second edition of this work has been brought up to date, incorporating all homoeopathic remedies introduced since the publication of the first edition and such as had been inadvertently left out. It includes many verifications that have been brought to the author's notice by practitioners in many lands, all that have been found recorded in the leading homoeopathic journals and works on practice. I have also availed myself in the preparation of this edition of Dr. Clark's invaluable Dictionary of Materia Medica - a monumental work.
