Unpacking the Policy Cycle - Critical Issues in Comparative Media Regulation and Governance in Europe represents the continuation and further development of a long tradition of media policy books, focusing on the development of media structures and media policy within Europe. It provides a comprehensive overview of the current European media in a period of more or less disruptive transformation. It maps the full scope of contemporary media policy and industry activities while also assessing the impact of new technologies and radical changes in distribution and consumption on media practices, organisations and strategies. Dealing with a good selection of critical issues in comparative media policy, regulation and governance, the book combines a critical assessment of media systems with a thematic approach. It starts out with the state of affairs at the level of media platforms, approaching these from a functional perspective, i.e. opinion and debate, news provision and entertainment. The book is both an academic book and a text book, as well as a source providing good practices for steering media policy, international communication and the media landscape across Europe.

Selon les préceptes japonais les plus anciens sur les raffinements de la beauté et de la grâce, la sexualité et les fantasmes érotiques doivent rester des secrets bien gardés, des secrets interdits aux gaijin – aux étrangers. Pourtant, à quinze ans à peine, la jeune Américaine Kathlene Mallory va entrer dans le monde sensuel des geishas quand son père, afin de la protéger de la terrible menace qui pèse sur elle, décide de la mettre à l'abri derrière les hauts murs de la maison de thé du Look-Back Tree. Commence pour la jeune fille une savante initiation à l'art de donner du plaisir aux hommes, qui la conduira à l'ultime rituel des apprenties geishas : la vente de sa virginité. Mais celui qui réclame le droit de payer pour un tel honneur, le cruel baron Tonda, n'est pas l'homme pour lequel la jeune fille brûle d'un désir secret depuis longtemps. Pire, il est celui qui ruinera la maison de thé, et mettra la vie de Kathlene en danger, s'il n'obtient pas ce qu'il désire...

This book offers the first comprehensive study of recent, popular Italian television. Building on work in American television studies, audience and reception theory, and masculinity studies, Sympathetic Perpetrators and their Audiences on Italian Television examines how and why viewers are positioned to engage emotionally with—and root for—Italian television antiheroes. Italy's most popular exported series feature alluring and attractive criminal antiheroes, offer fictionalized accounts of historical events or figures, and highlight the routine violence of daily life in the mafia, the police force, and the political sphere. Renga argues that Italian broadcasters have made an international name for themselves by presenting dark and violent subjects in formats that are visually pleasurable and, for many across the globe, highly addictive. Taken as a whole, this book investigates what recent Italian perpetrator television can teach us about television audiences, and our viewing habits and preferences.
