Now updated for the 2016 PMP exam Learn the latest principles and certification objectives in The PMBOK® Guide, (Fifth Version), in a unique and inspiring way with Head First PMP. This book helps you prepare for the PMP certification exam using a visually rich format designed for the way your brain works. You'll find a full-length sample exam included inside the book. More than just proof of passing a test, a PMP certification means that you have the knowledge to solve most common project problems. But studying for a difficult four-hour exam on project management isn't easy, even for experienced project managers. Drawing on the latest research in neurobiology, cognitive science, and learning theory, Head First PMP offers you a multi-sensory experience that helps the material stick, not a text-heavy approach that puts you to sleep. This book will help you: Learn PMP's underlying concepts to help you understand the PMBOK principles and pass the certification exam with flying colors Get 100% coverage of the latest principles and certification objectives in The PMBOK Guide, Fifth Edition Make use of a thorough and effective preparation guide with hundreds of practice questions and exam

Access Free Head First Pmp Exam

strategies Explore the material through puzzles, games, problems, and exercises that make learning easy and entertaining Head First PMP puts project management principles into context to help you understand, remember, and apply them—not just on the exam, but also on the job.

What will you learn from this book? Head First PMP teaches you the latest principles and certification objectives in The PMBOK® Guide in a unique and inspiring way. This updated fourth edition takes you beyond specific questions and answers with a unique visual format that helps you grasp the big picture of project management. By putting PMP concepts into context, you'll be able to understand, remember, and apply them—not just on the exam, but on the job. No wonder so many people have used Head First PMP as their sole source for passing the PMP exam. This book will help you: Learn PMP's underlying concepts to help you understand the PMBOK principles and pass the certification exam with flying colors Get 100% coverage of the latest principles and certification objectives in The PMBOK® Guide, Sixth Edition Make use of a thorough and effective preparation guide with hundreds of practice questions and exam strategies Explore the material through puzzles, games, problems, and exercises that make learning easy and entertaining Why does this book look so different? Based on the latest research in cognitive

science and learning theory, Head First PMP uses a visually rich format to engage your mind, rather than a text-heavy approach that puts you to sleep. Why waste your time struggling with new concepts? This multi-sensory learning experience is designed for the way your brain really works.

African nations have an underdeveloped industrial and economic base such as their water supply, electrical systems, roads, railways, etc. Massive funding is required to build each of these basic services to the levels of developed nations – funding they don't have. Many African countries rely on assistance from the government and global companies looking to invest or facilitate projects in the region. And for a variety of reasons, many of these projects fail or are inadequate to fulfil the needs of the nation. In order to facilitate their own economic development, African nations need to cultivate efficient project management practices and policies that will help them achieve their goal of sustainability. This book by a multidisciplinary project management consultant, contributes to the body of knowledge that each African country can attain and sustain economic development by suggesting how to eliminate and correct most causes of failures of projects in construction, water treatment, electricity and renewable energy. It suggests that they should also be able to obtain the sustainable harvesting of the benefits of project deliverables which have been

planned for in order to implement the various aspects of their economic development. The suggestions in this book will make a difference in project delivery and are comprehensive enough to create a root-and-branch change which will affect the people involved in making decision on projects and their delivery. Thus, project management teams and their managers, organization decision makers, companies looking to invest in the region, and politicians who plan the economy have to understand the causes of unhelpful practices and what needs to be done in order to produce productive and effective delivery of long-term sustainable project. The principal goal of this book is to advise public and private companies, and international organizations conducting projects in Africa on how to prepare themselves, their businesses and enterprises to solve the problems that cause failure of projects and abandonment of project deliverables. The book also recommends the necessity for a commercial enterprise or government entity to prepare and develop its vision, mission, and strategic objects to constitute the basis of a business plan which should be implemented for successful operations. After first identifying various failed and abandoned projects in Nigeria, Ghana and South Africa, the author provides an analysis of why these projects failed or were abandoned. By using methodologies of Organizational Project

Access Free Head First Pmp Exam

Management (OPM), Project Portfolio Management (PPM) and project management techniques, he suggests a framework for project delivery which could be used as a foundational structure and platform that will address the problem and provide solutions for the achievement of successful and sustainable project delivery in Africa.

?Proven Strategies And Tips That Will Help You Pass The PMP Exam On Your First Attempt. See Reviews, To Believe? Do you know that more than 55% of the people fail in their first attempt to pass the PMP Exam? Also, if you fail 3 times within a year, you have to wait a whole year before you can try it again, not to forget the struggle of studying again and the expenses associated for the re-exam. Worst! if the PMBOK changes. Almost all PMP Certified said: "The exam is not that difficult, but need to have an effective strategy to nail it". Then why should you spend months on cramming pages of books and studying materials that merely consumes your time and energy and returns little value for your exam? Honestly, no one cares if you study hundreds of books or just spend few weeks prepping for the exam. The only thing that matters is a flash message on your exam computer screen stating "Congratulations! on Passing the PMP Exam". Do you want to know how this is possible? The answer lies in "By Studying Smart! So, why not get it done the smart way! PMP EXAM PREP GUIDE

Access Free Head First Pmp Exam

- OUTWITTING THE PMP EXAM; YOUR ANSWER TO THE SMART WAY. If you ask the Super PMPs, they will say "Passing this exam is not that difficult if you understand the exam, and know how you crack the code behind it. Once you know how to and what to expect and the best way to outsmart (aka outwit) it, you will pass this exam with flying colors". So, what do you get in this guide? A 2 1/2 Month Study Plan that focuses on one thing: PMP CERTIFICATION. The study plan will guide you how to read PMBOK with AGILE, and any of the supplement guide like Rita Mulcahy's "PMP Exam Prep" or Andy Crowe's "The PMP Exam" or Head First PMP. How to apply SWOT analysis on your path PMP Certification 10 myths about the PMP Exam you should stop believing now 10 killer don'ts and 10 must do's before you set your foot in the exam center Know 50 essential question types in the test Learn how to crack PMP exam in 2 1/2 hours, the smart way. Also, you will get access to tons of free online question banks and resources that will make passing the PMP Exam extremely easy. We are not talking about shooting blind shots and hoping for a hit. This guide is an outcome of more than 12,000 candidate appraisals; careful evaluation of exams spanning over 13 years and hundreds of certification aspirants mentored to success. To ensure your success, the resources provided in this guide do not end here. You will also get a must-read

Business & Economics/Project Management When you're studying for the PMP®/CAPM® exam, the most important thing to manage is your time This practical guide will help you study for the Project Management Professional (PMP®)/Certified

Access Free Head First Pmp Exam

Associate in Project Management (CAPM®) Certification Exam more efficiently and productively. It is aligned with and references PMI's Project Management Body of Knowledge, Third Edition (PMBOK® Guide). Unlike other review materials that are organized according to knowledge areas and cover the forty-four processes almost equally, this guide divides materials into process groups or domains and weights your review materials the way PMP®/CAPM® weights the exam. For example, approximately 11% of the exam questions will be on the Initiation Phase, so approximately 11% of the review materials in this book covers the Initiation Phase. The guide flows like projects flow. There are six sections: Initiation Phase Planning Phase Execution Phase Monitor and Control Phase Closing Phase Professional Responsibility This is not an unabridged "everything you ever need to know about project management" guide. It focuses exclusively on information you need to know to pass the exam and features: A total of 175 pre-review questions and 175 post-review questions, along with complete answers and explanations The facts, presented clearly and concisely with no frills, no fine print, and no digression Terms, definitions, formulas, charts, diagrams, and lists that help you retain the information and pass the test Advice on how to study and how to take the actual exam, plus a comprehensive index, so it's easy to find information

The PMP Study Guide is a comprehensive study aid for the upcoming Project Management Professional (PMP) certification administered by PMI. The book is designed to prepare readers for the PMP exam, as well as serve as a good reference for acting project managers. The book will cover the Project Management Process and Procedures outlined in A Guide to the Project Management Body of Knowledge. 5th Edition. Readers will benefit from the detailed discussion of the wide-range of project management and exam topics, concepts, and key terms, and will present the material in a logical manner: each section builds upon previous sections and a chapter on previous chapters. The book will cover the exam outline 100%. Each chapter will include a list of topics covered in that chapter, following by in-depth discussion of those objectives, complete with hands-on Real World Scenarios and How This Applies to Your Current Project sidebars. The chapter will conclude with an Exam Essentials section and comprehensive review questions. The companion study tools include leading-edge exam prep software with test engine of practice questions and electronic flashcards. In addition, there will be over 2 hours of additional audio. Bonus Content: The book also prepares those studying for the new Certified Associate in Project Management (CAPM) program offered by PMI by including two bonus CAPM exams.

difficult four-hour exam on project management isn't easy, even for experienced project managers. The book teaches underlying concepts so that you can understand the PMBOK principles and pass the certification exam with flying colors. Head First PMP puts project management principles into context to help you understand, remember, and apply them -- not just on the exam, but also on the job.

This book has been described in many ways, "...I laughed so hard I nearly peed my pants." "This book single handedly help me pass my PMP, APM, Prince 2 and grade 3 bassoon exams." "...the funniest book on Project Management I have ever read." "Well, it made me laugh." None of these statements have been said about it, except the first one, Peter Taylor, The Lazy Project Manager said that and he is in the book. Blast, no not the first one, the last one, yeah the last one, that's what he said. What would happen if all comedy sketches were about project management? Wouldn't that be great? Not sure? Well, no need to worry. You no longer have to imagine it, here is a collection of twelve, yes count them, twelve comedy sketches and songs all about project management. Through these twelve chapters, you will continue to follow the formative days in project management of our intrepid hero George Onaswell. You will have a fly on the wall view of his trials, his tribulations and the characters that shaped his project management career. "continue?" I hear you say, did you not read When I Were a Project Manager? Get to it now! It's cheap and only a short read. Oh wait, please buy this one first, I have a wife, children, and a really bad
