Milady has evolved for over 85 years to become what it is today, the cornerstone of beauty and wellness education. We are very excited and proud to announce the latest edition of Milady Standard Cosmetology, the most commonly used resource in cosmetology education. For decades since our first textbook published, it has been our commitment to provide students with the foundation in the principles and skills needed to master the science and art of cosmetology, and with this latest version that commitment has not wavered. For the new edition, celebrity stylist Ted Gibson served as Creative Director on the project. The result is a brilliant new design with over 750 new photos and a gorgeous layout, providing a visually stunning resource to engage today's learner. We also recruited a team of twelve authors, made up of top professionals and educators in the industry, to provide the most current information on concepts and techniques. During our extensive peer review and development process, we were asked for a resource that placed emphasis on essential content needed for licensure success, and we feel confident that we delivered. Milady Standard Cosmetology will continue to be a source of education that students can count on, not only while in school, but throughout their careers.

sun damage, retinoids and therapy for photoaging skin, chemical peeling and more. A valuable supplement to Milady's Standard Textbook should be incorporated into school curriculums, helping to better prepare future estheticians for the world in which they will operate.

This workbook directly follows the theory information found in the student textbook. The workbook provides detailed, interactive exercises including: fill-in-the-blanks, word review exercises, matching and final review examinations designed to increase student comprehension of theoretical aspects of cosmetology.

This is the primary supplement to Hair Structure and Chemistry Simplified. The Exam Review contains chapter-by-chapter questions in a multiple-choice format to help students prepare for their state board exams. The answer key at the back of the book allows students to check accuracy and identify weak areas.

Cosmetics for skin, hair, and nails play a vital part in the management and treatment of many dermatological conditions; unfortunately, they may also at times be the cause of some dermatological problems. They are therefore subjects where dermatologists need to be aware of the major commercial developments taking place, in addition to the many common Over The Counter products already available, in order to be vigilant in checking the possible benefits or disadvantages for patients. This text takes a serious look at the integration of skin care products, cosmetics, hair adornments, and nail cosmetics in the daily practice of dermatology, expanding the realm of disease treatment beyond diagnosis and treatment into the maintenance phase of healthy skin, hair, and nails.

This all new edition of Skin Care: Beyond the Basics builds upon the strong reputation of its predecessors as an outstanding resource for the advanced esthetics student. Using plain language, it explains real-world scenarios and profiles what estheticians will experience when they are practicing in the clinic environment. Detailed information on subjects such as acne, sensitive skin, cosmetic ingredients and clinical management of aging skin is included. The subject matter is presented in a direct manner which leads to proven understanding in the classroom and positive client outcomes in the student clinic. This book is a must-have resource for the esthetics student and will remain a trusted reference tool for them throughout their career.
