sinned, and come short of the glory of God. Romans 6: 23 For the wage of sin is death: but the gift of God is eternal life through Jesus Christ our Lord. Romans 10: 9 & 10 That if thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised him from the dead, thou shalt be saved. For with the heart man believeth unto righteousness; and with the mouth confession is made unto salvation.

Minor characters, both male and female, heavily populate the fourfold Gospel of Matthew, Mark, Luke, and John. They all come from different socioeconomic strata of society. Some are distinguished by name, while most remain anonymous. Some are taciturn, while others are loquacious. A few are wealthy, while the majority are poor. This book examines seven pericopae of different minor characters, who appear suddenly in different settings and circumstances, interact with Jesus briefly, and then vanish quickly, leaving behind historical memories preserved by the Gospel evangelists as windows into Jesus' identity and his multifaceted charismatic ministry of compassion and redemption within the context of first-century Judaism.

In 1963, I was just 17. I thought God had finally come through for me. Out of nowhere appeared my dashing Prince Charming. Married within three months, I was sure this was the redemption from my ragdoll beginnings. Though I had lived in the shadow

of illegitimacy, bludgeoning poverty, physical and sexual abuse, I was sure I would prove worthy to my bridegroom. After all, I had remained a virgin. How was I to know that he expected me to be an aggressive sex-pot, or "whore" as he put it, modeled after the persona of his famous step-mother, Marilyn Monroe? Thus began my ill-fated effort to compete with the sexual image of Marilyn. Divorced after two years, I found myself-as I saw it-"used goods."

Ironically, I reacted by becoming just what Joey had wanted- an alcoholic and a sex-object-not only in men's eyes but in my own. This book describes how God can take the mistakes and brokenness of our lives and turn them around for our good. It's called being redeemed.

They did not look like women, or at least a stranger new to the district might easily have been misled by their appearance, as they stood together in a group, by the pit's mouth. There were about a dozen of them there--all "pit-girls," as they were called; women who wore a dress more than half masculine, and who talked loudly and laughed discordantly, and some of whom, God knows, had faces as hard and brutal as the hardest of their collier brothers and husbands and sweethearts. They had lived among the coal-pits, and had worked early and late at the "mouth," ever since they had been old enough to take part in the heavy labor. It was not to be wondered at that they had lost all bloom of womanly modesty and gentleness. Their mothers had been "pit-girls" in their time, their grandmothers in theirs; they had been born in coarse homes; they had fared hardly, and worked hard; they had breathed in the dust and grime of coal, and, somehow or other, it seemed to stick to them and reveal itself in their natures as it did in their bold unwashed faces. At first one shrank from them, but one's shrinking could not fail to change to pity. There was no element of softness to rule or even influence them in their half savage existence. On the particular evening of which

I speak, the group at the pit's mouth were even more than usually noisy. They were laughing, gossiping and joking,--coarse enough jokes,--and now and then a listener might have heard an oath flung out as if all were well used to the sound. Most of them were young women, though there were a few older ones among them, and the principal figure in the group--the center figure, about whom the rest clustered--was a young woman. But she differed from the rest in two or three respects. The others seemed somewhat stunted in growth; she was tall enough to be imposing. She was as roughly clad as the poorest of them, but she wore her uncouth garb differently. The man's jacket of fustian, open at the neck, bared a handsome sunbrowned throat. The man's hat shaded a face with dark eyes that had a sort of animal beauty, and a well-molded chin. It was at this girl that all the rough jokes seemed to be directed.

Much has been written on what happened in the several Southern states during the Reconstruction but very little has been done on the changes that took place after the Democrats ousted the Republicans from control.

Reconstruction in Louisiana lasted longer than in any other state . . . Louisiana had suffered for fourteen years preceding 1876 when the courage and tact of Francis T. Nicholls drove the carpet-bag government from the state. . . . The change from Radical to Democratic rule constitutes an important period in the history of Louisiana. The events during this transition cast their influence far into the post-Reconstruction years. The political technique used was to be effective for some time. Likewise, the political controversies that arose between factions of the Democratic party have been revived frequently in campaigns until recently. -from the Preface

On a wintry morning at the close of 1690, the sun shining faint and red through a light fog, there was a great noise of baying dogs, loud voices, and trampling of horses in the courtyard at Wildairs Hall; Sir Jeoffry being about to go forth a-hunting, and being a man with a choleric temper and big, loud

voice, and given to oaths and noise even when in good-humour, his riding forth with his friends at any time was attended with boisterous commotion. This morning it was more so than usual, for he had guests with him who had come to his house the day before, and had supped late and drunk deeply, whereby the day found them, some with headaches, some with a nausea at their stomachs, and some only in an evil humour which made them curse at their horses when they were restless, and break into loud surly laughs when a coarse joke was made. There were many such jokes, Sir Jeffry and his boon companions being renowned throughout the county for the freedom of their conversation as for the scandal of their pastimes, and this day 'twas well indeed, as their loud-voiced, oath-besprinkled jests rang out on the cold air, that there were no ladies about to ride forth with them. 'Twas Sir Jeffry who was louder than any other, he having drunk even deeper than the rest, and though 'twas his boast that he could carry a bottle more than any man, and see all his guests under the table, his last night's bout had left him in ill-humour and boisterous. He strode about, casting oaths at the dogs and rating the servants, and when he mounted his big black horse 'twas amid such a clamour of voices and baying hounds that the place was like Pandemonium.
