American culture. The contributors discuss his stance on the individual and the perception of self, his ideas about meaningful participation in a community and his use of television to accomplish his goals. At a time when the demands of a highly technological, media-dense world have diminished our capacity to listen carefully and to be present to others, Rogers' ideas still resonate.

Two places with the same name. Two women with the same mother. Decades of malice and deception. From 1930 to the present day; from the sun-baked vineyards of southern France, to the lush green coast of northern Cornwall; a story of a friendship which knew no bounds - betrayal - and a love that refused to die.

More than 600 live-action series from the first 35 years of American television are alphabetically listed in this encyclopedic work.

Although it reads as a novel, Sniper Jackson can be justifiably viewed as 'faction' weaving true events around a mythical character. This was a commonplace method of writing at a time when many serving or ex-soldiers did not want individuals or events in their books to be identified, and many used pseudonym's to conceal their identities.??Sleath's work bears all the hallmarks of personal experience, in particular those small details of trench life and the insights into the

close-knit camaraderie commonly found in specialist units that only those who have experienced it could know. Indeed, the book was praised for its accuracy by one of the pioneers of British trench sniping, Major Frederick Crum, in his own *Memoirs of a Rifleman Scout*.??It would be a mistake to dismiss such literature as imagination or fabrication, bearing little relationship to reality. The truth is that such books actually contain a wealth of information and *Sniper Jackson* is a unique piece of eyewitness history about a rarely discussed element of warfare on the Western Front in the First World War.

Daniel finds many things to see and do on the long trip to his grandfather's house.

"Television History, The Peabody Archive, and Cultural Memory is the product of a multiyear collaboration between the Peabody Awards program and over a dozen media scholars with the intent to uncover, explore, and analyze historical television programming contained in the Peabody Awards archives at the University of Georgia. It is an intentional effort to look both wider and deeper than the well-known canon of U.S. broadcast history that dominates popular memory of the relationship of television to American society. The Peabody Archive is especially suited to this project because it is an archive of programming produced and submitted not just by the big networks in New York or Los Angeles, but by stations and media producers across the nation and, more recently, around the world. This project asks, how might these programs change our understanding of television's past, and impact the ways we think about television's present and future? What new questions can we ask and what new approaches should we take as a result of seeing and experiencing this programming? The contributions in this volume offer a dramatic range of approaches for how scholars can productively engage the archive's media and physical holdings to examine and reconsider television history"--

Recueil de deux pièces. **Désordre public**, créée d'abord sous le titre d'**Aphrodite en 04**, dans laquelle l'auteure "pratique un théâtre sur la corde raide, au texte réinterrogé dans l'urgence" (cf. quatrième de couverture). Puis deux versions (une avec enfants et l'autre sans) de la pièce **Night retour, mademoiselle** qui est "une activité familiale" qui aborde "un sujet démodé: d'où venons-nous et que laissons-nous?" (cf. p. 83). [SDM].

Malou et Domi, forment un harmonieux couple de navigateurs dynamiques Après avoir sillonné l'Atlantique, ils décident d'accomplir leur rêve de jeunesse, faire le tour du monde.
