

disciplinary literacy practices. This essential reference book supports student success through the integration of digital storytelling across content areas and grade levels. Covering topics that include immersive storytelling, multiliteracies, social justice, and pedagogical storytelling, it is intended for stakeholders interested in innovative K-12 disciplinary literacy skill development, research, and practices including but not limited to curriculum directors, education faculty, educational researchers, instructional facilitators, literacy professionals, teachers, pre-service teachers, professional development coordinators, teacher preparation programs, and students.

A one-stop source for scholars and advanced students who want to get the latest and best overview and discussion of how organizations use rhetoric While the disciplinary study of rhetoric is alive and well, there has been curiously little specific interest in the rhetoric of organizations. This book seeks to remedy that omission. It presents a research collection created by the insights of leading scholars on rhetoric and organizations while discussing state-of-the-art insights from disciplines that have and will continue to use rhetoric. Beginning with an introduction to the topic, *The Handbook of Organizational Rhetoric and Communication* offers coverage of the foundations and macro-contexts of rhetoric—as well as its use in organizational communication, public relations, marketing, management and organization theory. It then looks at intellectual and moral foundations without which rhetoric could not have occurred, discussing key concepts in rhetorical theory. The book then goes on to analyze the processes of rhetoric and the challenges and strategies involved. A section is also devoted to discussing rhetorical areas or genres—namely contextual application of rhetoric and the challenges that arise, such as strategic issues for management and corporate social responsibility. The final part seeks to answer questions about the book's contribution to the understanding of organizational rhetoric. It also examines what perspectives are lacking, and what the future might hold for the study of organizational rhetoric. Examines the advantages and perils of organizations that seek to project their voices in order to shape society to their benefits Contains chapters working in the tradition of rhetorical criticism that ask whether organizations' rhetorical strategies have fulfilled their organizational and societal value Discusses the importance of obvious, traditional, nuanced, and critically valued strategies such as rhetorical interaction in ways that benefit discourse Explores the potential, risks, paradoxes, and requirements of engagement Reflects the views of a team of scholars from across the globe Features contributions from organization-centered fields such as organizational communication, public relations, marketing, management, and organization theory *The Handbook of Organizational Rhetoric and Communication* will be an ideal resource for advanced undergraduate students, graduate students, and scholars studying organizational communications, public relations, management, and rhetoric.

Via 100 entries or "mini-chapters," the SAGE 21st Century Reference Series volumes on Communication will highlight the most important topics, issues, questions, and debates any student obtaining a degree in the field of communication ought to have mastered for effectiveness in the 21st Century. The purpose is to provide undergraduate majors with an authoritative reference source that will serve their research needs with more detailed information than encyclopedia entries but not as much jargon, detail or density as a journal article or a research handbook chapter.

Packed with real-life illustrations and practical applications, *AGRICULTURAL COMMUNICATIONS IN ACTION: A HANDS-ON APPROACH* helps students become better equipped as effective communicators. With a high degree of correlation to the AFNR Standards, this exciting First Edition is focused specifically on skills-building and communication concepts. It helps students understand the broad methods utilized in communication--whether it be in journalism, through social media, or in other outlets. With the text's breadth and depth of coverage, students can master communications development concepts quickly and then immediately put them into action. Current communication trends are integrated throughout this practical, how-to text. It also includes insight from real professionals in various agriculture-related industries, illustrating how they tackle communication issues and problems. Communications skills are critical to student success in high school, college, and their careers. By learning and applying the contents of this book, students will be better able to communicate the importance of agriculture to the world around them. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The ability to read and evaluate multimedia content is a large part of the Common Core Standards for Reading. This comprehensive volume helps give students and readers the tools they need to study multimedia content more effectively, leading to better grades and greater success in high school, college, and a career. It includes excerpts of writing and quiz questions that allow readers to study and evaluate their work at a comfortable pace and then check their answers in the supplied bonus information.

This book is the first comprehensive and state-of-the-art review of the relationship between executive function skills and writing. It explores its role across the lifespan, addressing all groups of writers, from children and those with learning and language difficulties, to adults and elders.

*Public Relations: A Values-Driven Approach, Cases Edition*, adds 24 timely and exciting cases to the authors' successful introductory book, engaging the reader in the practice of public relations. Maintaining the intriguing and effective features of *Public Relations: A Values-Driven Approach*, the Cases Edition offers case studies with discussion questions to convey the excitement and challenges of real-world public relations. Mixing positive examples with public relations activities gone awry, the authors have developed eight brand-new case studies and updated cases from previous editions of *Public Relations: A Values-Driven Approach* proven to help the reader gain an understanding of the industry. An online Instructor's Manual provides answers to the thought-provoking discussion questions. In a time when society is holding individuals and organizations to high standards of conduct, *Public Relations: A Values-Driven Approach, Cases Edition*, teaches the reader how to build ethical, productive relationships with strategic constituencies. Steeped in the traditions and theories of public relations, the book features an engaging, informal tone. It abounds with lively anecdotes and comes in at a reasonable price for students.
