Lewis's Medical-Surgical Nursing ANZ 5th edition continues as the most comprehensive, go-to reference for developing the core aspects of professional nursing care in Australia and New Zealand. With a clear framework of person-centred care, critical thinking, clinical reasoning and evidence-based practice underpinning the assessment and management of adults with complex, acute and chronic healthcare issues, the 5th edition provides nursing students with the foundations for developing expert clinical practice. Thoroughly revised, the new edition responds to key health priorities, providing an innovative approach to addressing Indigenous health in Australia and New Zealand. Greater emphasis is also given to the issues of: self-care; examination of the nurse's role within an interprofessional team; and management of the deteriorating patient, to reflect the changing nature of nursing practice in the contemporary healthcare environment. This now includes Elsevier Adaptive Quizzing for Medical Surgical Nursing, ANZ 5e. Corresponding chapter-by-chapter to the core text, EAQ prepares students for tutorials, lectures and exams, with access to thousands of exam-style questions at your fingertips. providing a content overview, reading assignments, interactive exercises, and tests. Lessons use videos, animations, slide shows, and other visuals to make learning easier and more interesting. Reading assignments link Nursing Skills Online to content in the Fundamentals of Nursing text. An easy-to-read, bulleted format and small segments of information make it easier to master information. The case-based/problem-oriented format relates content to real-life patient scenarios and promotes critical thinking. Interactive activities allow you to check your understanding of the material. Self-assessment exercises allow you to test your knowledge of key concepts, with correct answers and rationales provided for immediate feedback. Video clips of procedures can be viewed from start to finish, paused, or repeated as desired. Photos and illustrations clarify and highlight key information. Objectives, equipment lists, and delegation responsibilities at the beginning of each lesson focus your attention on important information. Printable procedure guides make it easy to study or review anytime, anywhere. Lesson posttests allow you to evaluate your comprehension and review any areas of weakness before taking the module exam, and may be repeated as often as you want. A new Blood Therapy module covers principles of the ABO and RH systems, initiating transfusion, implementing auto-transfusion, and monitoring for adverse reactions. The Debriefing Room offers a capstone critical thinking exercise for each module, asking you to watch a video scenario and evaluate skill performance. Cultural Considerations sections address variations in approach to patients of
