

Raidens Choice A Ravens Mc Novel Book 1

Raiden's Choice

Through more than 50 portraits of inspiring people who tell the story behind their tattoos, photographer Ralf Mitsch delves into a personal fascination with adorning one's own body with permanent ink. As a teenager in the 1980s, he noticed how those who had tattoos generally came from social strata with little to do with ruling class norms, or just wanted to rebel. Their decorated skin told a kind of life story in an ever-changing patchwork. Nowadays, tattoos are a fashion item, worn by people from all walks of life. A person covered in tattoos is a painting, full of surprises. Mitsch wants to get under the skin and discover the real motivation: is it about documenting their lives, or simply an addiction?

Hunter James didn't want or need redemption. Until one mission turns his world upside down. He left Mercy to fight for his country and escape a broken heart. Years later, he is hard. Cold. A man without mercy. Part of an elite Task Force, he tracks a brutal terrorist to his home town. And runs into the woman who betrayed him... Evangeline Videl was destroyed when Hunter left. Determined to move on, she finds another man, but discovers too late the monster hidden beneath his smooth smile. Struggling to find the conviction to live, Evie finds her life spinning out of control. Then Hunter returns... Forced to band together to find the terrorist before its too late, Hunter and Evie must learn to forgive or risk losing the promise of redemption and their lives...

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Can you handle the heat? Seven Best-Selling and Award-Winning romance authors have joined forces to bring you seven sizzling small-town romance stories guaranteed to have you desperate for a cool down! Heartbreak. This book describes contemporary clinical practice in the application of neurosurgical methods to the treatment of psychiatric disorders. It covers diverse topics such as neuroimaging, ethics and a historical review, Gamma Knife and High Frequency Ultrasound ablation, deep brain electrical stimulation and preoperative evaluation and postoperative follow-up. Its application in Obsessive Compulsive Disorder, Major Depression, Tourette syndrome, Addiction, Anorexia, Aggression and Schizophrenia

are discussed in separated chapters. This book presents concise information provided by clinical and academic practitioners and will facilitate the application of neurosurgical treatment techniques to patients.

From the mind of Ryukishi07, creator of classics such as Higurashi and Umineko, comes a heart-pounding, full-throttle Harem Royale! Kohinata Asunaro is your regular everyday high school student. He likes light novels, porn games, and fantasizing about the girls in his class. One day when walking home from school he inexplicably releases a demon from a sealed bottle. Her name is Zepafur, and she won't rest until her debt is repaid! "Now begins the Lovey Dovey Harem Royale!" cries the demon, weaving a most curious magic. As a result, Asunaro's regular high school life transforms into a love-comedy series of harem shenanigans, with four girls from his school all vying for his affection, wow! But... Unbeknownst to our dopey protagonist, the four girls are in the midst of a horrific survival game under threat of death and eternal torture. She who fails to capture Asunaro's heart will be confined to the depths of Hell and killed ad infinitum! Just who will survive? Who will thrive? And who will meet their demise?

I grew up near Verdana, California - the tourist town I now live in. It's the perfect small town with beaches, shops, and beautiful people. Verdana has just one imperfection though - it's a haven for motorcycle clubs. I knew when I was younger that I wanted to save Verdana from them. Make it a better place. Make it the place I always loved. I became an attorney and started putting the criminals behind bars, including the infamous club members. Somehow I lost my way. I can no longer decipher where the line I drew between right and wrong is - or if it even exists anymore. I'm muddling through a gray area, trying to figure out who I am and where I stand with the Ravens MC - the very same club I vowed to take down. Am I the same man I was when I started this vendetta or am I a few decisions away from becoming aligned with my enemy? "She could be my final undoing. That darkness that pulls me completely into the gray." *Griffin's Choice is book four in the Ravens MC Series, but can be read as a standalone novel. It has references to characters and events from the previous Ravens novels. It contains adult content, adult language, violence, and sexual situations. It is intended for mature readers only.*

From the #1 New York Times bestselling author of *The Wrath and the Dawn*, comes a sweeping, action-packed YA adventure set against the backdrop of Feudal Japan where *Mulan* meets *Throne of Glass*. The daughter of a prominent samurai, Mariko has long known her place—she may be an accomplished alchemist, whose cunning rivals that of her brother Kenshin, but because she is not a boy, her future has always been out of her hands. At just seventeen years old, Mariko is promised to Minamoto Raiden, the son of the emperor's favorite consort—a political marriage that will elevate her family's standing. But en route to the imperial city of Inako, Mariko narrowly escapes a bloody ambush by a dangerous gang of bandits known as the Black Clan, who she learns has been hired to kill her before she reaches the palace. Dressed as a peasant boy, Mariko sets out to infiltrate the Black Clan and track down those responsible for the target on her back. Once she's within their ranks, though, Mariko finds for the first time she's appreciated for her intellect and abilities. She even finds herself falling in love—a love that will force her to question everything she's ever known about her family, her purpose, and her deepest desires.

A story of how two African/Australian children started their own social enterprises to raise money for a dance show in Kenya in 2020. Illustrated by the children in the In2EdAfrica dance troop in Kenya.

Valentine's Day. Time for love, romance, flower, candy, and all the lovely-dovey, mushy, sappy love stories right? Wrong! 16 well-known authors bring you anything and everything besides the sweet typical heartwarming stories.

MVC and CRUD make software easier to write, but harder to change. Microservice-based architectures can help even the smallest of projects remain agile in the long term, but most tutorials meander in theory or completely miss the point of what it means to be microservice-based. Roll up your sleeves with real projects and learn the most important concepts of evented architectures. You'll have your own deployable, testable project and a direction for where to go next. Much ink has been spilled on the topic of microservices, but all of this writing fails to accurately identify what makes a system a monolith, define what microservices are, or give complete, practical examples, so you're probably left thinking they have nothing to offer you. You don't have to be at Google or Facebook scale to benefit from a microservice-based architecture. Microservices will keep even small and medium teams productive by keeping the pieces of your system focused and decoupled. Discover the basics of message-based architectures, render the same state in different shapes to fit the task at hand, and learn what it is that makes something a monolith (it has nothing to do with how many machines you deploy to). Conserve resources by performing background jobs with microservices. Deploy specialized microservices for registration, authentication, payment processing, e-mail, and more. Tune your services by defining appropriate service boundaries. Deploy your services effectively for continuous integration. Master debugging techniques that work across different services. You'll finish with a deployable system and skills you can apply to your current project. Add the responsiveness and flexibility of microservices to your project, no matter what the size or complexity. What You Need: While the principles of this book transcend programming language, the code examples are in Node.js because JavaScript, for better or worse, is widely read. You'll use PostgreSQL for data storage, so familiarity with it is a plus. The book does provide Docker images to make working with PostgreSQL a bit easier, but extensive Docker knowledge is not required.

Betrayal. When you're in a motorcycle club, you think this never happens. I'm a Ryker. We're supposed to be about family and loyalty. I've learned that sometimes club family can betray you deeper than anyone. Now that I know the truth...who can I trust? The woman who has saved my ass time and again or my own flesh and blood who wants me to help him bring down the very club I've been calling my family? Can I betray the Rykers knowing they turned their backs on me once? I call myself loyal...but that's not loyalty. I have a choice to make. Family or blood."Savages. That's exactly what we are. It's what I am."*Lincoln's Choice is book two in the Ravens MC series. It references characters and events from Raiden's Choice (A Ravens MC Novel: Book One) but can be read as a standalone novel. It includes adult content, adult language, violence, and sexual situations. It is intended for mature readers only.*

Brady...I have lived in Hollis my entire life. All of my memories are here. The good and the bad. I wouldn't change anything about this town. My life is carefree and I live it without regrets. Sure, I've made mistakes...some of them I see every day...but I wouldn't change those either. I'm just not meant to settle down. No woman will ever get the best of me. They're just lucky to get part of me. Lilly...I don't get the attraction about Hollis. Not at all...but it did bring Madden Steele here and his brothers followed suit. I at least have to give it a try...even if it's temporary. The Steele brothers wouldn't be here if it didn't hold some attraction...and I can admit there's definitely one good thing this town has going for it. For all I know, this town could change my life.** Besting Brady is book two in the Hearts of Hollis series co-written by Nicole Dykes and J.L. Leslie. It is written as a stand-alone novel. It is not necessary to read book one in this series. It contains adult content, language, and sexual situations. It is intended for mature readers only.**

It only comes once in a lifetime, that all consuming love-the kind that grips your heart and soul like a vice and never lets go. When that love is threatened; you'd do anything to protect the only good thing in your life, even if that means surrendering and letting it go. A lot can happen in ten years-heartbreak, devastation, loss. But when a chance encounter throws two broken souls

together again, will their pasts be too much to put behind them? Or will they be able to put all of their fears aside for one last chance at love?

I left home seven years ago, trying to pursue my dream. California was going to give me everything. Life. A career. Money. I had no idea how quickly a dream could turn into a nightmare. A motorcycle club is about family, trust and loyalty. Break that and you will have an enemy on your hands that you can't defeat. Run from it and you will be looking over your shoulder for the rest of your life. I broke it and I ran. I'm trying to start over. Trying to figure out who I am outside of that lifestyle, but does Katy McGuire even exist anymore? I can choose to get entangled in the motorcycle club my sister is in, be drawn back into the life I ran screaming from, or I can choose to forget that part of me ever existed. That part of me that feels comfortable in the nightmare. "I had a choice to make and I chose my heart." *Katy's Choice is book three in the Ravens MC Series, but can be read as a standalone novel. It has references to characters and events from Raiden's Choice (A Ravens MC Novel: Book One) and Lincoln's Choice (A Ravens MC Novel: Book Two). It contains adult content, adult language, violence, and sexual situations. It is intended for mature readers only.*

I had everything going for me. I was in a great relationship. I thought things were almost perfect there. Key word. Almost. Then he asked me to change things up a bit. Try something new. And I agreed. I never should've agreed. He promised things wouldn't change between us. It would make us stronger. Bring us closer. But for the past sixty days, I've been living a lie. I've been pretending to be someone I'm not. Pretending to be happy when I'm not. All for him. I can't do it anymore. I can't live like this. Sixty days is long enough. I want my life back. I want myself back. And I'm willing to change who I am to be happy again. I don't have to be the same old me anymore. I can become a different person. I can turn over a new leaf. I can try new things. I can even try someone new... (If you read 30 Days Morgan Family Series: Book One) then you had the pleasure of meeting Blake Morgan. This is her story. It's a standalone, full-length novel. This book contains mature language, adult content, and sexual situation. It's intended for mature audiences only.)

They say you can't go home again. Jared Crowe never wanted to. Home meant facing memories of abuse and neglect. Of dark closets and evil nightmares. Of his own relatives intent on killing him. But now his brother's kidnapping forces him to face those demons. Only this time, Jared isn't a scared little boy. He's a full-grown Special Forces operative bent on revenge. As a little girl, Sparrow Pickney risked her life to free two abused boys. As a grown woman Sparrow needs to earn a place in her adopted family's business or be forced into a life of degradation. The chance to prove her family loyalty comes when she catches Jared spying on the compound and captures him. When Jared sees his captor, he realizes she's the girl of his dreams and vows to rescue her from a life of poverty. What Jared doesn't know is Sparrow may not be the savior he remembers... but the one responsible for abducting and torturing his brother. Jared is determined to find the truth. But that truth may be more than his heart can take.

Philip Carlo's successful and acclaimed books reveal the truth about notorious characters such as LA serial killer Richard Ramirez, Mafia contract killer Richard Kuklinski and crime-family boss Anthony Casso. Working closely with the DEA, Carlo also wrote the definitive account of Bonanno Mafia family assassin Tommy 'Karate' Pitera. Carlo's investigative achievements were remarkable, but what wasn't known to his readers was that, while working on The Ice Man, he learned he had amyotrophic lateral sclerosis (ALS), a form of motor neuron disease. Suddenly, after years of penetrating the minds of killers, Carlo was himself being pursued by the grim reaper. But rather than lying down and succumbing to the disease, Carlo continued to work right up until his death in 2010. In The Killer Within, Carlo provides an intimate account of his relationships with Ramirez, Kuklinski and Casso and reveals intriguing information about writing his bestsellers while simultaneously coping with ALS as it slowly began to steal his life

away.

Retirement has never sat well with former Navajo Tribal Police Lieutenant Joe Leaphorn. Now the ghosts of a still-unsolved case are returning to haunt him, reawakened by a photograph in a magazine spread of a one-of-a-kind Navajo rug, a priceless work of woven art that was supposedly destroyed in a suspicious fire many years earlier. The rug, commemorating one of the darkest and most terrible chapters in American history, was always said to be cursed, and now the friend who brought it to Leaphorn's attention has mysteriously gone missing. With newly wedded officers Jim Chee and Bernie Manuelito just back from their honeymoon, the legendary ex-lawman is on his own to pick up the threads of a crime he'd once thought impossible to untangle. And they're leading him back into a world of lethal greed, shifting truths, and changing faces, where a cold-blooded killer still resides.

I was raised in a motorcycle club. I saw things no little girl should ever see. Did things no little girl should ever do. That was my life and I loved it. The Ravens taught me about family. Loyalty. Even loss. Now I live a different life. I'm no longer part of that family. I'm no longer part of the club. I live a life where I pretend to be the person I am. I put on a show for the world and I'm good at it. I've perfected it. At least I thought I had. It didn't take him long to see right through me. I have a choice to make. Keep playing pretend or finally be who I have always wanted to be. "When you're ready to stop hiding who you really are, come find me." **Raiden's Choice is the first book in the Ravens MC series. It is a standalone, full-length novel and is suitable only for mature readers. It includes adult content, adult language, sexual situations, drug abuse, violence, and talk of rape.**

This unstoppable publishing phenomenon was the inspiration behind one of the most successful horror movies of all time. A powerful presence has taken possession of the 12-year-old daughter of a film star. The ensuing battle between a doubt-ridden priest and the unspeakable horror within the girl is a classic war of good versus evil.

Everyone has a past. Kingsley Huxton is trying to move on from hers and repair her estranged relationship with her father. When her mother helps her get a job at her father's hotel business, she knows she finally has a shot. She can make him see she's changed. Earn his love and trust again. Easier said than done. Especially when she meets her sexy new co-worker, Paxton Rowe, and realizes he's the man who just kissed her senseless! Completely senseless. In fact, she's thought of his lips for days. When she walks into her father's office and finds out he's the CFO, it throws her for a loop. How can she focus on fixing things with her father when she can't get Paxton off her mind? Then Paxton seems to run hot and cold...playing mind games with her. They definitely have chemistry, but he's holding back. Kingsley realizes he has a few demons of his own. She must determine if he's worth the fight. Then when tragedy strikes, Kingsley has to battle the demons from her past and find out if she's strong enough win!

This book contains mature content, language, violence, drug abuse, and sexual situations. It is intended for mature readers only.

"I believe there is another man inside every man, a stranger . . ." writes Wilfred Leland James in the early pages of the riveting confession that makes up "1922," the first in this pitch-black quartet of mesmerizing tales from Stephen King. For James, that stranger is awakened when his wife, Arlette, proposes selling off the family homestead and moving to Omaha, setting in motion a gruesome train of murder and madness. In "Big Driver," a cozy-mystery writer named Tess encounters the stranger along a back road in Massachusetts when she takes a shortcut home after a book-club engagement. Violated and left for dead, Tess plots a revenge that will bring her face-to-face with another stranger: the one inside herself. "Fair Extension," the shortest of these tales, is

perhaps the nastiest and certainly the funniest. Making a deal with the devil not only saves Dave Streeter from a fatal cancer but provides rich recompense for a lifetime of resentment. When her husband of more than twenty years is away on one of his business trips, Darcy Anderson looks for batteries in the garage. Her toe knocks up against a box under a worktable and she discovers the stranger inside her husband. It's a horrifying discovery, rendered with bristling intensity, and it definitively ends a good marriage. Like *Different Seasons* and *Four Past Midnight*, which generated such enduring films as *The Shawshank Redemption* and *Stand by Me*, *Full Dark, No Stars* proves Stephen King a master of the long story form.

The darkest hour approaches... To recover the final fragment of the Sword of Life, you are forced to make an uneasy alliance with the exiled prince who seeks its twin, the Sword of Death. The next phase of your quest takes you through the alleyways of the city of Crescentium, where assassins lurk in the shadows and fanatic crusaders are vigilant to mete out punishment to any who break their harsh laws. But mortal foes are not your greatest threat. You must embark on a ship that voyages between worlds, face jinn and fire wizards, and contend against the still-powerful remnants of forgotten gods. In this land of sorcery, you will encounter terrors and wonders more fabulous than you have ever imagined - until your ultimate destination, the very shores of Life and Death, where you come face to face with your greatest foe. *Blood Sword* can be played either solo or in a team of up to four people, providing the most exciting challenge yet in fantasy adventures, combining the best of role-playing, novels and tabletop games. What reviewers say: "A lush and gorgeous campaign, one of the best I've played..." "Without exaggeration, the finest entry in the best 'ongoing story' gamebook series ever crafted..." "A grand adventure. Ends on an absolutely awesome cliffhanger that leaves you just gasping to read the fourth book in the series..."

I left home seven years ago, trying to pursue my dream. California was going to give me everything. Life. A career. Money. I had no idea how quickly a dream could turn into a nightmare. A motorcycle club is about family, trust and loyalty. Break that and you will have an enemy on your hands that you can't defeat. Run from it and you will be looking over your shoulder for the rest of your life. I broke it and I ran. I'm trying to start over. Trying to figure out who I am outside of that lifestyle, but does Katy McGuire even exist anymore? I can choose to get entangled in the motorcycle club my sister is in, be drawn back into the life I ran screaming from, or I can choose to forget that part of me ever existed. That part of me that feels comfortable in the nightmare. "I had a choice to make and I chose my heart." **Katy's Choice* is book three in the Ravens MC Series, but can be read as a standalone novel. It has references to characters and events from *Raiden's Choice (A Ravens MC Novel: Book One)* and *Lincoln's Choice (A Ravens MC Novel: Book Two)*. It contains adult content, adult language, violence, and sexual situations. It is intended for mature readers only.*

Love or Death? A simple question really. The choice seems obvious. But. What if you never knew love, what if your life was spent just trying to survive? What if you knew your fate before you were fully grown? And then you died. And you were given another chance. A better chance. This new life depended upon one thing: your job. And so you agreed. You thought it would be simple. You thought it would be cut and dry. It never is. And now you are left holding the fate of someone else in the palm of your hand and you have to make the ultimate choice. Love or Death?

Danger.Lust. Desire . . . Trust? STORM I'm headed back to the Blood Legion MC in New Orleans, my old stomping grounds. Guns. Thugs. Broads. Cocaine nightmares. A Mexican cartel, cracker coke runners, and now there's a new international threat in town. Blaize Carmichael is my only partner in this op. Blaize. As a biker babe. Jeeesus. I've had a bone for her from day one when she walked into headquarters-haughty, superior, and always in charge. There's a goddamn good chance we'll get made, played, and put in the grave as government-issue traitors. But I can't help it-I love to get rough, raw, dirty, and dominant with her. No more yes ma'am, no ma'am. Blaize is about to find out I don't always takes orders as issued. BLAIZE I can't stand the way Storm calls me woman or cher or sexy. As soon as we're back in DC, I'm going to wipe that infuriating wicked smirk right off his dangerously handsome face. I'm always prepared for every scenario. I've built my career on complete professionalism in and out of the field. But when Storm comes at me with wild animal lust-when he opens up to me-when he opens me up, I can't say no. I don't want to. We're in danger every single day we stay in NOLA. There is no way we can make it out alive. Not together. Not this time.

This book presents the two texts, Georgian and Armenian, in English translation for the first time. The Introduction and Commentary draw attention to the ways in which the unknown Armenian translator changed his original material in a pro-Armenian fashion. His rendering became the standard source for early Georgian history used by later Armenian historians. Based on a Navy SEAL's inspiring graduation speech, this #1 New York Times bestseller of powerful life lessons "should be read by every leader in America" (Wall Street Journal). If you want to change the world, start off by making your bed. On May 17, 2014, Admiral William H. McRaven addressed the graduating class of the University of Texas at Austin on their Commencement day. Taking inspiration from the university's slogan, "What starts here changes the world," he shared the ten principles he learned during Navy Seal training that helped him overcome challenges not only in his training and long Naval career, but also throughout his life; and he explained how anyone can use these basic lessons to change themselves-and the world-for the better. Admiral McRaven's original speech went viral with over 10 million views. Building on the core tenets laid out in his speech, McRaven now recounts tales from his own life and from those of people he encountered during his military service who dealt with hardship and made tough decisions with determination, compassion, honor, and courage. Told with great humility and optimism, this timeless book provides simple wisdom, practical advice, and words of encouragement that will inspire readers to achieve more, even in life's darkest moments. "Powerful." --USA Today "Full of captivating personal anecdotes from inside the national security vault." --Washington Post "Superb, smart, and succinct." --Forbes

Confession One: I was a klutz. I thought I'd grow out of it, but evidently I didn't. It's not fun to look like a fumbling toddler when you're twenty-six. Confession Two: I had a standing appointment at the local ER. It wasn't by choice that I knew all the doctors names—it was necessity. But that was about to change. Confession Three: I hated the sun yet I lived in LA where it always shone. I supposed that was one plus to being sent to New York for the next eight weeks. That was until I got there. Arm veins, dimples, and THE sexiest voice known to man were my weakness, and he had every single one of them. Confession Four: He was my new boss. I could control myself though, right? The city of dreams...a klutz's worst nightmare. Eight weeks. A klutz. And a drool worthy boss. What did you get when you crossed a klutz with a GQ model lookalike? I was about to find out.

Jade...I came to Hollis to leave my past. I couldn't get away fast enough. I made new friends and I found a new life. I even found love. Of course, there was heartbreak too, but I'm tough. I can handle it. But I don't know if I can handle him.Madden...She said yes and turned my world

upside down. She was supposed to be mine. Not his. Not my brother's. So I left and I haven't looked back. I never expected to find someone here who'd make me forget. Someone unexpected. Someone who would mark my heart forever.**Marking Madden is the first book in the Hearts of Hollis series co-written by Nicole Dykes and J.L. Leslie. It is written as a stand-alone novel. It contains adult content, language, and sexual situations. It is intended for mature readers only.**

In 1967, when Jerry Kramer was a thirty-one-year-old Green Bay Packers offensive lineman, in his tenth year with the team, he decided to keep a diary of the season. "Perhaps, by setting down my daily thoughts and observations," he wrote, "I'll be able to understand precisely what it is that draws me back to professional football." Working with the renowned journalist Dick Schaap, Kramer recorded his day-to-day experiences as a player with perception, honesty, humor, and startling sensitivity. Little did Kramer know that the 1967 season would be one of the most remarkable in the history of pro football, culminating with the legendary championship game against Dallas now known as the "Ice Bowl," in which Kramer would play a central role. Nor could he have anticipated that his diary would evolve into a book titled Instant Replay, first published in 1968, that would become a multimillion-copy bestseller and be celebrated by reviewers everywhere, including the Washington Post's Jonathan Yardley, who calls it "to this day, the best inside account of pro football, indeed the best book ever written about that sport and that league." This groundbreaking look inside the world of professional football is one of the first books ever to take readers into the locker room and reveal the inner workings of a professional sports franchise. From training camp, through the historic Ice Bowl, then into the locker room of Super Bowl II, Kramer provides a captivating player's perspective on pro football when the game was all blood, grit, and tears. He also offers a rare and insightful view of the team's storied leader, Coach Vince Lombardi. Bringing the book back into print for the first time in more than a decade, this new edition of Instant Replay retains the classic look of the original and includes a foreword by Jonathan Yardley and additional rarely seen photos from the celebrated "Lombardi era." As vivid and engaging as it was when it was first published, Instant Replay is an irreplaceable reminder of the glory days of pro football.

One of the greatest roleplaying games of all time comes back in a new edition designed for the 21st Century! Building on the previous editions of the game, the all new RuneQuest system has been developed under the watchful eyes of Messrs Stafford and Perrin, and has been subjected to the longest and most open playtesting period that any Mongoose game has been through. Released as a 100-page hardback book, priced at \$19.95, RuneQuest gives players all the core rules they need to begin playing - indeed, with the monsters included in this book, Games Masters can construct complete scenarios with this single tome.
