

# Jump Frog Jump

This paired set, along with a comprehensive learning guide, inspires student inquiry and invites critical thinking with paired fiction and nonfiction texts.

Wow! Said the Owl. Little owl discovered something amazing while other owls are sleeping - colors! Tim Hopgood won the Best Emerging Illustrator Award of BookTrust Early Years Award, and is shortlisted by Red House Children's Book Award for "A Dog Called Rod" and nominated for Kate Greenaway Medal for "Here Comes Frankie!". In Chinese. Distributed by Tsai Fong Books, Inc.

A cumulative tale in which a frog tries to catch a fly without getting caught itself.

"Boilerplate language in contracts tends to stick around long after its origins and purpose have been forgotten. Usually there are no serious repercussions, but sometimes it can cause unexpected problems. Such was the case with the obscure *pari passu* clause in cross-border sovereign debt contracts, when a Belgian court's novel judicial interpretation in *Elliott Associates v. Peru* rattled international finance by forcing a defaulting sovereign - for one of the first times in the market's centuries-long history - to repay its foreign creditors despite their refusal to enter into a restructuring agreement. Though neither party wanted this outcome, the vast majority of contracts subsequently issued demonstrate virtually no attempt to clarify the imprecise language of the clause. Using this case as a launching pad to explore the broader issue of 'stickiness' of contract boilerplate, Mitu Gulati and Robert E. Scott have sifted through more than one thousand sovereign debt contracts - dating back to the nineteenth century - and interviewed hundreds of practitioners to show that the problem actually lies in the nature of the modern corporate

law firm. The financial pressure on large firms to maintain a high volume of transactions contributes to an array of problems that deter innovation and that are largely hidden from the individual lawyer tasked with drafting contracts. With the near certainty of massive sovereign debt structuring in Europe, The Three and a Half Minute Transaction speaks to critical issues facing the industry and has broader implications for contract design that will ensure it remains relevant to our understanding of legal practice long after the debt crisis has subsided"--Unedited summary from book jacket.

Ésta es la tortuga que se metió en la charca y se comió a la serpiente que se deslizo de una rama y se tragó al pez que nadaba tras la ranita. ¿Salta ranita salta! Este alegre cuento repetido hará saltar y cantar de contento a todas esas "ranitas que conoces.

It comes with book and CD.

A rollicking, cumulative tale of a frog who tries to catch a fly without getting caught itself. Even the youngest listener will be able to figure out how the frog gets away

The Simplified Chinese edition of Tap the Magic Tree, a childrens picture book by Christie Matheson.

Activity book for use with big book: Jump, frog, jump / Robert Kalan.

Olga lets her brother train a frog for the Calaveras County Jump Frog Contest. Grades 2-4.

to share in the reading about a little frog who tries to catch a fly.--Horn Book

This is book Nine of the Penny Mouse Early Reader Series, and the fun of learning continues! This time Penelope Dyan introduces us to the frogs! The frogs jump, of course; and they are bothered by those same pesky little bees that we have seen in earlier Penny Mouse Early Readers! This book lists the first primary reading list words right next to the book's introduction, so that parents can copy the words and make flash cards to use with their children as their children learn to read. Dyan begins to also incorporate the use of counting and number words so that the child can interact with the parent as the reading progresses. You will note Dyan uses correct English writing. "To where did the little frog go?" and not "Where did the little frog go to," because that would be ending a sentence in a preposition; and Dyan is a believer that if a child hears and reads correct English, he or she will speak correct English. But that is just a hidden lesson, the main lesson of this book, and this series is mainly about the joy of learning! Penelope Dyan is an attorney, a writer and a former teacher and has been widely published in both the field of law as well as the field of education. She is an award winning writer, and she brings her love of children to the Penny Mouse Early Reader Series! Each concept is tried and true and classroom/kid tested! Go ahead and laugh as you

teach! (Everyone is supposed to have fun with these books!)

Can you imagine what it is like to live in a flowerpot and confuse one animal with another? Our chatty little plants Basil, Rosemary and the sisters know all too well the problems and fun it causes. This is for bilingual children and others wanting to read a dual language text in English and Japanese with illustrations. The bilingual story is presented twice. In the first part, the parallel Japanese text contains just hiragana and katakana characters. In the second part, simple Kanji characters are included that would typically be recognised by Japanese children in their third and fourth year of full time education. For ease of understanding, the languages are displayed together mostly one or two sentences at a time. The aim was to make the translation as direct as possible but always using everyday language of native speakers. Reading this fun bilingual story will help you learn Japanese.

Now available as a board book! This is the turtle that slid into the pond and ate the snake that dropped from a branch and swallowed the fish that swam after the frog ... Jump, frog, jump! This infectious, cumulative tale will soon have young frogs everywhere jumping and chanting with joy!

Illustrations provide humorous interpretations of the actions of animals from one frog to twelve whales.
