Daily, modern media documents the educational crisis society is facing. Every day over 7,000 school-age teenagers decides to become high-school dropouts. Shockingly, in America, where public education is free over 1,300,000 struggling students annually fail to complete their high school education. Education is rapidly deteriorating. Therefore, questions are asked in the media. Blame is placed on teachers, students, parents, community and economics, but solutions are few. Don't Count Me Out, contains two books within one book. Book 1 details informational secrets and strategies to help children or teenager reach their highest scholastic potential. Book 2 takes the reader from Pre-K to 12th and early college years detailing in-depth scholastic solutions to make academic success possible for those who struggle in one or all subjects areas. Within the pages are years of proven educational secrets and solutions that have transformed children and teenagers into academic winners and achievers.

Eureka Math is a comprehensive, content-rich PreK–12 curriculum that follows the focus and coherence of the Common Core State Standards in Mathematics (CCSSM) and carefully sequences the mathematical progressions into expertly crafted instructional modules. The companion Study Guides to Eureka Math gather the key components of the curriculum for each grade into a single location, unpacking the standards in detail so that both users and non-users of Eureka Math can benefit equally from the content presented. Each of the Eureka Math Curriculum Study Guides includes narratives that provide educators with an overview of what students should be learning throughout the year, information on alignment to the instructional shifts and the standards, design of curricular components, approaches to differentiated instruction, and descriptions of mathematical models. The Study Guides can serve as either a self-study professional development resource or as the basis for a deep group study of the standards for a particular grade. For teachers who are new to the classroom or the standards, the Study Guides introduce them not only to Eureka Math but also to the content of the grade level in a way they will find manageable and useful. Teachers familiar with the Eureka Math curriculum will also find this resource valuable as it allows for a meaningful study of the grade level content in a way that highlights the coherence between modules and topics. The Study Guides allow teachers to obtain a firm grasp on what it is that students should

master during the year. The Eureka Math Curriculum Study Guide, Grade 8 provides an overview of all of the Grade 8 modules, including Integer Exponents and Scientific Notation; The Concept of Congruence; Similarity; Linear Equations; Examples of Functions from Geometry; Linear Functions; Introduction to Irrational Numbers Using Geometry. The Smart Edition PSAT 8/9 study guide for the Preliminary Scholastic Aptitude Test offers complete subject review with 4 full practice tests both in the book + online containing 900 realistic test questions PLUS online flashcards
