Study guide for year 8 in the subject of mathematics. This book serves as a structured revision program for all students undertaking Year 8 Mathematics. It has been designed to help students revise for class tests, half-yearly and end-of-year exams. It is structured to consolidate students' understanding in line with Australian Curriculum outcomes. Through concise Study Notes, Skills Checks, Intermediate/Advanced Tests, Sample Exam Papers and Worked Solutions, this book will ensure that your child is fully prepared for class exams.

Please send an email to achchan@connect.ust.hk for the answer.

Test questions are provided for each chapter of this textbook, together with detailed mark schemes to make assessment easy. Two versions of each question are provided. One allows pupils to write their answers in the spaces provided and the other requires pupils to have separate writing paper. Questions can be grouped according to needs. Master grids are provided to cut and paste tests together in a consistent format to use the resource in any order. Chapter tests can be grouped to form a module test after chapters. End-of-chapter examinations can also be produced in this way. A free non-calculator supplement organized by unit/chapter is also included in this resource.

Fully in-line with the Framework for Teaching Mathematics, this series provides coverage of the curriculum intended to enable students to revise and consolidate key concepts. Every chapter contains questions in the style of the National Tests. The three Ma1 tasks in every students book have detailed marking guidance in the equivalent teacher file to support key assessment at the end of the key stage. The last resource section of this file contains a series of summary activities for new or previously absent teachers or pupils, covering all the chapters. Additions such as question banks and ICT CD-ROMs are available to provide further support.

This book contains ten complete mental maths practice tests, complete with answers.
