This calendar combines the solar and lunar cycles in an aligned way with the cosmos and the patterns of the life force and the sacred geometry of the tetrahedron and dodecahedron patterns. This calendar is based on the ancient cycle of six, the cycle of Love. Six days is the completion of two 3-day energy generating cycles of the Celtic Triskell. Working with six days in a Cycle of Creation is a useful tool for creative manifestation. This calendar is a guide to a gentle way of working with the power of the cycles. Following the daily practice with intention is a form of mindfulness and meditation. Working with the energies and living daily with the colors helps you to feel the energy and see the colors in a process of deeper connection on all levels. Having more creative and meaningful days enhances your life. The beginning of this calendar is the Spring Equinox. This is a perpetual calendar, meaning that it can be used for each new year. Each day has the Gregorian calendar date correlate and the full and new moon phases are noted. Janet Allyn is a timekeeper formerly involved with the Mayan Calendar.
