Prepare for success in management today with this brief, inviting approach from leading management author Ricky Griffin. FUNDAMENTALS OF MANAGEMENT, 8E combines a streamlined approach with a strong theoretical and functional framework clearly organized around the planning, leading, organizing and controlling functions of management. The book's proven balance of theory and practice incorporates numerous, engaging learning features and memorable examples to help you develop and strengthen your management skills. New and revised First Things First opening vignettes immediately show you the relevance of each chapter's content, while clear learning objectives and chapter outlines, summaries of key points and key terms, skill applications and new cases keep you focused and actively learning. You Make the Call end-of-chapter features bring students back to the opening case with the newfound knowledge they have gained after reading the chapter. New Building Skills exercises and Skills Self-Assessment Instruments equip future managers to handle some of today's most critical business situations. Following our state of the art, Engage, Connect, Perform, and Lead model, students truly learn to think and act like managers. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Taking an organizational approach to the presentation of management concepts, this text aims at the introductory management course level and at instructors wishing to structure their principles of management around a strategy/behaviour approach. Ancillary package available upon adoption.

MANAGEMENT, 12E, takes a functional, skills-based approach to the process of management with a focus on active planning, leading, organizing and controlling. Griffin carefully examines today's emerging management topics, including the impact of technology, importance of a green business environment, ethical challenges, and the need to adapt in changing times. This edition builds on proven success to help strengthen your management skills with a balance of classic theory and contemporary practice. Numerous new and popular cases and learning features highlight the challenges facing today's managers. Hundreds of well-researched contemporary examples, from Starbucks to The Hunger Games to professional baseball, vividly demonstrate the importance of strong management to any type of organization. Fundamentals of Organizational Behavior is a comprehensive, concise text designed to equip future managers with an understanding of the basic foundations of behavior. The text uses an applied learning approach to illustrate the core themes. Case studies, interactive exercises, and topics for discussion based on real-life scenarios are among the tools employed to help students make the transition from textbook learning to real-world decision making. Contemporary content culled from popular press and academic research is used to provide historical background for major topics and explore how these topics remain relevant to modern management. The "OB online" feature encourages students to reach beyond the text to find organizations or other resources on the Web that expound upon the issues discussed in the chapter. End-of-section case studies, highlighting companies such as Southwest Airlines, Wheelworks, Denver Broncos, Bakers' Best, and General Mills summarize the core concept of the section and provide a clear example of the theory in practice. Studies are accompanied by a video that professors may choose to air in class.

Taking an organizational approach to the presentation of management concepts, this text aims at introductory management courses and is suitable for instructors wishing to structure their principles of management around a strategy/behaviour approach. Ancillary package available upon adoption.

This "best-selling book" continues to present a brief "no-nonsense" approach to the fundamentals of business that spans the range of all functional areas-- management, marketing, operations, accounting, information systems, finance, and legal studies. Topics comprehensively covered include: the contemporary business environment; the business of managing; principles of marketing; managing information; people in organizations; and financial issues. An excellent reference resource for business managers and executives; also appropriate for entrepreneurs and others involved in business relations.

Following the impacts of the financial crisis and growing awareness around climate change, this accessible textbook aimed at 'Introduction to Management' courses empowers students to become responsible managers in today's modern world.

Prepare your students today to become strong, effective managers tomorrow with the powerful concepts and practical applications found in Griffin/Moorhead's ORGANIZATIONAL BEHAVIOR: MANAGING PEOPLE AND ORGANIZATIONS, Ninth Edition. This reader-oriented text helps you equip your students with the skills and solid understanding to meet the management challenges of a new century. The book's applied approach balances classic management ideas with the most recent OB developments and contemporary trends. Students delve into the core concepts of human behavior and industrial psychology within the help of memorable real examples drawn from organizations that appeal to students, such as Facebook, Microsoft, IKEA and New Balance. Fresh new cases, proven end-of-chapter exercises, activities, and an optional case and exercise book help you equip your students with the assets, tools, and resources to compete effectively amid a world of change. Students grasp the fundamental of human behavior in organizations and the ability to develop new answers to new challenges as they learn to understand the people who comprise an organization, understand change, and understand how organizations must respond to change. Equip and energize the next generation of managers for the most exciting task of tomorrow: managing people effectively within competitive organizations. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Organizational Behavior places core concepts of human behavior and industrial psychology in a real-world context. Strong end-of-chapter exercises, activities, plus an optional case and exercise book make this flexible text suitable for students at the undergraduate level. Likewise, the authors' emphasis on the latest organizational behavior research continues to attract graduate students. An ongoing case featuring Enron encourages students to consider how all OB topics tie together and practice applying key concepts. Call-out quotes from managers appear at appropriate points throughout the text to highlight relevant, real-world examples. Building Managerial Skillsexercises require students to consider different workplace situations from a manager's standpoint and determine a suitable course of action for each scenario.
