It is no coincidence that India's recent rise as a major global power has been closely linked to the increasing influence of the Bharatiya Janata Party (BJP) in Indian politics. Driven by the philosophy of Hindu/Indian Nationalism, this entity, more of a movement than a political party, has served to instill in Indians a sense of confidence and restore lost self-esteem in a people who suffered foreign domination for over a thousand years. Detractors of this ideology have attempted to paint this philosophy as hate rant and supremacist indoctrination. Far from being that, it is the agonizing cry for justice and dignity of a people long suppressed and long tortured; a cry that embodies the agony of the past and a new-found confidence of the present and which together hopes to ensure a secure future: a future that envisions an inclusive all round economic and social development of a people. The BJP's spectacular victory crafted by Narendra Modi in the 2014 Indian elections serves to emphasize the central role of Hindu/Indian Nationalism in Indian politics, its broad appeal and its comprehensive agenda. Therefore it is imperative for the world at large to attempt a better understanding of this phenomenon; an objective assessment based on hard facts and sound logic instead of the skewed image propagated in the West by its ideological opponents. This book is a must for international statesmen, politicians, businessmen, academics, and others alike who wish to interact with India and Indians

"Rahul Pandita was fourteen years old when he was forced to leave his home in Srinagar along with his family, who were Kashmiri Pandits: the Hindu minority within a Muslim-majority Kashmir that was by 1990 becoming increasingly agitated with the cries of 'Azaadi' [freedom] from India. The heartbreaking story of Kashmir has so far been told mainly through the prism of the brutality of the Indian security forces,

the pro-independence demands of Muslim separatists or India and Pakistan's rivalry. But there is another part of the story that has remained unrecorded and buried. *Our Moon Has Blood Clots* is the untold chapter in the story of Kashmir, in which hundreds of thousands of Kashmiri Pandits were tortured, killed and forced to leave their homes by Islamist militants, and to spend the rest of their lives in exile in their own country. Rahul Pandita has written a deeply personal, powerful and unforgettable story of history, home and loss."--Page 4 of cover.

This volume celebrates literature as a strong subversive tool, as an alternative for change, through an exploration of terrorism in various literary works. It brings together scholars from all over the world, including Algeria, Argentina, Australia, Cameroon, Denmark, India, Italy, Tunisia, Turkey, and the USA, to offer their insights. As readers themselves, they share an eagerness to understand the psychopathological personalities circulating among us. They urge the reader to dig deep into literature, to think, to cogitate and to learn. One of the most important literary figures dealing with terrorism in his novels is the internationally acclaimed Indian writer Tabish Khair, who generously wrote the foreword to this volume. He sheds light on the possibilities offered by literature as a means of dissent and a powerful tool for truth telling. Since the 9/11 attacks terror has established its permeating hold on society's psyche. Creative writing, a popular and visible cultural witness to the strain, has taken up this destabilization with remarkable regularity. *Troubled Testimonies* focuses on the Indian novel in English, deriving inspiration from these disturbances, to essay a unique grasp of the cultural make-up of the times and its reverberations on the sense of self and belonging to the nation. This first full-length study of terror in the subcontinental novel in English (from India) places it in the world context and analyzes the

fictional coverage of the spread of terrorism across the country and its cultural fallout. The enigmatic coming together of the contemporary with the anguish of loss and betrayal unleashed by terror occasions a significant redefinition of the issues of trauma, conflict and gender, and opens a fresh window to Indian writing and the culture of the subcontinent, and a new paradigm in literary and cultural criticism termed 'post-terrorism'. Lucid and thought provoking, this book will be useful to scholars and researchers of South Asian literature, cultural studies, postcolonial studies, history, politics and sociology.

This anthology of essays maps the divergent issues that have become relevant in contemporary Indian English poetry and drama. By providing a clear idea about the new themes, techniques and methods used by the Indian English poets and playwrights to address the issues emerging in the changing socio-cultural scenario, particularly during the post-globalization period, the essays offer insightful observations on canon formation and its reception. It is high time to consider afresh whether the canons of Indian English poetry and drama have widened their scope to include innovative forms of writing or whether they have evolved significantly to generate novel perspectives. These questions, which are linked with the issue of canon formation and its reception are intricately woven into the fabric of these essays. This anthology will respond to the scholarly interests of inquisitive students, research scholars and academics in the field of Indian English literature.

Secularism is a tenet that is fundamental to Indian democracy and enshrined in the Constitution. However, its practice has been severely hampered

in recent times largely due to the secular sectarianism pursued by secular, democratic and progressive political formations. This implies the tendency of specific secular political movements to act as if their agenda are exclusively important. Secular sectarianism has gradually polarized communities and advanced a woefully limited political imagination, leading to the proliferation of conflicts between various marginalized groups—Dalits, tribals, OBCs, Muslims, women and the Left. *Secular Sectarianism: Limits of Subaltern Politics* includes several accounts of such conflicts, opening up a new area of study for further conceptualization. This book emphasizes that citizenship in practice is expressed through the right to speak for others and not just for oneself. Progress can be made only by opening up dialogues within and across political communities. This is essential for India's survival as a secular and democratic nation. Progressive politics needs to move towards affinity and an idea of shared spaces.

Being born and brought up in Kashmir, paradise on earth, nestled in the highest and most glorious mountain range on earth, the Himalayas is indeed a reward of destiny. The landlocked valley of Kashmir has a unique history of art, culture, spirituality, food, and lifestyle, which the author weaves masterfully into a rich tapestry with his life experiences. An account of his recent visit to Kashmir in July 2016, which he calls a sentimental journey- a pilgrimage to the homeland, is captivating. It engages the reader with an intensely human journey of the life of the author in Kashmir and beyond from 1930's to the present.

Kashmir — 1991 In between the insurgency and the exodus, Inayat finds solace in the company of Gul, a Kashmiri pundit, and Aaqib. She blooms under the eyes of her father, Maqbool — an alcoholic poet, and her mother — Wahida, who is fraught with sanguinity.

They spend their days listening to The Doors in Gul's backyard and attending Shakes-Peer's English lessons at the school. However, as they leave behind their childhood, they realize that the future holds things for them that they have never imagined. Inayat comes face to face with loss as bereavement engulfs Kashmir. The echoing of the machine guns, the wails of her loved ones and the silence that she is bequeathed with is all that is left. The Lamentations of a Sombre Sky is the story of a skirmish with life and the perseverance in the dark times

There are numerous examples of how religion and nationalism intertwine. In some cases, a common religion is

the fundamental marker of a nation's identity, whereas in others secular nationalism tries to hold together people of different religious beliefs. This book examines the link between religion and nationalism in contemporary polities. By exploring case studies on India, Russia, Israel, Canada, Chechnya, Bosnia-Herzegovina, Belgium, Northern Ireland, Scotland, Sri Lanka, Catalonia and the Basque Country, it seeks to understand the relationship between these two key societal forms of diversity and assess the interaction between religious and nationalist perspectives. Expert contributors examine a variety of phenomena, including secular nationalism, secessionism, and polities in which religious pluralism is evolving. This book will be of interest to students and scholars of political science, religion and politics, nationalism, federalism, secession, political philosophy, racial and ethnic politics and comparative politics.

Fieldwork in South Asia is a valuable attempt to listen and learn from the memories and significant moments of fieldwork done by anthropologists, sociologists, and even historians from South Asia. The essays lead towards a deeper understanding of concerns of fieldwork located in various field sites across South Asia without assuming or applying fixed normative rules for the whole region. In the process, the volume allows the reader to have an option to locate or relocate ethnographic or other forms of texts in the context of growing methodological contours and dilemmas in the social science. Above all, this is a book about relationships—multi-layered relationships among people encountered in the field, the ethnographic relationship itself, with all its personal raw edges, and relationship with the land and even non-human realms.

Kashmir is one of the world's least understood conflicts. In this critically important volume, Serena Hussain has brought together a remarkable range of voices and topics. Its incisive and insightful chapters present nuanced perspectives making this book essential reading on Kashmir. - David Barsamian, Director of Alternative Radio Examining Jammu & Kashmir's complex history and many ruptures in its past and present, this book offers a rich addition to scholarship on the region. The variety of voices bridge the disconnect between two sides of the LoC and offer valuable understanding of inter-regional contestations. - Anuradha Bhasin, Executive Editor, Kashmir Times For more than seventy years the bloody conflict smoldering in Kashmir has been obscured by its portrayal as an 'issue' between India and Pakistan. By bringing together diverse points of view, this new collection reprises the complexity of this region and it shows us where hope might lie in the future. - Sanjay Kak, Award-winning Filmmaker and Writer Kashmir is one of the longest-standing conflicts yet to be resolved by the international community. This book not only helps readers navigate subtleties in a complex part of the world but is the first of its kind - written for a global audience from local perspectives, which to date have been sorely lacking. Serena Hussain is Associate Professor of Sociology and Human Geography. She completed her Ph.D. at the University of Bristol and a Postdoctoral Fellowship at the University of Oxford. As well as her time in academia, she has worked as an expert consultant for a number of British government departments and organizations such as Ipsos MORI, BBC World Service and Islamic Relief Worldwide.

This collection investigates the complex and myriad relations between identity and borders in an increasingly globalized world. Employing a wide range of critical approaches to works that examine and explore the contested terrain of globalization and the hotly disputed arena of borders, the essays brought together here offer innovative perspectives through which issues of borders, globalization and identity can be negotiated. Straddling various genres, this collection represents an investigation of the conflicting relationship between identity and borders in the contemporary globalized

world.
