This beautifully illustrated volume tells the story of Cubism through twenty-two essays that explore the most significant private holding of Cubist art in the world today, the Leonard A. Lauder Collection, now a promised gift to The Metropolitan Museum of Art. The eighty works featured in this volume—by Georges Braque, Juan Gris, Fernand Léger, and Pablo Picasso—are among the most important and visually arresting in the movement’s history. These masterpieces, critical to the development of Cubism, include such groundbreaking paintings as Braque’s Trees at L’Estaque, considered one of the very first Cubist pictures; Picasso’s Still Life with Fan: “L’Indépendant,” one of the first to introduce typography; Gris’s noirish, uncanny The Man at the Café, one of his most celebrated collages; and Léger’s uniquely ambitious Composition (The Typographer). Written by renowned experts on this subject, the essays trace the evolution of Cubism from its origins in the still lifes, portraits, and collages of Braque and Picasso through the precisely delineated compositions by Gris that prefigure the Synthetic Cubism of the war years to Léger’s distinctive intersections of spherical, cylindrical, and cubic forms that evoke the syncopated rhythms of modern life. Also included are a fascinating interview in which Leonard Lauder discusses his approach to collecting, an investigative essay on the information gleaned from the backs of the works themselves, and an authoritative catalogue that further establishes the lives of these magnificent objects. A publication to place alongside the great histories of Modernism, this comprehensive book will stand as the resource for understanding Cubism for many years to come. -

"The United States Code is the official codification of the general and permanent laws of the United States of America. The Code was first published in 1926, and a new edition of the code has been published every six years since 1934. The 2012 edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress, Second Session, the last of which was signed by the President on January 15, 2013. It does not include laws of the One Hundred Thirteenth Congress, First Session, enacted between January 2, 2013, the date it convened, and January 15, 2013. By statutory authority this edition may be cited "U.S.C. 2012 ed." As adopted in 1926, the Code established prima facie the general and permanent laws of the United States. The underlying statutes reprinted in the Code remained in effect and controlled over the Code in case of any discrepancy. In 1947, Congress began enacting individual titles of the Code into positive law. When a title is enacted into positive law, the underlying statutes are repealed and the title then becomes legal evidence of the law. Currently, 26 of the 51 titles in the Code have been so enacted. These are identified in the table of titles near the beginning of each volume. The Law Revision Counsel of the House of Representatives continues to prepare legislation pursuant to 2 U.S.C. 285b to enact the remainder of the Code, on a title-by-title basis, into positive law. The 2012 edition of the Code was prepared and published under the supervision of Ralph V. Seep, Law Revision Counsel. Grateful acknowledgment is made of the contributions by all who helped in this work, particularly the staffs of the Office of the Law Revision Counsel and the Government Printing Office"--Preface.
