each of the lessons.

Brighter Child Math for Kindergarten helps students master mathematics skills. Practice is included for numbers and counting, shapes, money, telling time, and more. School success starts here! Workbooks in the popular Brighter Child series are packed with plenty of fun activities that teach a variety of essential school skills. Students will find help for math, English and grammar, handwriting, and other important subject areas. Each book contains full-color practice pages, easy-to-follow instructions, and an answer key.

McGraw-Hill My Math develops conceptual understanding, computational proficiency, and mathematical literacy. Students will learn, practice, and apply mathematics toward becoming college and career ready.

Hybrid Math Workbooks. Great for children. Great for parents. Great for teachers. Welcome to Hybrid Math Workbook Grade 3. The Hybrid Math Workbooks were born because parents just like you were asking me for this Common Core Standards aligned math workbook for your children because you need it and your children need it. Additionally, they were also born because teachers just like you were expected to implement the Common Core Standards with at times very little training and a fraction of resources. The Common Core Math Standards aligned Hybrid Math Workbooks will help your child(ren) or student(s) have a solid foundation in math using Common Core Strategies. They are called Hybrid Math Workbooks because they are a physical

workbook + they have links that will direct you to the step-by-step help videos using the "guided practice" approach for every section of the book. The Hybrid Math Workbooks are great for:

- * children that are having trouble with Common Core Math
- * children that will benefit from math remediation and skill building to catch up during the summer
- * children that will benefit from math enrichment to get ahead during the summer
- * children that will benefit from math practice to avoid "learning loss" due to the "summer slide"
- * parents that want to give their children a math advantage
- * teachers that could use sound Common Core instructional materials

To your child's success!

Spectrum Math for grade 3 keeps kids at the top of their math game using progressive practice, math in everyday settings, and tests to monitor progress. The math workbook covers addition, subtraction, multiplication, division, fractions, and presenting data. --A best-selling series for well over 15 years, Spectrum still leads the way because it works. It works for parents who want to give their child a leg up in math. It works for teachers who want their students to meet and surpass learning goals. And it works to help children build confidence and advance their skills. No matter what subject or grade, Spectrum provides thorough practice and focused instruction to support student success.

Spectrum Math for grade 7 keeps kids at the top of their math game using progressive practice, math in everyday settings, and tests to monitor progress. The math workbook covers algebra, geometry, statistics, proportions, ratios, and more. --A best-selling

series for well over 15 years, Spectrum still leads the way because it works. It works for parents who want to give their child a leg up in math. It works for teachers who want their students to meet—and surpass—learning goals. And it works to help children build confidence and advance their skills. No matter what subject or grade, Spectrum provides thorough practice and focused instruction to support student success.

SRA Connecting Maths Concepts Comprehensive Edition has been revised for Levels A-F and students in Grades K-5. This program gives students who are at-risk of falling behind or who have already significantly fallen behind the chance to catch up and learn significant mathematics. New digital resources accompany the program including Practice Software, Board Displays and eBook Teacher Guides and Presentation Books.

Eureka helps students to truly understand math, connect it to the real world, and prepare them to solve problems they haven't encountered before. The team of teachers and mathematicians who created Eureka Math believe that it is not enough for students to know the process for solving a problem; they need to know why that process works. Eureka presents math as a story, one that develops from grades PK through 12. In A Story of Units, our elementary curriculum, this sequencing has joined with the methods of instruction that have been proven to work, in this nation and abroad.
