????:????

Essential Microbiology and Hygiene for Food Professionals is an accessible and practical introduction, providing the basic science relating to microorganisms in food. Assuming no prior knowledge of microbiology, chapters take a fresh and modern approach in helping students appreciate the importance of microbiology and hygiene in assuring food safety and quality, and demonstrate the application of key principles relating to the presence, detection, and control of microorganisms in foods. Written in a user-friendly style, this book is an invaluable text for all those studying microbiology and hygiene on courses in the food professions, including food science, food technology, culinary arts, catering and hospitality, nutrition, dietetics, environmental health, and public health.

The twelfth edition focuses on big picture concepts and themes in microbiology, encouraging students to visualize and synthesize more difficult topics such as microbial metabolism, immunology, and microbial genetics.

Essentials of Biotechnology is meant for undergraduate biotechnology and life sciences students. The book discusses the basics of interdisciplinary subjects which is required for developing the conceptual understanding in biotechnology and to acquire research attitude. It elaborates fundamental concepts which are absolutely necessary for

Science and Science Education (AISTSSE) and The 2nd International Conference on Innovation in Education, Science and Culture (ICIESC), where held on 18 October 2018 and 25 September 2018 in same city, Medan, North Sumatera. Both of conferences were organized respectively by Faculty of Mathematics and Natural Sciences and Research Institute, Universitas Negeri Medan. The papers from these conferences collected in a proceedings book entitled: Proceedings of 5th AISTSSE. In publishing process, AISTSSE and ICIESC were collaboration conference presents six plenary and invited speakers from Australia, Japan, Thailand, and from Indonesia. Besides speaker, around 162 researchers covering lecturers, teachers, participants and students have attended in this conference. The researchers come from Jakarta, Yogyakarta, Bandung, Palembang, Jambi, Batam, Pekanbaru, Padang, Aceh, Medan and several from Malaysia, and Thailand. The AISTSSE meeting is expected to yield fruitful result from discussion on various issues dealing with challenges we face in this Industrial Revolution (RI) 4.0. The purpose of AISTSSE is to bring together professionals, academics and students who are interested in the advancement of research and practical applications of innovation in education, science and culture. The presentation of such conference covering multi disciplines will contribute a lot of inspiring inputs and new knowledge on current trending about: Mathematical Sciences, Mathematics Education, Physical Sciences, Physics Education, Biological Sciences, Biology Education, Chemical Sciences, Chemistry Education, and Computer Sciences. Thus, this will contribute to the next young generation researches to produce innovative research findings. Hopely that the scientific attitude and skills through research will promote Unimed to be a well-known university which persist to be developed and excelled. Finally, we would like to express greatest thankful to all colleagues in
