

winemakers and ordinary consumers in the context of online commerce. Promotional tasting notes of labelled wines from Campania—a Southern Italian region famous worldwide for its unique wine tradition—in their Italian and English version, are analysed to pursue the twofold aim of identifying the most common knowledge domains from which wine professionals draw new words from, and assessing the degree of terminological harmonisation between these descriptions and national/international terminological standards. Translation strategies put into use to promote Italian wines to the wider English-speaking audience are also discussed. The book provides a snapshot of wine language and is addressed to linguists and other academics, as well as members of the wine community and ordinary wine drinkers.

This book represents the work of a team of theorists and practitioners from various Central and Eastern European countries who offer a multidisciplinary approach to security and safety issues which companies in international and domestic trade, as well as consumers, are facing nowadays. Contributions range from the topics of terrorism and piracy, various aspects of theft and theft prevention, to the challenges of security and privacy in electronic and mobile commerce. Therefore, the book is a powerful resource in solving problems because it not only considers security, privacy, and ethical issues, among others, but also discusses how to prevent them before they occur.

This book contains the full proceedings of the 2015 Academy of Marketing Science Annual Conference held in Denver, Colorado. Marketing has become ubiquitous: it doesn't matter who you are, where you are or what you are doing, you cannot escape it. In these times of instantaneous news, information and entertainment, everyone is exposed to messages from the moment they awake until the minute they drift off to sleep. America spends the most money in the world on advertising and other marketing communication. So, it could be said that marketing is America's pastime, as much so as the classics: baseball, hot dogs, and apple pie. Under the theme of "Celebrating America's Pastimes: Baseball, Hot Dogs, Apple Pie and Marketing", this volume discusses all of the good things that marketing can do. Showcasing research from academics, scholars and practitioners from around the world, this volume provides insight and strategies that will help marketers move forward and focus on the positive that marketing can provide to consumers, stakeholders and society. Founded in 1971, the Academy of Marketing Science is an international organization dedicated to promoting timely explorations of phenomena related to the science of marketing in theory, research, and practice. Among its services to members and the community at large, the Academy offers conferences, congresses and symposia that attract delegates from around the world. Presentations from these events are published in this Proceedings series, which offers a comprehensive archive of volumes reflecting the evolution of the field. Volumes deliver cutting-edge research and insights, complimenting the Academy's flagship journals, Journal of the Academy of Marketing Science (JAMS) and AMS Review. Volumes are edited by leading scholars and practitioners across a wide range of subject areas in marketing science. Using the latest research and information on entrepreneurial marketing, including consumer behavior, social media, and intellectual property, the Second Edition of Marketing for Entrepreneurs provides practical insights, strategies, and tips on how to apply entrepreneurial marketing concepts to increase the chances of venture success. Business expert and influential author Frederick G. Crane focuses on how to use marketing to find, evaluate, and exploit the right venture opportunity. He then walks students and professionals through the various phases and steps of the marketing process, highlighting what is unique to and effective for entrepreneurial pursuits. Written for existing entrepreneurs and potential entrepreneurs alike, this book guides readers from where they are to where they want to be!

A successful marketing department has the power to make or break a business. Today, marketing professionals are expected to have expertise in a myriad of skills and knowledge of how to remain competitive in the global market. In the 21st century, most businesses participate in globalization, whether by entering new markets worldwide or dealing with competitors from around the world. In addition, the Internet and the accelerated evolution of related tools such as social media provide businesses, as well as individuals, the means to participate globally at an increasing pace. In order to identify profitable business opportunities and to recognize potential obstacles, one must have a complete picture of the global business environment. The Web and other Internet tools also give both new and traditional producers of information additional ways to deliver content to the end user, including interactive, web-based databases, digital files, or

twitter updates—to name a few. Taking these trends into consideration, *International Business Research: Strategies and Resources* provides the basic tools that are useful for doing international business research. Following an introduction that outlines the foundation for international business activity—money, the international monetary system, and financial markets—subsequent chapters address: essential information such as sources, organizations, and websites that list resources for specific regions and countries; how to find international company information and financial data; the major classification schemes used to find relevant industry data, including import/export statistics; and international market and industry research. Each chapter of *International Business Research* includes research recommendations based upon the authors' practical experiences and discusses the sources available to meet research needs, making this a valuable tool for anyone involved in the business world, particularly business school librarians, business students, and business professionals.

*Marketing 10/e* by Kerin, Hartley and Rudelius continues a tradition of leading the market with contemporary, cutting-edge content presented in a conversational student-oriented style, supported by the most comprehensive, innovative, and useful supplement package available. This text and package is designed to meet the needs of a wide spectrum of faculty—from the professor who just wants a good textbook and a few key supplements, to the professor who wants a top-notch fully integrated multimedia program. *Marketing* utilizes a unique, innovative, and effective pedagogical approach developed by the authors through the integration of their combined classroom, college, and university experiences. The elements of this approach have been the foundation for each edition of *Marketing* and serve as the core of the text and its supplements as they evolve and adapt to changes in student learning styles, the growth of the marketing discipline, and the development of new instructional technologies. The distinctive features of the approach are illustrated below:

- High Engagement Style - Easy-to-read, interactive, writing style that engages students through active learning techniques.

- Traditional and Contemporary Coverage - Comprehensive and integrated coverage of traditional and contemporary concepts.
- Rigorous Framework - A pedagogy based on the use of Learning Objectives, Learning Reviews, Learning Objectives Reviews, and supportive student supplements.

*Marketing Research, 3/e* takes an application-oriented approach, providing students with the tools and skills necessary to solve business problems and exploit business opportunities. This book is unique from any other in the market in three significant ways. First, it provides a greater balance between primary and secondary information and the techniques and methods that underpin these two important types of data. Second, it offers in-depth coverage of the critical research tools and skills that will be required of today and tomorrow's marketing researchers and business decision-makers. Third, with its in-depth coverage of secondary research, the practice of customer-based management is highlighted as this book helps students see what real companies are doing for their marketing research. This book provides students a realistic and current view of the practice and importance of marketing research in the business world.

Learning how to sell DVDs on the Internet could not have come at a better time, given the current economic climate, the rising unemployment rate, and the brooding recession. Selling DVDs on the Internet is an ideal alternative for easily bringing in extra income to catch up on bills, pay down credit cards, buy holiday gifts, or simply put food on the table - it is about surviving and being prosperous during this very difficult economy. The purpose of this book is to provide easy to

follow, step-by-step instructions on how to enter the Internet DVD retail business, avoid the pitfalls and costly mistakes, and create sustainable long-term income. This book is based on the real world personal experiences of the authors in successfully operating two Internet DVD retail businesses, competing in the vast and chaotic new and used DVD retail market, and generating sustainable income, despite the bad economy.

With digital media becoming ever more prevalent, it is essential to study policy and marketing strategies tailored to this new development. In this volume, contributors examine government policy for a range of media, including digital television, IPTV, mobile TV, and OTT TV. They also address marketing strategies that can harness the unique nature of digital media's innovation, production design, and accessibility. They draw on case studies in Asia, North America, and Europe to offer best practices for both policy and marketing strategies.

NEW PRODUCTS MANAGEMENT provides a management approach, with the perspective of marketing. In every organization there is a person or group of persons who are charged with getting new goods and services onto the market. Frequently those people are new product managers, or project managers, or team leaders. They lead a multifunctional group of people, with the perspective of a general manager. NEW PRODUCTS MANAGEMENT, Sixth Edition recognizes the value of the cross-functional team. That team will include representatives from all areas of business. A team leader (or future team leaders) will benefit from this text and its approach. The theories introduced in this text are reinforced through applications in the business world.

This edited volume expands on Morgan's organizational metaphors through the lens of faith to illuminate organizational function. Part I uses metaphor to illustrate dysfunctional organizations, including the impact of dysfunction upon organizational trust, performance, and longevity. Part II examines the progression from a dysfunctional organization to one that exhibits functionality. Finally, the last section discusses healthy organizations. Metaphors used in this book include Pygmalion organizations, organizational zombies, and organizations as vineyards. This book offers new metaphors that can be applied in organizational theory.

Culture pervades consumption and marketing activity in ways that potentially benefit marketing managers. This book provides a comprehensive account of cultural knowledge and skills useful in strategic marketing management. In making these cultural concepts and frameworks accessible and in discussing how to use them, this edited textbook goes beyond the identification of historical, socio-cultural and political factors and their effects on market outcomes. It builds understanding of the cultural symbols, world views, and practices at the heart of organizations and consumer collectives to better comprehend their relationships in markets. This book highlights the benefits that managers can reap from applying interpretive cultural approaches across the realm of strategic marketing activities including: market segmentation, product and brand positioning, market research, pricing, product development, advertising, and retail distribution, among others. With global contributions grounded in the authors' primary research with companies such as General Motors, Camper, Prada, Mama Shelter, Kjaer Group, Hom, and the Twilight Community, this edited volume delivers a truly innovative marketing textbook. Marketing Management: A Cultural Perspective brings a timely and relevant learning resource to marketing students, lecturers, and managers across the world.
