

## My Link In Time

By writing a personal account of his own inventions and achievements in horology the author involves the reader in the history of precision time-keeping before the advent of quartz crystals and atomic clocks. Escapements, the mechanisms that drive pendulums, are a delight to the geometrical mind as well as a delicate and subtle challenge to the mechanical engineer.

"The definition of an owl had always pleased him: a night bird of prey...sharp talons and soft plumage which permits noiseless flight...applied figuratively to a person of nocturnal habits. 'I am The Owl,' he would whisper to himself after he had selected his prey, 'and nighttime is my time.'" Jean Sheridan, a college dean and prominent historian, sets out to her hometown in Cornwall-on-Hudson, New York, to attend the twenty-year reunion of alumni of Stonecroft Academy, where she is to be honored along with six other members of her class.

There is, however, something uneasy in the air: one woman in the group about to be feted, Alison Kendall, a beautiful, high-powered Hollywood agent, died just a few days before, drowned in her pool during an early-morning swim, the fifth woman in the class whose life has come to a sudden, mysterious end. Also adding to Jean's sense of unease is a taunting, anonymous fax she has just received, referring to her daughter, Lily, a child she had given up for adoption twenty years ago, the offspring of a romance between her and a West Point cadet killed in an accident a week before graduation. She had always kept the child's existence a secret, so

who has found out? And why the implied threat now? Struggling to conceal her fears, Jean arrives at the hotel where the reunion is being held. One by one she sees the other honorees, including Laura Wilcox, the class beauty, whose dazzling exterior belies the fact that her television career is sinking, and the four men who, like Jean, had spent four bitterly unhappy years at Stonecroft: Carter (formerly Howie) Stewart, an acerbic and successful playwright, once the class nerd; renowned child psychiatrist and talk-show celebrity Mark Fleischman, who has never been able to resolve the pain of his own adolescence; Gordon Amory, a media mogul, hardly recognizable as the awkward boy who was the butt of cruel jokes; Robby Brent, a popular comedian, whose caustic humor emanates from a childhood of rejection. Omnipresent is an old classmate, Jack Emerson, the chairman of the reunion, whose reasons for spearheading the event may be motivated by something other than class spirit. At the award dinner, Jean is introduced to Sam Deegan, a detective obsessed for years by the unsolved murder of a young woman in Cornwall, who may also hold the key to the identity of the Stonecroft killer and the source of the anonymous threat to her child. She does not suspect that among the distinguished people she is greeting is The Owl, a murderer nearing the countdown on his mission of vengeance against the Stonecroft women who had mocked and humiliated him, with Jean his final intended victim. In *Nighttime Is My Time*, Mary Higgins Clark creates a riveting novel of psychological suspense, penetrating behind the pervading façade of status and

respectability to depict the mind of a killer. A novel following up Juniper's Daughter The Final War by Nick Armbrister. In a world full of violent gangsters, secret intelligence operatives, a shady witch called Juniper's Daughter, dark Goths and many other erotic characters, all are set for a

showdown with the much vaunted English Army who is intent on invading and wiping them all out. Science fiction meets the near future in this raunchy tough story of madness and dark humour. Set in a fictitious town called Renford in a war ravaged land, this story is an intimate look at one version of the future. Will people be nice to one another or will the Devil and death sweep the land?

Milton Murayama's long-awaited *Dying in a Strange Land* brings to a close the saga of the Oyama family. Familiar faces from *All I Asking For Is My Body*, *Five Years on a Rock*, and *Plantation Boy* return to advance the story from the years immediately following World War II to the 1980s. After her husband sinks them deep in debt, strong-willed and pragmatic Sawa takes charge of the family. The war ends and her children leave the plantation camp for Honolulu and the Mainland, but Sawa has little time for loneliness or regret. When asked by her neighbors if she misses them, she replies, They must look for what they want. However, Tosh, the eldest--who has long been saddled with the burden of his family's failures in addition to his own--is wise to his mother's sob stories: She going hold you to your samurai's word, he warns his brothers. Even after he becomes an architect, Tosh is quick to

blame his problems on oya-koh-koh (filial piety). Living on the East Coast and unable to make ends meet as a writer, Kiyō, the third son, takes any job that doesn't leave him too word-weary or emotionally exhausted to write in his spare time. Chronic fatigue turns him into a minimalist. At 52 he finally finds acclaim when he publishes a novel about issei and nisei in rural Hawai'i. Not much is expected of Miwa, the fifth child and second daughter. Pregnant at sixteen and forced to leave school, she is rejected by her family and bullied by her in-laws until she finds work as a maid at one of the new hotels in West Maui. A surprise promotion brings Miwa self-esteem and a good income--and respect from her relatives. Just as each generation of the Oyama family struggles to find a way to survive the diaspora from Japan to Hawaii and beyond, so must Sawa, Tosh, Kiyō, and Miwa deal individually with the collision between Japanese and American values, between duty to family and personal freedom.
