First multi-year cumulation covers six years: 1965-70.

Reviews material on neuroscience course exams and the USMLE Step 1 Practice with 500 USMLE Step 1-style questions with referenced answers Includes explanations for right and wrong answers

Windows/Macintosh CD-ROM version of the Brandon/Hill first-purchase, minimal-core title. Also includes the third edition of Psychiatry/Neurology PreTest Self-Assessment and Review.

Updated and revised to reflect the latest changes in the Psychiatry and Neurology licensing exams, here's the ideal instrument for self-examination and review. Keyed to major texts and current journals, the psychiatry questions and answers as well as a selection of neurology material written for the psychiatry specialists-and the overse for the neurology resident and practitioner. In every way-degree of difficulty, subject matter, time constraints-the questions simulate the exams medical practioners must take.

Designed with the distinctive, user-friendly presentation Dr Stahl's audience know and love, this new stream of Stahl books capitalize on Dr Stahl's greatest strength - the ability to address complex issues in an understandable way and with direct relevance to the everyday experience of clinicians. The book describes a wide-ranging and representative selection of clinical scenarios, making use of icons, questions/answers and tips. It follows these cases through the complete clinical encounter, from start to resolution, acknowledging all the complications, issues, decisions, twists and turns along the way. The book is about living through the treatments that work, the treatments that fail, and the mistakes made along the journey. This is psychiatry in real life – these are the patients from your waiting room – this book will reassure, inform and guide better clinical decision making.

The student tested-and-reviewed way to prep for the psychiatry shelf exam and the USMLE Step 2 CK "I found the book very thorough and an overall good resource for a psychiatry rotation and USMLE Step 2 presentation. I already have recommended this book to my classmates and friends." -- Joshua Lynch, Medical Student, Lake Erie College of Osteopathic Medicine " I think this text stands up to the expectations of medical students who depend on PreTest as a study aid during preparation for exams." -- Edward Gould, Medical Student, SUNY Upstate Medical University Praise for the last edition: "The Pretest Series is widely used in preparing medical students for the clerkship shelf exams and the USMLE, and this psychiatry edition is, overall, quite good. The content is thorough, the questions concise, and the answers explained well. For those students who prefer to study using question-and answer type review books, this should fulfill their needs. It is nice to see an updated edition of this ever popular review book. 4 Stars!"--Doody's Review Service Psychiatry: PreTest Self-Assessment & Review is the perfect way to assess your knowledge of psychiatry for the USMLE Step 2 CK and shelf exams.
