“An original, fascinating, and beautifully written reckoning . . . of that great human passion: to write.”—Kay Redfield Jamison, national bestselling author of *An Unquiet Mind* Why is it that some writers struggle for months to come up with the perfect sentence or phrase while others, hunched over a keyboard deep into the night, seem unable to stop writing? In *The Midnight Disease*, neurologist Alice W. Flaherty explores the mysteries of literary creativity: the drive to write, what sparks it, and what extinguishes it. She draws on intriguing examples from medical case studies and from the lives of writers, from Franz Kafka to Anne Lamott, from Sylvia Plath to Stephen King. Flaherty, who herself has grappled with episodes of compulsive writing and block, also offers a compelling personal account of her own experiences with these conditions. “[Flaherty] is the real thing . . . and her writing magically transforms her own tragedies into something strange and whimsical almost, almost funny.”—The Washington Post “This is interesting, heated stuff.”—San Francisco Chronicle “Brilliant . . . [a] precious jewel of a book . . . that sparkles with some fresh insight or intriguing fact on practically every page.”—Seattle Post-Intelligencer “Flaherty mixes memoir, meditation, compendium and

scholarly reportage in an odd but absorbing look at the neurological basis of writing and its pathologies . . . Writers will delight in the way information and lore are interspersed.”—Publishers Weekly

Grief should act as a temporary buffer for pain and sorrow. This book points out how Christianity turns this temporary buffer into joy. After describing the pain and sorrow in the pit, suddenly dug by the loss of a loved one, the author puts faith to work. She outlines how the Christian community assisted her in facing her failures as a parent and how the reading of scriptures kept her faith alive. Faith has the power of freedom and uses tribulation, perseverance, and character as stepping stones to hope. Faith, hope and love puts grief aside, and sends joy in it's place. The author describes in detail, sometimes with humor, how the return of joy ENRICHED her life.

The Standards and Testing Agency states that the child has 1 hour to complete the test, answering the questions in the answer booklet. Read one text and answer the questions about that text, before moving onto the next text. There are three texts and three sets of questions in each booklet. The tests in this booklet are based on the KS2 Reading Assessment sample papers. It is important to try and complete them in an hour, but it is your choice. The title of this book refers to the classic time and place for magic, witchcraft, and divination in Russia. *The Bathhouse at Midnight*, by one of the world's foremost experts on the subject, surveys all forms of magic, both learned and popular, in Russia from the fifth to the eighteenth century. While no book on the subject could be exhaustive, *The Bathhouse at Midnight* does describe and assess all the literary sources of magic, witchcraft, astrology, alchemy, and divination from Kiev Rus and Imperial Russia, and to some extent Ukraine and Belorussia. Where possible, Ryan identifies the sources of the texts (usually Greek, Arabic, or West European) and makes parallels to other cultures, ranging from classical antiquity to Finnic. He finds that Russia shares

most of its magic and divination with the rest of Europe. Subjects covered include the Evil Eye, the Number of the Beast, omens, dreams, talismans and amulets, plants, gemstones, and other materials thought to possess magic properties. The first chapter gives a historical overview, and the final chapter summarizes the political, religious, and legal aspects of the history of magic in Russia. The author also provides translations of some key texts. *The Bathhouse at Midnight* will be invaluable for anyone—student, teacher, or general reader—with an interest in Russia, magic, or the occult. It is unique in its field and is set to become the definitive study of Russian magic.

The Century's Midnight is an exploration of the literary and political relationships between a number of ideologically sophisticated American and European writers during a mid-twentieth century dominated by the Second World War. Clive Bush offers an account of an intelligent and diverse community of people of good will, transcending national, ideological and cultural barriers. Although structured around five central figures - the novelist Victor Serge, the editors Dwight Macdonald and Dorothy Norman, the cultural critic Lewis Mumford and the poet Muriel Rukeyser - the book examines a wealth of European and American writers including Hannah Arendt, Simone de Beauvoir, Walter Benjamin, John Dos Passos, André Gide, Henry Miller, Anaïs Nin, George Orwell, Boris Pilniak, Albert Camus, Jean-Paul Sartre, Ignacio Silone and Richard Wright. The book's central theme relates politics and literature to time and narrative. The author argues that knowledge of the writers of this

Exploring diverse aspects of leisure and tourism, this text presents a mix of attitudes and ideas ranging from the methodologies behind leisure practices to detailed case studies which include Disneyland Paris and leisure in cyberspace.

In January 2010, the author had a continuing vision of a medieval square he'd neither seen nor visited before in BANSKA BYSTRICA, SLOVAKIA. Later that year, events unfolded whereby the author and two friends embarked on a 4,000 mile journey across Europe. This vision would later see him staying for over four years in Banska Bystrica to paint an enormous (6 metres wide by 4 metres high) painting, showing over 500 children from around the world, which will bring peace to the conflict between Palestine and Israel. The painting is called 'Children Are the Future' and encoded within it is a message for peace between Palestine and Israel. The prophecy he had received twenty years before, that the world was getting ever closer to a theatre of crisis, makes him believe that a Divine Intervention is taking place, using him as a vehicle to bring peace and to give the message of the meaning and purpose of life. This is part of the journey that has led to the present day of November 1st, 2016.

Sent to America with his mother when his father's powerful empire is attacked, underworld lieutenant Midnight draws on his African intelligence and Muslim mindset to protect those he loves and reclaim his wealth and way of life.

My Side of Midnight is the first in a series of three long overdue poetry books being released by E. Annette Blake in 2014. The other two books, "Just Call Me. . .Annette" and a final surprise book of poetry are all slated to be published by the end of the summer. Those who have read Annette's poetry, including scholars and critics, have said that her poetic voice is, "stunning" and "mystical" and sometimes even "intimidating and scary." From the first line of the first poem that I read, I craved more and have always said her work is and will forever be, "addicting." Although each book is going to be completely different I know that they will also be very connected. Those who have read Annette's work will know to look for hidden clues and meanings throughout each book that will tie them all together in a way that baffles and intrigues both her fans and critics (because Annette's words are as complex and interesting as she is). - The Manciple

spins on cultural anxieties about terrorism, disease, environmental collapse, worldwide conflict and millennial technologies. Many of these concerns have been made metaphorical: zombie hordes embody fear of out-of-control appetites and encroaching disorder. Other fears, like the prospect of human technology's turning on its creators, seem more reality based. This collection of new essays explores apocalyptic themes in a variety of post-millennial media, including film, television, video games, webisodes and smartphone apps.
