"Sam Levene played the Broadway part of a harried TV quiz show producer who is anxious to divorce his current wife and remarry his first wife. He needs two hundred thousand dollars for the settlement which he is confident of getting from future profits of his show, "Make a Million." However, his prize contestant, a simple Southern girl, becomes pregnant without benefit of clergy. She knows only that the father is a soldier named John. The sponsor will cancel the show unless the girl is married at once, and after a frantic search the soldier is found. The soldier agrees to marry the girl when he discovers she could make a million dollars, but she changes her mind when she learns that the boy does not really love her. However, she is tricked into agreeing to the marriage when the producer stages a fake suicide attempt by the soldier on the window ledge of the penthouse office. When the ex-wife, who is also the producer's secretary, discovers this hoax, she threatens to walk out. The producer then finds a way to rid himself of the soldier so that the Southern girl can marry her hometown sweetheart, the boy she really loves."--Publisher's description.

FROM THE AUTHOR OF THE BUSINESSWEEK, USA TODAY, AND WALL STREET JOURNAL BUSINESS BESTSELLER HOW TO MAKE MONEY IN STOCKS! Simple-to-follow strategies for making--and keeping--profits in today's perilous stock market More than 80 million investors lost 50 to 80 percent of their savings in the recent stock market crash. Investor's Business Daily publisher William J. O'Neil, however, was one of the first to see--and warn investors about--the dangers inherent in what had been, up to that point, a historic bull market run. Those who followed his counsel were able to sidestep devastating losses and emerge with their sizable bull market profits largely intact. In *The Successful Investor*, O'Neil steps up to tell all investors how they can make money and, more important, avoid losses in up markets, down markets, and everything in between. Showing how mistakes made in the recent market collapse were amazingly similar to those made in previous down cycles, O'Neil reveals simple steps investors can follow to avoid costly mistakes and:

- Buy only the best stocks at only the best times
- Follow a market-tested 3-to-1 Profit-and-Loss Percentage Plan
- Know when to sell for the biggest possible profit
- Recognize chart patterns that presage enormous market moves
- Manage a portfolio over time to maximize its returns

William O'Neil has succeeded in virtually every market environment by following a stable, nonemotional investment plan. In his latest book, O'Neil explains how anyone can follow that plan to become a profitable long-term investor, regardless of market tides or turns. *The Successful Investor* will bring reason and welcome relief

This book was written to fill a need, when I started teaching script writing at Santa Monica College and my students asked me to name a book on the subject I could recommend. After voluminous reading, I could find nothing which was completely satisfactory. Most of it seemed to have been written by people who had never written professionally for films and/or television, and thus had no first-hand knowledge of it from personal experience. The books were written from hearsay and observation, like trying to learn how to swim by standing at the edge of a pool and watching others do it, without

ever getting into the water yourself. Or trying to fly by flapping your arms like a bird. It doesn't work. They have no hands-on (or wings-on) concept of how commercially produceable scripts are actually put together, and then marketed; and are of no real practical help to the beginning writer, or anyone else who's interested. Only a swimmer, or a bird, or a writer who has made his living at it, really knows how his special trick is done and can pass it on to others. And so here it is. Enjoy while you learn. Because if writing isn't fun, it's no way to make a living. Rob banks instead (but try not to get caught). advice on securing extraordinary gifts from average Americans. "How to Get Million Dollar Gifts and Have Donors Thank You!" has been described as part practical instruction and part motivation. The book is presented in a modified textbook format where each chapter begins with a fund-raising principle, followed by a story and concludes with the lesson learned. The most effective way to read the book may not be from cover to cover, but by selecting the sections that effect your organization today -- ultimately reading the book in its entirety. The foundation of the author's philosophy on fund raising is that there is always enough to go around. He sees our limitations as self-imposed. Limited outlook equals limited outcome.
