The largest figures of any statue in the world are located in the tribute to four great American Presidents known as Mount Rushmore National Memorial. The head of Washington is about 60 feet (18 m) high--to the scale of a person 465 feet (142 m) tall! From Doane Robinson's dream of a South Dakota monument to Western heroes to Gutzon Borglum's eternal tribute to a nation dedicated to democracy, the story of Mount Rushmore is a fascinating study in history, politics, personalities and perseverance.

In his films, Alfred Hitchcock found the perfect expression for his fantasies, and he shared those fantasies with the world in such classics as The 39 Steps, The Lady Vanishes, Rebecca, Shadow of a Doubt, Notorious, Strangers on a Train, Rear Window, The Man Who Knew Too Much, To Catch a Thief, North by Northwest, Vertigo, Psycho, and The Birds. In It's Only a Movie, Charlotte Chandler draws from her extensive conversations with Hitchcock, frequently revealing unknown facts and unexpected insights into the man, the director, and his films. Author of acclaimed biographies of Groucho Marx, Federico Fellini, and Billy Wilder, Charlotte Chandler spent several years with Hitchcock discussing his life and his amazing career. She also talked with his wife, Alma, and daughter, Pat, as well as many of the screen legends who appeared in his films, including Cary Grant, Ingrid Bergman, James Stewart, Grace Kelly, Joan Fontaine, Laurence Olivier, Michael Redgrave, John Gielgud, Gregory Peck, Henry Fonda, Tippi Hedren, James Mason, Eva Marie Saint, Kim Novak, Anthony Perkins, Janet Leigh, and others. The result is an intimate yet expansive portrait of a unique artist who, from the 1920s through the 1970s, created many of history's most memorable films. A quarter-century after his death, Hitchcock's distinctive profile remains an instantly recognizable icon to millions, while his films continue to grow in popular appeal and critical esteem. Chandler introduces us to the real Hitchcock: a devoted family man, practical joker, and Englishman of Edwardian sensibilities who was one of the great masters of cinematic art.

Gutzon Borglum, the sculptor of Mount Rushmore National Memorial, hoped that ten thousand years from now, when archaeologists came upon the four sixty-foot presidential heads carved in the Black Hills of South Dakota, they would have a clear and graphic understanding of American civilization. Borglum, the child of Mormon polygamists, had an almost Ahab-like obsession with Colossalism--a scale that matched his ego and the era. He learned how to be a celebrity from Auguste Rodin; how to be a political bully from Teddy Roosevelt. He ran with the Ku Klux Klan and mingled with the rich and famous from Wall Street to Washington. Mount Rushmore was to be his crowning achievement, the newest wonder of the world, the greatest piece of public art since Phidias carved the Parthenon. But like so many episodes in the saga of the American West, what began as a personal dream had to be bailed out by the federal government, a compromise that nearly drove Borglum mad. Nor in the end could he control how his masterpiece would be received. Nor its devastating impact on the Lakota Sioux and the remote Black Hills of South Dakota. Great White Fathers is at once the biography of a man and the biography of a place, told through travelogue, interviews, and investigation of the unusual records that one odd American visionary left behind. It proves that the best American stories are not simple; they are complex and contradictory, at times humorous, at other times tragic.
