KS2 Maths Targeted Question Book - Year 4

Spelling, Punctuation and Grammar for GCSE, The Study Guide

A journey into one of the most fascinating minds alive today—guided by the owner himself. Bestselling author Daniel Tammet (Thinking in Numbers) is virtually unique among people who have severe autistic disorders in that he is capable of living a fully independent life and able to explain what is happening inside his head. He sees numbers as shapes, colors, and textures, and he can perform extraordinary calculations in his head. He can learn to speak new languages fluently, from scratch, in a week. In 2004, he memorized and recited more than 22,000 digits of pi, setting a record. He has savant syndrome, an extremely rare condition that gives him the most unimaginable mental powers, much like those portrayed by Dustin Hoffman in the film Rain Man. Fascinating and inspiring, *Born on a Blue Day* explores what it's like to be special and gives us an insight into what makes us all human—our minds.

These practice papers for KS2 English contain all the elements of the actual test. The questions reflect those that children will meet in the tests and are presented in a similar way so they can get a real feel of what to expect.

Covers topics that kids learn about during their Year 6 Maths lessons at school. This title contains practice questions in a variety of styles. It is suitable for 10 to 11-year-olds.

This book provides a jargon-free guide to the forms and structures of French as it is spoken and written in France. It represents a combination of reference grammar and a manual of current usage.
