Book 1 of The Kindrily series. Leave it to Maryah Woodsen to break the one rule that will screw up eternity: Never erase your memories. Before entering this life, Maryah did the unthinkable—she erased. Now, at seventeen years old, she's clueless that her new adoptive family has known her for centuries, that they are perpetually reincarnated souls, and that they have supernatural abilities. Oh, and she's supposed to love (not despise) Nathan, the green-eyed daredevil who saved her life. Nathan is convinced his family's plan to spark Maryah's memory is hopeless, but his love for her is undying. After spending (and remembering) so many lifetimes together, being around an empty version of his soulmate is heart shattering. He hates acting like a stalker, but has no choice because the evil outcast who murdered Maryah in their last lifetime is still after her. While Maryah's hunter inches closer, she and Nathan make assumptions and hide secrets that rip them further apart. Maryah has to believe in the magic within her, Nathan must have faith in the power of their love, and both need to grasp onto the truth before they lose each other forever—and discover just how lonely eternity can be. Keywords: young adult, YA, teen, romance, YA romance, paranormal, fantasy, supernatural, series, saga, reincarnation, soul mates, love story, metaphysical, magic, superpowers, Kindrily, free, freebie

about "silences" - the astonishing neglect of gender and race in explanations of the Global Financial Crisis. But, it is also about "noises" - the sexual scandals and gendered austerity policies that have relegated public debate, and the crisis itself, into political oblivion. While feminist economists and movements such as Occupy Wall Street have pointed to the distributional inequalities that are an effect of financial deregulation, scholars haven't really grappled with the representational inequalities inherent in the way we view the politics of the market. For example, capitalism won't be made more equitable simply by appointing women to leadership positions within financial firms or corporations. And the next crisis will not be averted if our understandings of gendered inequalities are framed by sexual scandals in media and popular culture. We need to look at the activities and the privileges of the advantaged - the "TED women" of the crisis -- as much as the victimization of the disadvantaged - to fully grasp the interplay between gender and economy in this fragile age of restoration. Scandalous Economics breaks new ground by doing precisely this. It argues that normalization of the post-GFC economic order in the face of its obvious breakdown(s) has been facilitated by co-optation of feminist and queer perspectives into national and international responses to the crisis. Scandalous Economics builds upon the Occupy movement and other critical analysis of the GFC to comprehensively examine gendered material, ideational and representational dimensions that have served to make the crisis and its effects, 'the new normal' in Europe and America as well as Latin America

Chinese edition of The Likeness. Since Detective Cassie Maddox looks so much like the victim, she went undercover as the victim as a housemate to four students. This psychological suspense novel was a recommended book on amazon's 2008. In Traditional Chinese. Distributed by Tsai Fong Books, Inc.
