Don't Shoot Yourself in the Foot Before You Even Open Your Mouth! The Writing Guide for Professional Speakers. Do you want to become a professional public speaker, someone who gets paid to speak in public about topics you are passionate about? If so, I've got good news and bad news. The bad news is that it's a crowded ole world out there-every Tom, Dick, and Harriet seem to be a "professional" speaker, armed with a book, a blog, and a boatload of subject-matter expertise. The good news is that only a few of these "professionals" can spell or even construct a correct sentence in American English. Look around! If you want to stand out, if you want to impress potential hosts, if you want to get hired again and again, then you have to recognize that your written words will probably be read before your spoken words are heard. In other words, your written words have to be flawless. In *Before You Even Open Your Mouth*, nine-time, award-winning author and public speaker Liz Coursen shares her expertise about how to write to impress. Liz speaks professionally 80-100 times each year, and part of her success, she believes, is the attention to detail she brings to every aspect of her speaking, including her promotional materials. "Punctuation and grammar is easy, and it's fun," she says. "And, since our writing is part of how people judge us, it's important for every professional speaker to know how to write well."

Have you ever lost out on a promotion? Struggled with a difficult conversation? Been put on the spot and blanked? Imagine if...
...you were better at persuading others and negotiating for what you want. ...you were more fluent at introducing yourself, making conversation, and following up. ...you were better at delivering feedback, receiving criticism, and using positive language. ...you were perceived as more diplomatic and charismatic. *Smart Talk* applies up-to-date communication research to everyday situations and gives smart, practical, step-by-step directions to achieve results. *Smart Talk* is no ordinary book—it's the Swiss Army Knife of communication—a comprehensive set of tools to build strong relationships and avoid communication breakdowns. With proven strategies and practical action plans, *Smart Talk* will help you resolve conflicts, strengthen your natural charisma, and master the art of persuasion. Never again will you dread a holiday party or be rendered speechless at a business meeting. Backed by solid research and written in an engaging narrative style with a warm sense of humor, communication expert Lisa B. Marshall translates her wealth of experience into practical, fresh advice to help you navigate any complex situation, and achieve professional success. This book provides a research-led guide to public speaking in English, using the foundations of applied linguistics research to analyse elements of spoken presentation, including content, form, persona and audience interaction. The author also introduces and analyses case studies of what she calls 'the New Oratory', examining such modern speaking formats as the three-minute-thesis presentation, the investor pitch and TED talks, making this book a cutting-edge exploration of how public speaking is conducted in an increasingly digitalised world. It provides essential advice for non-native English speakers and speakers of English as a Second Language (ESL) whose work or study requires them to present in English, but will also be of interest to students and scholars of applied linguistics and business communication. advice about overcoming the most pressing, relevant, and stress-provoking speaking issues non-native students face. Designed specifically for non-native English speakers, this book follows the traditional public speaking textbook format, but also offers students a sense of the larger community of non-native English speakers, such as LEP and ESL students, who face the same struggles, challenges, and concerns. Every chapter is infused with discussion about the relevant cultural and linguistic issues students are likely to face as well as concrete suggestions on how to address, compensate for, and/or overcome these difficulties. Specific exercises and activities (both within the chapter and at the end of each chapter) allow students to work on their own or in a class to improve their skills set. Additionally, the writing style, though easy to read, challenges the non-native English speaker without frustrating the reader. Features: "Considering Culture" boxes in every chapter investigate the similarities and differences in public speaking within various U.S. co-cultures and other cultures around the world, helping students find connections that go beyond language and aid in their understanding of public speaking. "Considering Language" marginal notes explore the connections between public speaking topics and other languages, enabling students to weave together their understanding of their native language with public speaking. "What Others Say" feature offers anecdotes, stories, quotations and quips from non-native public speaking students, expressing the distinctive challenges and experiences that affect the non-native English speaker and enabling students to see that they are a part of a unique community of speakers. "Hint" features within every chapter reveal quick tips for planning, preparing, putting together, and practicing speeches. "Try This" boxes in each chapter provide quick exercises and activities to reinforce the new content and allow students to put what they have learned into practice immediately.

Speaking with Spirit: A Guide for Christian Speakers was deemed "the most thorough treatment on the subject of public speaking I have ever seen" by Linus Wright, Former Under Secretary in the U.S. Department of Education. Vassallo published a former edition of this book in 1990, which was declared a "must for an excellent collection of books of this genre" by the American Library Association. Endorsements "This extraordinary piece of work is the most thorough treatment on the subject of public speaking I have ever seen. Speaking with Spirit is full of factual information organized in easily recognizable categories. I was particularly gratified to find not only a catalog of possible openings for different types of speeches but also an example of each taken from a successful presentation. When you have finished Wanda's book, you will regard speaking before an audience as something to anticipate with confidence and optimism." —LINUS WRIGHT, Former Under Secretary, U.S. Department of Education, and Dallas Schools Superintendent "At last! A public speaking book written especially for Christian speakers. Wanda's book will serve as a trusted guide for the novice speaker as well as a valuable reference for the experienced speaker cast onto unfamiliar turf, such as

appearing on television for the first time. Her examples of different genres of speeches, tailor-made for Christian audiences, provide a treasure trove of proven material.” —MAMIE MCCULLOUGH, Motivational Speaker and Author “I am so pleased that Wanda has written another book on speaking. Her previous book on the subject proved to be very popular at our conferences. We sold several hundred copies. Wanda has spoken at our conferences over the years and has always been a favorite among our people. I know this book will be well received. I am eager to begin offering it to our conference attendees.” —REG A. FORDER, Director of American Christian Writers “This book by Wanda Vassallo will be much appreciated and used by pastors and leaders in Christian churches, as well as by speakers in other contexts. Having served as a pastor for 28 years, as well as being a theological educator and a denominational executive, I am called on to speak in a variety of settings. Based on my experiences, I know that Wanda's book will be a priceless resource for the Christian leader. I recommend it without reservation.” —REV. RONALD E. VALLET, D. Min., Author, Adjunct Professor, McMaster Divinity College; Pastor, Fredonia Baptist Church, Fredonia, N.Y.; Minister for Stewardship and Mission Support, American Baptist Churches of New York “I taught Communications in a Christian University for many years and often used Jesus Christ as an example of the greatest of the communicators. Naturally, I directed my students to scriptures that verified that fact, but I never had a complete scriptural reference to Christ's sermons, teachings, speeches, and arguments. Now, Wanda Vassallo has included in her first-rate public speaking textbook, a chapter on “Jesus as a Speaker—Our Example!” This is a true blessing for the Christian speech teacher. It's all there in Dr. Vassallo's book—all the scripture references, the interpretations of those scriptures, and the speech “techniques” of Christ! It's all there in a textbook that goes on to tell the student and the teacher how best to present oneself before an audience. It's all there in one volume—a complete course in public speaking. A text like this with Jesus as the master speaker has long been needed. Now, it's available. Our prayers have been answered. Thank you, Dr. Wanda Vassallo!” —DR. ROSE-MARY RUMBLEY, University Professor, Professional Speaker, and Author
