Information technology professionals will gain invaluable information with this updated resource on how to connect concepts to key business areas. These areas include accounting, finance, marketing, management, human resources, and operations. The new edition provides concise and accessible coverage of core IT topics. Do It Yourself activities show them how to apply the information on the job. Technology professionals will then be able to discover how critical IT is to each functional area and every business. This introductory textbook provides a thorough guide to the management of food and beverage outlets, from their day-to-day running through to the wider concerns of the hospitality industry. It explores the broad range of subject areas that encompass the food and beverage market and its five main sectors – fast food and popular catering, hotels and quality restaurants and functional, industrial, and welfare catering. New to this edition are case studies covering the latest industry developments, and coverage of contemporary environmental concerns, such as sourcing, sustainability and responsible farming. It is illustrated in full colour and contains end-of-chapter summaries and revision questions to test your knowledge as you progress. Written by authors with many years of industry practice and teaching experience, this book is the ideal guide to the subject for hospitality students and industry practitioners alike.

reader with the tools to fully understand the challenges and benefits of running a successful catering business. Catering was written as an easy-to-follow guide using a simple step-by-step format and provides comprehensive coverage of all types of catering. This is a significant contrast to other texts which are geared to a specific segment of catering such as on-premise, off-premise, or corporate dining. The graduate who decides to enter into catering will be charged with providing the “restaurant” experience to their clients and optimizing profits for their employer. Catering will assist them in achieving these goals.
