

when she helps shelter her Jewish friend from the Nazis.

Back in the days of Ronald Reagan's America, those far-from-innocent days of nostalgic rot and willful illusion, small-town life was thought to be simple, pure, the source of all decent values, and the home of true hearts and ever helpful neighbors who bear each other's burdens. James McGrath, a church musician who has just destroyed his personal life and his career through an act of catastrophic stupidity, believes this nonsense just long enough to flee a city he loves. Hoping to heal, he goes to live with his father in a tiny town on the Canadian border. He finds what fools have always found: truths more ordinary and more bitter than he wants to accept and a life more impoverished and antagonistic than he imagined. Descending into this bleak reality, like Jesus in the wilderness, James must face and answer the question: what do we live by? He makes some friends, falls in and out of love, rediscovers his art, and eventually finds a way back into his life. But it's not a smooth journey, and it comes with a price.

Free yourself from self-limiting beliefs and fears that keep you stuck. This book lays out a blueprint for how to take control of your life and begin living your dreams. We all dream. We all imagine. And we all want to live our best life. But why is it that 90 percent of people admit that if they got to live their life over, they would live it differently? What keeps us comfortable with the status quo and unable to get beyond "What if"? In part 1 of this book, Dr. Shirley Davis addresses these and other questions by guiding the reader through a personal journey of self-discovery, a search for significance, and an examination of the self-imposed limitations that can hijack our purpose, power, and possibilities. In part 2, she details the readers' journeys toward realizing their dreams by reimagining their lives, identifying their "why," and developing a life plan to stay focused and accountable. She describes the right questions to ask, the right mindset to adopt, and the right relationships to build that will enable everyone to live the life he or she has always imagined. Dr. Davis reveals the necessary steps for releasing the limits we place on ourselves as a result of life's tests, wrong thinking, and bad decisions. She helps readers overcome paralyzing fears that keep dreams on pause and inspires the confidence to jump first and grow wings on the way down.
