This Ancient Christian Texts volume, translated and edited by Gerald L. Bray, is the first of two that will offer a first English translation of the anonymous fourth-century commentary on the thirteen letters of Paul. Widely viewed as one of the finest pre-Reformation commentaries on the Pauline Epistles, this commentary, until the time of Erasmus, was attributed to Ambrose. It was Erasmus who gave the author the epithet Ambrosiaster ("Star of Ambrose"). Traditional Chinese edition of CATCH-22, the WWII novels by Joseph Heller. It was nominated for the 1962 National Book Award. The Modern Library ranked Catch-22 as the 7th (by review panel) and 12th (by public) greatest English language novel of the 20th century. Understanding your committee's expectations
Setting a realistic and timely schedule Building on these insights, this book is for anyone who needs help in preparing for, organizing, planning, scheduling, and writing the longest sustained writing project they have encountered, particularly if he or she is not receiving sufficient guidance about the process, but also for anyone looking to boost his or her writing productivity. The author uncovers much tacit knowledge, provides advice on working with dissertation advisors and committee members, presents proven techniques for the prewriting and writing stages of the dissertation, sets out a system for keeping on schedule, and advocates enlisting peer support. As Peg Boyle Single states, "my goal is quite simple and straightforward: for you to experience greater efficiency and enjoyment while writing. If you experience anxiety, blocking, impatience, perfectionism or procrastination when you write, then this system is for you. I want you to be able to complete your writing so that you can move on with the rest of your life." Few scholars, let alone graduate students, have been taught habits of writing fluency and productivity. The writing skills imparted by this book will not only help the reader through the dissertation writing process, but will serve her or him in whatever career she or he embarks on, given the paramount importance of written communication, especially in the academy.

This book presents a system of straightforward and proven techniques that are used by productive writers, and applies them to the dissertation process. In particular, it promotes the concept of writing networks – whether writing partners or groups – to ensure that writing does not become an isolated and tortured process, while not hiding the need for persistence and sustained effort. This book is intended for graduate students and their advisers in the social sciences, the humanities, and professional fields. It can further serve as a textbook for either informal writing groups led by students or for formal writing seminars offered by departments or graduate colleges. The techniques described will help new faculty advise their students more effectively and even achieve greater fluency in their own writing.

Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle. There has never been a greater need for raising the funds necessary to promote the causes that will help build a sustainable future. In *Money for the Cause: A Complete Guide to Event Fundraising*, veteran nonprofit executive director Rudolph A. Rosen lays out field-tested approaches that have been among those that helped him and the teams of volunteers and professionals he has worked with raise more than \$3 billion for environmental conservation. As Rosen explains, fundraising events can range from elite, black-tie affairs in large cities to basement banquets and backyard barbeques in small-town America. *Money for the Cause* runs the gamut, demonstrating methods adaptable to most situations and illustrating both basic and advanced techniques that can be duplicated by everyone from novice volunteers to experienced event planners. Each chapter begins with a pertinent, real-life anecdote and focuses on major areas of event fundraising: business plans and budgets, raffles and auctions, tax and liability matters, contract negotiation, games and prizes, site selection, food service, entertainment, publicity, mission promotion, food and drink service, and effective team building and use of volunteers. The author applies each topic to the widest possible range of events, providing practical detail and giving multiple examples to cover the differences in types of organizations and their fundraising activities. Whatever the
